**Transitional Justice and Civil Society in the Balkans** Olivera Simić,Zala Volčič,2012-11-19 Transitional Justice and Civil Society in the Balkans covers civil society engagements with transitional justice processes in the Balkans. The Balkans are a region marked by the post-communist and post-conflict transitional turmoil through which its countries are going through. This volume is intended to provide a comprehensive introduction to research in transitional justice in this part of the world, mostly written by local scholars. Transitional justice is ever-growing field which responds to dilemmas over how successor regimes should deal with past human rights abuses of their authoritarian predecessors. The editors and author emphasize the relatively unexplored and under-researched role of civil society groups and social movements, such as local women’s groups, the role of art and community media and other grass-roots transitional justice mechanisms and initiatives. Through specific case-studies, the unique contribution of this volume is not only that it covers a part of the world that is not adequately represented in transitional justice field, but also that the volume is the first project originally researched and written by experts and scholars from the region or in collaboration with international scholars.

**CMOK to YOu To: A Correspondence** Marc James Léger,Nina Zivancevic,2016 CMOK to YOu To presents the 2015 email correspondence of the Serbian-born poet, art critic and playwright Nina Zivančević and Canadian cultural theorist Marc James Léger. In December of 2014 Léger invited Zivančević to contribute a text to the second volume of the book he was editing, The Idea of the Avant Garde - And What It Means Today. Taken with each other's idiosyncrasies, their correspondence gradually shifted from amiable professional exchanges and the eventual failure to organize a scholarly event to that of collaborating on some kind of writing project. Several titles were attempted for the eventual book - Marshmallow Muse: The Exact and Irreverent Letters of MJL and NZ, The Orange Jelly Bean, or, I Already Am Eating from the Trash Can All the Time: The Name of This Trash Can Is Ideology, The Secreted Correspondence of Mme Chatelet and Voltaire, and I'm Taken: The E-Pistolary Poetry of Kit le Minx and Cad - but none of these proved to be more telling than CMOK, the Serbian word for kiss, which sums up the authors' quest for harmony in an altogether imperfect world and literary medium. In this book, names of real people were changed in order to protect those who might otherwise be offended by the unguarded and absurdist commentary of its authors. Despite this fact, it is the fragility and elasticity of the writers' superegos that is tested as they vacillate from personal registers to intellectual strata. At once a cis-avant-gardist's exploration of anti-art and a poet's claim to some weak form of autonomy, CMOK delights in both the pleasures of casual email and the sublime realizations of Jacques Lacan's theory of sexuation. CMOK is a hybrid genre and a quest into the real of virtuality that defies the literary standards. Its authors, who never met, answer one another's basic needs and questions, separated as they are by time zones and the ocean, but not culturally or spiritually.

It discusses the Gold Standard Frameworks for integrating extra-financial risks into the philosophy, culture, strategies, products and value chain management procedures of investment and banking and highlights the current emergence of global administrative law. New emerging topics like positive impact investing and finance, climate friendly markets, human rights, the enhanced role of fiduciary duties and shared values are approached with a lot of examples for practical application. Steps towards a new banking culture, a new climate for double loop learning and sustainable financial innovation are outlined and the additional benefits of robust stakeholder engagement explained. The anthology paves the way from robust impact and risk management to positive impact creation and a new investment culture. As well, challenges for the implementation and ways to overcome them are broadly discussed. The book is rooted in the fact that institutions and investors which fail to professionally integrate the management of extra-financial risk into their whole lending and investment chain and fail to move to positive impact creation may well loose positions and mandates and finally the trust of their clients, partners and stakeholders. **The Propagandists' Playbook** Francesca Bolla Tripodi,2022-08-16 An examination of what algorithmic polarization means for society and how conservative elites use media literacy tactics to spread propaganda The Propagandists’ Playbook peels back the layers of the right-wing media manipulation machine to reveal why its strategies are so effective and pervasive, while also humanizing the people whose worldviews and media practices conservatism embodies. Based on interviews and ethnographic observations of two Republican groups over the course of the 2018 Virginia gubernatorial race—including the author’s firsthand experience of the 2017 Unite the Right rally—the book considers how Google algorithms, YouTube playlists, pundits, and politicians can manipulate audiences, reaffirm beliefs, and expose audiences to more extremist ideas, blurring the lines between reality and fiction. Francesca Tripodi argues that conservatives who embody the Christian worldview give authoritative weight to original texts and interrogate the media using the same tools taught to them in Bible study—for example, using Google to “fact check” the news. The result of this practice, tied to conservative marketing tactics, is more than a reaffirmation of existing beliefs: it is a radicalization of content and a changing of narratives adopted by the media. Tripodi also demonstrates the pervasiveness of white supremacy in the conservative media ecosystem, as well as its mainstream appeal, scope, and spread.
