The Lifestyle Puzzle Henrick Vejlggaard,2010-07-27 The author describes the emergence of a radically new type of tribalism, one based not on the fixity of age-old ethnic tradition but on the fluidity of diverse lifestyle choices being made by contemporary individuals. --Stephen Bertman, PhD, author of Hyperculture and Cultural Amnesia American society is more diverse than ever. A country that used to think of itself as the great melting pot may soon be calling itself the great lifestyle buffet. With increasing affluence, more and more Americans are in a position to choose whatever lifestyle most appeals to them. The result is that the national landscape has become an intricate mosaic of varying styles, self-expressions, and ways of life. Even the distinction between majority and minority is starting to blur. Is there any pattern to this ever-shifting kaleidoscope of identities? Social scientist and communications specialist Henrik Vejlggaard puts the pieces together into a coherent picture in this fascinating study of American diversity. Applying the astute pattern-recognition skills that he demonstrated in his previous book, the critically acclaimed Anatomy of a Trend, Vejlggaard examines how we transform our identities into practical everyday living-into our lifestyle. Going beyond the usual markers of identity-race, ethnicity, religion, political affiliation, income level, etc-he focuses on modes of communicating group identity nonverbally through consumer choices, clothing fashions, personal color choices, adornments, accessories, logos, signs, and symbols. Curiously, what emerges from his analysis is a pattern as ancient as human culture itself-a new form of tribalism. He foresees this trend continuing so that by the end of the twenty-first century there will be less identification with nation-states and ethnic groups and more small-group identification. As globalization and mass communication continue to link us together, we may all become so used to diversity that the idea of conflict based on national identity distinctions may seem antiquated. A book of remarkable insights, The Lifestyle Puzzle will have great appeal to readers interested in popular culture, social change, and consumer tastes. Henrik Vejlggaard, M.A., M.Sc. (Copenhagen, Denmark), is the author of Anatomy of a Trend, the groundbreaking book about how changes in style and taste take place. Combining a background of social science and communication, he is a master of recognizing patterns where others see only chaos. He has lectured on lifestyle and trend sociology at the University of Copenhagen and the University of Aarhus, both in Denmark. Anatomy of a Trend has been published in more than thirty countries and translated into, among other languages, Chinese, Korean, Spanish, and Italian. Previously he has written three books in Danish on lifestyle and trend sociology. Visit Henrik Vejlggaard online at www.henrikvejlggaard.com.

The History of Surfing Matt Warshaw,2011-04-29 This in-depth, photo-packed look at the history and culture of surfers is “meticulously researched, smartly written . . . required reading” (Outside Magazine). Matt Warshaw knows more about surfing than any other person on the planet. After five years of research and writing, Warshaw, a former professional surfer and editor of Surfing magazine, has crafted an unprecedented, definitive history of the sport and the culture it has spawned. With more than 250 rare photographs, The History of Surfing reveals and defines this sport with a voice that is authoritative, funny, and wholly original. The obsessive nature of Warshaw’s endeavor is matched only by the obsessive nature of surfers, who are brought to life in this book in many tales of daring, innovation, athletic achievement, and the offbeat personalities who have made surfing history happen. “The world’s most comprehensive chronicler of the surfing scene.” —Andy Martin, The Independent

Surfing Tropical Beats Sam Bleakley,J. S. Callahan,2012 Sam Bleakley and the surf EXPLORE team take us on a roller coaster ride through Gabon, India, Vietnam, Algeria, China and Haiti, drumming up a tropical beat. Combining 'Deep Travel', John Callahan's incredible photography and Sam's performance writing, they capture the spirit of these turbulent coast scapes, blood racing, running on salt water fuel. The wide belt around the Equator - the tropics - has become an alluring path for travel, but a region often steeped in war and environmental disasters. Sam and surf EXPLORE go off the regular route, carving a niche, collaborating with locals, documenting the occasion poetically and with precision. Where 'waves transform from green glass to white foam, the surfboard is the frozen double of that transition - a rainbow bridge that allows you to step in the blink of an eye from inertia to adrenaline-fuelled ecstasy to the fear of the water-wrestling hold-down.' The paradoxical red hot and cool blue of surfing, and the often icy logic of preparation for challenging travel, form a matrix from which springs a distinctive kind of writing as performance. By turns, surf EXPLORE gather their wits at the cross roads where 'lovers part and souls get taken by the lost high way, lured down the wrong route.'

Clark Little Clark Little,2022-04-05 Instagram sensation Clark Little shares his most remarkable photographs from inside the breaking wave, with a foreword by world surfing champion Kelly Slater. “One of the world’s most amazing water photographers . . . Now we get to experience up-close these moments of bliss.”—Jack Johnson, musician and environmentalist Surfer and photographer Clark Little creates deceptively peaceful pictures of waves by placing himself under the deadly lip as it is about to hit the sand. Clark's view is a rare and dangerous perspective of waves from the inside out. Thanks to his uncanny ability to get the perfect shot--and live to share it--Little has garnered a devout audience, been the subject of award-winning documentaries, and become one of the world's most recognizable wave photographers. Clark Little: The Art of Waves compiles over 150 of his images, including crystalline breaking waves, the diverse marine life of Hawaii, and mind-blowing aerial photography. This collection features his most beloved pictures, as well as work that has never been published in book form, with Little's stories and insights throughout. Journalist Jamie Brisick contributes essays on how Clark gets the shot, how waves are created, swimming with sharks, and more. With a foreword by eleven-time world surfing champion Kelly Slater and an afterword by the author on his photographic practice and technique, Clark Little: The Art of Waves offers a rare view of the wave for us to enjoy from the safety of land.

Surfing Summers James Connor,2011-05-12 Turk and Kenny are best of friends who only meet up in the summer in Seagrove. Their families own second homes at the shore. Just fourteen, they are ready this summer to graduate from riding the ocean waves on their inflatable, rubber rafts to the real thing: surfboard riding! They have also arrived at a certain age when girls sunbathing on the beach have become a slight distraction, but hands down, their passion is surfing. They fashion a deal with an older beachboy, Frank, whose job is setting up umbrellas and beach chairs on Moonlight Beach, where bonfires dot the shoreline at night. Turk and Kenny agree to set up Frank’s umbrella and beach chair rentals every morning, and take them down in late afternoon, in return for the use of two surfboards as the sun is rising each morning. A sign out in front of Frank’s tent reads, “SURFBOARDS FOR RENT.” Negotiations by the two young businessmen proceed, and the deal is struck. A whole exciting, new chapter opens in the boys’ lives, one they must keep secret from their parents. The prior summer, three surfers have drowned in Seagrove, and the boys’ parents have forbidden them to surf until they are sixteen. For young readers, ages 10-15.
