*China* Alan Samagalski,Robert Strauss,Michael Buckley,1988 Since China opened its doors to westerners a few years ago, it has seen an enormous growth in individual travel. This book is the recognized authority for independent explorers of the People's Republic.

Report on the Development of Cruise Industry in China (2019) Hong Wang,2020-06-04 The book focuses more on the study of cruise economy industry chain based on the previous editions and the latest trend of China's cruise economy. It includes the Special Topic: Cruise Economic Reform and Innovation in the New Era, explores Asia cruise economic prosperity index, China's cruise economy whole-industry-chain strategy in the new era, and the development of cruise destinations in the context of the Yangtze River Delta integration. The volume provides a good reference for better promoting the high-quality development of China's cruise market.

China for the Tourist China. Jiao tong bu,1922

*Touring China* Yajun Mo,2021-12-15 In Touring China, Yajun Mo explores how early twentieth century Chinese sightseers described the destinations that they visited, and how their travel accounts gave Chinese readers a means to imagine their vast country. The roots of China's tourism market stretch back over a hundred years, when railroad and steamship networks expanded into the coastal regions. Tourism-related businesses and publications flourished in urban centers while scientific exploration, investigative journalism, and wartime travel propelled many Chinese from the eastern seaboard to its peripheries. Mo considers not only accounts of overseas travel and voyages across borderlands, but also trips within China. On the one hand, via travel and travel writing, the unity of China's coastal regions, inland provinces, and western frontiers was experienced and reinforced. On the other, travel literature revealed a persistent tension between the aspiration for national unity and the anxiety that China might fall apart. Touring China tells a fascinating story about the physical and intellectual routes people took on various journeys, against the backdrop of the transition from Chinese empire to nation-state.

Qingdao 青岛,2007

**Touring China** Yajun Mo,2021 Charts the development of domestic tourism and the maturation of a nationalist travel culture in the first half of the twentieth century. Drawing on a wide range of sources including unpublished business archives, organization newsletters, bulletins from transportation companies, popular newspapers and magazines, and guidebooks, this book puts tourism and popular travel culture at the center of China's transition from empire to nation-state--

*Three Tigers, One Mountain* Michael Booth,2020-04-14 From the author of The Almost Nearly Perfect People, a lively tour through Japan, Korea, and China, exploring the intertwined cultures and often fraught history of these neighboring countries. There is an ancient Chinese proverb that states, "Two tigers cannot share the same mountain." However, in East Asia, there are three tigers on that mountain: China, Japan, and Korea, and they have a long history of turmoil and tension with each other. In his latest entertaining and thought provoking narrative travelogue, Michael Booth sets out to discover how deep, really, is the enmity between these three "tiger" nations, and what prevents them from making peace. Currently China's economic power continues to grow, Japan is becoming more militaristic, and Korea struggles to reconcile its westernized south with the dictatorial Communist north. Booth, long fascinated with the region, travels by car, ferry, train, and foot, experiencing the people and culture of these nations up close. No matter where he goes, the burden of history, and the memory of past atrocities, continues to overshadow present relationships. Ultimately, Booth seeks a way forward for these closely intertwined, neighboring nations. An enlightening, entertaining and sometimes sobering journey through China, Japan, and Korea, Three Tigers, One Mountain is an intimate and in-depth look at some of the world's most powerful and important countries.

*Empires of Coal* Shellen Xiao Wu,2015-04-22 From 1868-1872, German geologist Ferdinand von Richthofen went on an expedition to China. His reports on what he found there would transform Western interest in China from the land of porcelain and tea to a repository of immense coal reserves. By the 1890s, European and American powers and the Qing state and local elites battled for control over the rights to these valuable mineral deposits. As coal went from a useful commodity to the essential fuel of industrialization, this vast natural resource would prove integral to the struggle for political control of China. Geology served both as the handmaiden to European

imperialism and the rallying point of Chinese resistance to Western encroachment. In the late nineteenth century both foreign powers and the Chinese viewed control over mineral resources as the key to modernization and industrialization. When the first China Geological Survey began work in the 1910s, conceptions of natural resources had already shifted, and the Qing state expanded its control over mining rights, setting the precedent for the subsequent Republican and People's Republic of China regimes. In Empires of Coal, Shellen Xiao Wu argues that the changes specific to the late Qing were part of global trends in the nineteenth century, when the rise of science and industrialization destabilized global systems and caused widespread unrest and the toppling of ruling regimes around the world.

**Travel Holiday** ,1981-07

**The China Strategy** Edward Tse,2010-03-23 No major enterprise or financial institution can avoid doing business with China -- if not directly, then through myriad hidden connections. Global businesses either use Chinese resources or sell to and in China or compete with companies that do. Because there's no avoiding China, business leaders need a framework that orders the different (and seemingly contradictory) streams of data that hint at its future. That framework is The China Strategy. In this invaluable book, Edward Tse explains the ever-changing nature of China's business environment, its increasingly complex relationship with the rest of the world, and the global business implications -- not just for our current environment but for the next decade. Change, Tse argues, is taking place in non-linearly. Some dimensions (like Chinese entrepreneurship) are expanding exponentially, while others (like the value of China's labor arbitrage) may be reaching a plateau. Eschewing easy explanations, Tse shows how to build and execute a global business strategy in light of these changes, offering practical advice amidst a sea of simple books that offer too-quick solutions. In a world in which a successful business strategy means a successful China strategy, this book is uniquely positioned to help business leaders navigate the &country that cannot be ignored.

**Official Guidebook to China** China National Travel Services,1984-01-01

**The China Guidebook** ,1984

*China* Sam Spector,2015-11-04 Discover the best parts of the must-see cities in China. Learn the top sights and attractions before you travel with this comprehensive guide. Planning a trip to China? Congratulations! If you're considering anything from a short stay to a long trip, China will provide you with some of the most amazing sights and scenes to be found anywhere. You'll fall in love with China's diverse culture, ancient history and unique landscapes. But are you prepared? To get the most out of your Chinese adventure, you must be well prepared and have some basic knowledge about the country: where to go, what to see and what to do! If you enter China unprepared and unaware of the many treasures to be discovered and enjoyed, you will not be able to enjoy it to its fullest. Without the knowledge of exactly what every must-see city has to offer, you will ultimately waste your valuable vacation time planning your next steps instead of discovering exciting, new sights. In this China Travel Guide I will give you the best tips and advice that will enable you to get through your Chinese adventure smoothly, and help you to enjoy it to the fullest! I'll provide you with the essential sights and attractions for all of China's major cities, so that you don't have to waste any of your own time finding out what each city has to offer! You'll have the most concise, valuable China Travel Guide - the country's sights, culture and attractions - at your fingertips every step of the way. So what are you waiting for? Take action now and enjoy the trip of a lifetime!
