Designing Learning for Tablet Classrooms Donovan R.

Walling,2014-02-04 The versatile, cost-effective technology of the tablet computer has proved to be a good fit with the learning capabilities of today's students. Not surprisingly, in more and more classrooms, the tablet has replaced not only traditional print materials but the desktop computer and the laptop as well.

Designing Instruction for Tablet Classrooms makes sense of this transition, clearly showing not just how and why tablet-based learning works, but how it is likely to evolve. Written for the non-technical reader, it balances elegant theoretical background with practical applications suitable to learning environments from kindergarten through college. A wealth of specialized topics ranges from course management and troubleshooting to creating and customizing etextbooks, from tablet use in early and remedial reading to the pros and cons of virtual field trips. And for maximum usefulness, early chapters are organized to spotlight core skills needed to negotiate the new design frontier, including: Framing the learning design approach. Analyzing the learning environment. Designing learning that capitalizes on tablet technology. Developing activities that match learning needs. Implementing the learning design. Conducting evaluations before, during, and after. This is proactive reading befitting a future of exciting developments in educational technology. For researchers and practitioners in this and allied fields, Designing Instruction for Tablet Classrooms offers limitless opportunities to think outside the box.

Taking Your iPad to the Max, iOS 5 Edition Erica

Sadun,Michael Grothaus,2012-03-20 Taking Your iPad to the Max, iOS 5 Edition is written so that anyone can quickly get up to speed on Apple's latest hit. As bloggers at The Unofficial Apple Weblog (TUAW.com), the authors have the happy privilege of working with Apple products every day, and they'll guide you through all of the perks of being an iPad owner with access to all

the new and amazing features in iOS 5. This book takes you from selecting and buying an iPad, to connecting it to the Internet, to using the incredible power of the iPad and all its apps to enhance your life. Whether you're using your iPad to surf the Internet, admire or edit family photos, listen to music, watch movies, create or edit movies, or read a book, this book will help guide you. Discover how your iPad can be a virtual shopping mall, opening the door to purchases of music, books, videos, and movies. This book will help you organize your daily life through the use of Calendar, Notes, and Contacts, communicate with friends and colleagues with Mail, and find your way with Maps. You'll also learn how get the most out of your iPad's two cameras, and you'll learn how iCloud keeps all of your documents and photos in sync across all your Apple devices. You'll also learn about great new iOS 5 features like Reminders, Notification Center, iMessage, Newsstand, and PC-Free updates. Taking Your iPad to the Max, iOS 5 Edition introduces the essentials of using your iPad for recreation, travel, and work—and includes the basics of Apple's iWork suite for iPad. Learn to create business or personal documents with Pages, make professional presentations with Keynote, and keep data and finances under control with Numbers. You'll also learn how to use iLife's suite of apps, including iPhoto, iMovie, and GarageBand on the iPad. No matter how you use your iPad, Taking Your iPad to the Max, iOS 5 Edition will show you how to make the most of it.

Taking Your iPad 2 to the Max Erica Sadun, Michael Grothaus, Steve Sande, 2011-08-04 iPad 2: It looks different. It acts different. It connects to the world, yet it is as personal as a well-worn book. And now it has two cameras! Taking Your iPad 2 to the Max is written so that anyone can quickly get up to speed on Apple's latest hit. As bloggers at The Unofficial Apple Weblog (TUAW.com), the authors have the happy privilege of working with Apple products every day, and they'll guide you through all of the perks of being an iPad 2 owner. This book takes you from

selecting and buying an iPad, to connecting it to the Internet, to using the incredible power of the iPad and all its apps to enhance your life. Whether you're using your iPad to surf the Internet, admire family photos, listen to music, watch movies, create or edit movies, or read a book, this book will help guide you.

"B" is for Burglar Sue Grafton, 2010-04-01 B is for Burglar, from Sue Grafton's #1 New York Times bestselling Kinsey Millhone Alphabet mystery series Beverly Danziger looked like an expensive, carefully wrapped package from a good but conservative shop. Only her compulsive chatter hinted at the nervousness beneath her cool surface. It was a nervousness out of all proportion to the problem she placed before Kinsey Millhone. There was an absent sister. A will to be settled--a matter of only a few thousand dollars. Mrs. Danziger did not look as if she needed a few thousand dollars. And she didn't seem like someone longing for a family reunion. Still, business was slow, and even a private investigator has bills to pay. Millhone took the job. It looked routine. Elaine Boldt's wrappings were a good deal flashier than her sister's, but they signaled the same thing: The lady had money. A rich widow in her early forties, she owned a condo in Boca Raton and another in Santa Teresa. According to the manager of the California building, she was last seen draped in

her \$12,000 lynx coat heading for Boca Raton. According to the manager of the Florida building, she never got there. But someone else had and she was camping out illegally in Mrs. Boldt's apartment. The job was beginning to seem a bit less routine. It turned tricky when Beverly Danziger ordered Millhone to drop the case and it took on an ominous quality when Aubrey Danziger surfaced, making all kinds of wild accusations about his wife. But it only became sinister when Millhone learned that just days before Elaine Boldt went missing, her next-door neighbor and bridge partner had been murdered and the killer was still at large. A house destroyed by arson. A brutally murdered a woman. A missing lynx coat. An apartment burgled of valueless papers, another ransacked in a melée of mindless destruction. And more murder. As Millhone digs deeper into the case, she finds herself in a nightmarish hall of mirrors in which reality is distorted by illusion and nothing--except danger--is quite what it seems. A Is for Alibi B Is for Burglar C Is for Corpse D Is for Deadbeat E Is for Evidence F Is for Fugitive G Is for Gumshoe H Is for Homicide I Is for Innocent J Is for Judgment K Is for Killer L is for Lawless M Is for Malice N Is for Noose O Is for Outlaw P Is for Peril Q Is for Quarry R Is for Ricochet S Is for Silence T Is for Trespass U Is for Undertow V Is for Vengeance W Is for Wasted X

The Total Money Makeover: Classic Edition Dave Ramsey, 2013-09-17 Do you want to build a budget that actually works for you? Are you ready to transform your relationship with money? This New York Times bestseller has already helped millions of people just like you learn how to develop everyday money-saving habits with the help of America's favorite finance coach, Dave Ramsey. By now, you've already heard all of the nutty get-rich-quick schemes and the fiscal diet fads that leave you with a lot of quirky ideas but not a penny in your pocket. If you're tired of the lies and sick of the false promises, Dave is here to provide practical, long-term help. The Total Money Makeover is the simplest, most straightforward game plan for completely

changing your finances. And, best of all, these principles are based on results, not pie-in-the-sky fantasies. This is the financial reset you've been looking for. The Total Money Makeover: Classic Edition will give you the tools and the encouragement you need to: Design a sure-fire plan for paying off all debt--from your cars to your home and everything in between using the debt snowball method Break bad habits and make lasting changes when it comes to your relationship with money Recognize the 10 most dangerous money myths Secure a healthy nest egg for emergencies and set yourself up for retirement Become financially healthy for life Live like no one else, so later you can LIVE (and GIVE) like no one else! This edition of The Total Money Makeover includes new, expanded Dave Rants that tackle marriage conflict, college debt, and so much more. The Total Money Makeover: Classic Edition also includes brand new back-of-the-book resources to help you make The Total Money Makeover your new reality.

The Washington Manual of Critical Care Marin Kollef, Warren Isakow, 2012-02-10 The Washington Manual of Critical Care is a concise pocket manual for physicians and nurses. It is distinguished from the multitude of other critical care handbooks on the market by its consistent presentation of algorithms displaying the decision-making pathways used in evaluating and treating disorders in the ICU. The new edition transitions to a full color format and will include coverage of Deep Venous Thrombosis/Pulmonary Embolism, fetal-maternal critical care, C difficile infection, and alternative hemodynamic monitoring.

Knowledge and Power George Gilder, 2013-06-10 Ronald Reagan's most-quoted living author—George Gilder—is back with an all-new paradigm-shifting theory of capitalism that will upturn conventional wisdom, just when our economy desperately needs a new direction. America's struggling economy needs a better philosophy than the college student's lament: I can't be out of money, I still have checks in my checkbook! We've tried a

government spending spree, and we've learned it doesn't work. Now is the time to rededicate our country to the pursuit of free market capitalism, before we're buried under a mound of debt and unfunded entitlements. But how do we navigate between government spending that's too big to sustain and financial institutions that are too big to fail? In *Knowledge and Power*, George Gilder proposes a bold new theory on how capitalism produces wealth and how our economy can regain its vitality and its growth. Gilder breaks away from the supply-side model of economics to present a new economic paradigm: the epic conflict between the knowledge of entrepreneurs on one side, and the blunt power of government on the other. The knowledge of entrepreneurs, and their freedom to share and use that knowledge, are the sparks that light up the economy and set its gears in motion. The power of government to regulate, stifle, manipulate, subsidize or suppress knowledge and ideas is the inertia that slows those gears down, or keeps them from turning at all. One of the twentieth century's defining economic minds has returned with a new philosophy to carry us into the twenty-first. *Knowledge and Power* is a must-read for fiscal conservatives, business owners, CEOs, investors, and anyone interested in propelling America's economy to future success.

Expense Tracker Medabix Log Book, 2021-03-07 Monitor your daily expenses with this small expense tracker. Includes a monthly review section to help you stay on top of your/your family's monthly budget.

Book Yourself Solid Illustrated Michael Port, 2013-03-28 A visual way to easily access the strategies and tactics in *Book Yourself Solid* Learning new concepts is easier when you can see the solution. *Book Yourself Solid Illustrated*, a remarkable, one-of-a-kind work of art, transforms the *Book Yourself Solid* system into a more compelling and easy-to-consume playbook for any business owner. You won't find business school graphs or mind maps. Instead, you'll find compelling, visual stories that reinvent

old and tired business concepts, making *Book Yourself Solid Illustrated* a fun and playful book that you will revisit year after year as you get more clients than you can handle. There isn't a business book on the market that can show you how to apply the strategies, techniques, and skills necessary to generate new leads, add more clients, and increase profits through visuals. Previously you could only read or listen to advice, now you can see it and get it faster. This illustrated version is organized into four modules: your foundation, building trust and credibility, simple selling and perfect pricing, and the *Book Yourself Solid* 6 core self-promotion strategies. Reengineering the book with visual strategist, Jocelyn Wallace, has given author Michael Port new ways of explaining and expanding his gold-standard material. Author Michael Port has been called a marketing guru by the Wall Street Journal and an uncommonly honest author by The Boston Globe, and wrote *Book Yourself Solid* (in its 2nd edition), *Beyond Booked Solid*, *The Contrarian Effect* which was selected as a 2008 top ten business book by Amazon.com and the 2008 #1 sales book of the year by 1-800-CEO-READ, and The New York Times Bestseller, *The Think Big Manifesto*. Author is one of the most popular business coaches in the world and headlines events all over the world. Master the techniques in *Book Yourself Solid Illustrated*, and take your service business to the next level today. For the first time ever you can have the *Book Yourself Solid* Mobile app. Install it on any device and the *Book Yourself Solid* System comes to life. Do all of 49 exercises from the new book on any device, including your desktop computer. This thing rocks.

Fair Play Eve Rodsky, 2021-01-05 AN INSTANT NEW YORK TIMES BESTSELLER • A REESE'S BOOK CLUB PICK Tired, stressed, and in need of more help from your partner? Imagine running your household (and life!) in a new way... It started with the Sh*t I Do List. Tired of being the “shefault” parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her

family—and then sent that list to her husband, asking for things to change. His response was...underwhelming. Rodsky realized that simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is *Fair Play*: a time- and anxiety-saving system that offers couples a completely new way to divvy up domestic responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how to get it all done efficiently. With 4 easy-to-follow rules, 100 household tasks, and a series of conversation starters for you and your partner, *Fair Play* helps you prioritize what's important to your family and who should take the lead on every chore, from laundry to homework to dinner. “Winning” this game means rebalancing your home life, reigniting your relationship with your significant other, and reclaiming your Unicorn Space—the time to develop the skills and passions that keep you interested and interesting. Stop drowning in to-dos and lose some of that invisible workload that's pulling you down. Are you ready to try *Fair Play*? Let's deal you in.

Let's Pretend This Never Happened Jenny

Lawson, 2013-03-05 The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. “Gaspingly funny and wonderfully inappropriate.”—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every

intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. Readers Guide Inside

Superforecasting Philip E. Tetlock, Dan Gardner, 2015-09-29
NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE ECONOMIST “The most important book on decision making since Daniel Kahneman's *Thinking, Fast and Slow*.”—Jason Zweig, *The Wall Street Journal* Everyone would benefit from seeing further into the future, whether buying stocks, crafting policy, launching a new product, or simply planning the week's meals. Unfortunately, people tend to be terrible forecasters. As Wharton professor Philip Tetlock showed in a landmark 2005 study, even experts' predictions are only slightly better than chance. However, an important and underreported conclusion of that study was that some experts do have real foresight, and Tetlock has spent the past decade trying to figure out why. What makes some people so good? And can this talent be taught? In *Superforecasting*, Tetlock and coauthor Dan Gardner offer a masterwork on prediction, drawing on decades of research and the results of a massive, government-funded forecasting tournament. The Good Judgment Project involves tens of thousands of ordinary people—including a Brooklyn filmmaker, a retired pipe installer, and a former ballroom dancer—who set out to forecast global events. Some of the volunteers have turned out to be astonishingly good. They've beaten other benchmarks, competitors, and prediction markets. They've even beaten the collective judgment of intelligence analysts with access to classified information. They are superforecasters. In this groundbreaking and accessible book, Tetlock and Gardner show us how we can learn from this elite group. Weaving together stories of forecasting successes (the raid on Osama bin Laden's compound) and failures (the Bay of Pigs) and interviews with a range of high-level decision makers, from David Petraeus to

Robert Rubin, they show that good forecasting doesn't require powerful computers or arcane methods. It involves gathering evidence from a variety of sources, thinking probabilistically, working in teams, keeping score, and being willing to admit error and change course. Superforecasting offers the first demonstrably effective way to improve our ability to predict the future—whether in business, finance, politics, international affairs, or daily life—and is destined to become a modern classic.

Plan B David Kord Murray, 2011-09-20 Why has Facebook been so limber, evolving so successfully even after a number of stumbles, while Myspace stalled and lost ground? Why was Wal-Mart able to expand so successfully into new offerings, such as groceries, while H&R Block dramatically failed to expand into offering financial services? The answer, David Murray reveals, is that Facebook and Wal-Mart both started with business models that empowered them to effectively adapt their plans as they executed them. The failure of detailed strategic plans that have taken a great deal of time and money to develop is one of the worst problems in business, and it's ever more urgent as the pace of change in business continues to accelerate. Murray, author of the acclaimed Wall Street Journal bestseller *Borrowing Brilliance*, argues that valiantly sticking to even a well-thought-out Plan A is the road to disaster. The greatest success comes to those who know how to construct and implement an adaptive Plan A that has within it the means of evolving into a superior Plan B by responding to problems confronted, discoveries made, changing market conditions, and the competition. Writing in a lively, engaging voice and using a series of specific examples drawn from companies including IBM, Intel, Facebook, American Express, and Kaiser Permanente, as well as from the art of war, including the Battle of Gettysburg and the D-Day invasion, and even from the space program, Murray presents powerful methods for constructing a plan that has the mechanisms for adaptation built in. Drawing on a wealth of research, he explains why we are

fairly good at short-term predictions but why, in our ever more rapidly changing business world, even the best laid plans will eventually go astray. He then introduces the best techniques for creating an optimal original plan that takes into account our limited ability to predict, showing that vital to this process is that it be constructed so that we are alerted in time to make the right changes. In a brilliant discussion of strategy and tactics, he shows that the core of this adaptability is making sure that your strategy and tactics are well aligned with one another and that you have established the right metrics for measuring results. He then details precisely how to adapt throughout the execution process by constantly monitoring and assessing results, developing worst-case scenarios, and recognizing unanticipated opportunities. Plan B is an essential guide to harnessing the forces of change to achieve long-lasting success despite the most vexing challenges.

Accounting for Non-Accountants Wayne Label, 2013-01-01 A Quick, Compact, and Easy-to-Understand Resource for Non-Accountants! The perfect financial accounting guide for beginners! Accounting for Non-Accountants is the must-have guide for all of us who have never taken an accounting class, are mystified by accounting jargon, and have no clue about balance sheets, income statements, payroll management, corporate taxes, or statements of cash flows. For entrepreneurs or anyone who needs to

brush up on accounting fast, this book will have you up and running in no time.

ADD-Friendly Ways to Organize Your Life Judith

Kolberg, Kathleen Nadeau, 2012-01-04 Over 100,000 Copies Sold!

Organizing books fall short of addressing the unique needs of adults with ADD. They fail to understand the clinical picture of ADD and how it impacts the organizing process often making their advice irrelevant or frustrating when put into application. Books about ADD may address organization/disorganization but do so in a cursory fashion and on a very small scale in what are usually long books on the subject. This is a book that has ADD-Friendly advice with the ADDer in mind. This collaboration brings forth the best underlying understanding with the most effective and practical remedy from ADD experts in two important fields -- professional organization and clinical psychology. Finally, it offers organizing advice that ranges from self-help to utilizing the help of non-professionals, to using professional assistance. Thus it permits the reader to decide where they are at personally in the organizing process, and what level of support will be most beneficial to their unique situation.

Gnucash 2.4 Small Business Accounting Ashok

Ramachandran, 2011-02-09 Annotation Attention, small business owners! Stop tax-day stress. Stop procrastinating with a shoebox full of receipts. Stop reinventing the wheel with a spreadsheet. Stop making decisions simply on a hunch. Stop wasting money on software that is overkill. Start by downloading GnuCash and getting your accounts in order. Designed to be easy to use, yet powerful and flexible, GnuCash allows you to track bank accounts, income, and expenses. As quick and intuitive to use as a checkbook register, it is based on professional accounting principles to ensure balanced books and accurate reports. You can do it and Gnucash 2.4 Small Business Accounting Beginner's Guide will help you get up and running with maintaining your accounts. Gnucash 2.4 Small Business Accounting Beginner's

Guide speaks business language, not accountant-speak, because it is written by a former small business owner. It guides you to use GnuCash from scratch with step-by-step tutorials without jargon, pointing out the gotchas to avoid with lots of tips. It will teach you to work on routine business transactions while migrating transaction data from other applications gradually. You will be able to keep on top of transactions and run reports after reading just three chapters! Beyond Chapter 3, it is up to you how far you want to go. Reconcile with your bank and credit card statements. Charge and pay sales tax. Do invoicing. Track payments due. Set up reminders for bills. Avoid stress at tax time. Print checks. Capture expenses using your mobile phone. GnuCash 2.4 Small Business Accounting Beginner's Guide gives you the power. Know your numbers. Make decisions with confidence. Drive your business to its full potential. Get your accounts in order and avoid tax-day stress with this hands-on guide to GnuCash, the best free accounts software in the world.

Handbook of Mathematical Functions Milton

Abramowitz, Irene A. Stegun, 1965-01-01 An extensive summary of mathematical functions that occur in physical and engineering problems

Build Better Chatbots Rashid Khan, Anik Das, 2017-12-13

Learn best practices for building bots by focusing on the technological implementation and UX in this practical book. You will cover key topics such as setting up a development environment for creating chatbots for multiple channels (Facebook Messenger, Skype, and KiK); building a chatbot (design to implementation); integrating to IFTT (If This Then That) and IoT (Internet of Things); carrying out analytics and metrics for chatbots; and most importantly monetizing models and business sense for chatbots. Build Better Chatbots is easy to follow with code snippets provided in the book and complete code open sourced and available to download. With Facebook opening up its Messenger platform for developers, followed by Microsoft

opening up Skype for development, a new channel has emerged for brands to acquire, engage, and service customers on chat with chatbots. What You Will Learn Work with the bot development life cycle Master bot UX design Integrate into the bot ecosystem Maximize the business and monetization potential for bots Who This Book Is For Developers, programmers, and hobbyists who have basic programming knowledge. The book can be used by existing chatbot developers to gain a better understanding of analytics and the business side of bots.

Digital Design with Chisel Martin Schoeberl, 2019-08-30 This book is an introduction into digital design with the focus on using the hardware construction language Chisel. Chisel brings advances from software engineering, such as object-orientated and functional languages, into digital design. This book addresses hardware designers and software engineers. Hardware designers, with knowledge of Verilog or VHDL, can upgrade their productivity with a modern language for their next ASIC or FPGA design. Software engineers, with knowledge of object-oriented and functional programming, can leverage their knowledge to program hardware, for example, FPGA accelerators executing in the cloud. The approach of this book is to present small to medium-sized typical hardware components to explore digital design with Chisel.

Performing Under Pressure Hendrie Weisinger, J. P. Pawliw-Fry, 2015-02-24 Nobody performs better under pressure. Regardless of the task, pressure ruthlessly diminishes our judgment, decision-making, attention, dexterity, and performance in every professional and personal arena. In *Performing Under Pressure*, Drs. Hendrie Weisinger and J.P. Pawliw-Fry introduce us to the concept of pressure management, offering empirically tested short term and long term solutions to help us overcome the debilitating effects of pressure. *Performing Under Pressure* tackles the greatest obstacle to personal success, whether in a sales presentation, at home, on the golf course, interviewing for a

job, or performing onstage at Carnegie Hall. Despite sports mythology, no one rises to the occasion under pressure and does better than they do in practice. The reality is pressure makes us do worse, and sometimes leads us to fail utterly. But there are things we can do to diminish its effects on our performance. Performing Under Pressure draws on research from over 12,000 people, and features the latest research from neuroscience and from the frontline experiences of Fortune 500 employees and managers, Navy SEALs, Olympic and other elite athletes, and others. It offers 22 specific strategies each of us can use to reduce pressure in our personal and professional lives and allow us to better excel in whatever we do. Whether you're a corporate manager, a basketball player, or a student preparing for the SAT, Performing Under Pressure will help you to do your best when it matters most.
