Connie Healy

**Quick Win Media Law Ireland** Andrea Martin, 2011 QUICK WIN MEDIA LAW IRELAND is aimed at those who work in the media industry seeking quick and practical answers to legal questions they encounter day-to-day. Written for non-lawyers, it will be useful to public relations, advertising, publishing and digital media professionals faced with legal queries arising in their work, as it will be to non-specialist lawyers and their clients when faced with a media-related problem. And students on media-related courses will find a plain English explanation of the legal principles they will learn about in media law modules. QUICK WIN MEDIA LAW IRELAND is divided into six sections: The Irish legal system; Defamation law; Defamation court procedures; Media content regulation; Privacy and data protection; Copyright. QUICK WIN MEDIA LAW IRELAND is designed so that you can dip in and out seeking answers to your top Irish media law questions as they arise. Answers to your queries can be located not only from the contents list but also by using the subject grid at the start of the book and by following the thread of cross-references provided at the end of each Q&A.

**Journalism Across Cultures: An Introduction** Levi Obijiofor, Folker Hanusch, 2017-09-16 In today's global digital world, journalists are required to be cognizant of ethical and cultural issues beyond usual national boundaries. This text provides a theoretical and practical introduction to cross-cultural journalism, equipping students with the skills and understanding they need today.

A Skein of Thought Brendan H. Cahill, Johanna Lawton, 2020-11-03 This book is the result of a strong collaboration between the Permanent Mission of Ireland to the United Nations and Fordham University's Institute of International Humanitarian Affairs. It is a record of a series of distinguished lectures that explored the current challenges to policymakers and humanitarian actors as they focus their efforts on larger and more complex emergencies. The contributors to this book both identify innovative measures in addressing established problems and address hitherto under-researched emerging issues. A Skein of Thought is the product of this fruitful partnership. Ireland has, through its longstanding peacekeeping, its embrace of multi-lateralism, and its investment in development and humanitarian solutions, been a global leader in confronting and mitigating global disasters. In a similar way, the Institute of International Humanitarian Affairs has been a global leader in humanitarian training, publications, and research. A Skein of Thought: The Ireland at Fordham Humanitarian Lecture Series, then, represents this link between theory and practice. The Refuge Press The Refuge Press is an independent humanitarian imprint that was founded in 2019. Following on from a successful International Humanitarian Affairs Series through Fordham University Press, The Refuge Press, with Brendan Cahill as its Publisher, publishes four books per year. The Refuge Press books challenge humanitarian thinking and offer personal and professional reflections on global crises.

*European Union Law* Alina Kaczorowska-Ireland, 2016-05-26 The fourth edition of this well established and highly regarded work on EU law maintains its character by combining comprehensive yet accessible coverage with in-depth analysis of the law and student-friendly pedagogy. It is fully up to date so encompassing critical examination of new important judgments of EU and national courts and developments in institutional, constitutional and substantive EU Law. The book keeps its unique style in that it is both a textbook and a casebook. Case summaries are highlighted in colour-tinted boxes for ease of reference, and are accompanied by key facts and critical analysis, often in the light of subsequent developments. The student-friendly approach is enhanced by market-driven pedagogical features, including: Concise outlines, at the beginning of each chapter describing its content and assisting in revision; An aide-mémoire, often presented in diagrammatic form, at the end of each chapter to highlight and reinforce key points; End of chapter recommended reading lists to encourage and facilitate further research; End of chapter problem and essay questions testing the students' ability to apply what they have learnt; Cross-references to show how topics are interrelated; and A map identifying EU

Member States, candidate States; and, potential candidate States. The book's companion website offers a range of teaching and learning resources including an interactive timeline of the EU, useful web links, self-test questions and much more. This book is essential reading for those studying EU law on both undergraduate and postgraduate courses and will be of interest to students of political science, social science and business studies.

**Collaborative Practice** Connie Healy, 2017-09-19 Collaborative practice is a new method of dispute resolution, used mainly in family law matters. By taking a non-adversarial approach, it challenges the strictly positivist view of the lawyer as 'zealous advocate' for the client. As such, it has received much criticism from the established Bar and legal profession. This book provides a doctrinal and empirical analysis of collaborative practice with a view to assessing its place within the dispute resolution continuum and addressing whether this criticism has been justified. It begins by establishing the theoretical underpinnings of conflict and differing approaches to conflict resolution, the impact of the comprehensive law movement and therapeutic jurisprudence. The origins and development of the collaborative process and the framework it provides for a multidisciplinary approach to conflict resolution is outlined. The book addresses the examination of the process undertaken in the lead up to the enactment of the Uniform Collaborative Law Act in 2010; now regarded as a model of best practice. Finally, through an examination of empirical research undertaken in the US, Canada and in England and Wales, and in presenting the results of the first known empirical research into the process in an Irish family law context, the book concludes with an evidenced based analysis of the process from the perspective of couples who chose to use the collaborative model to resolve the issues surrounding their relationship breakdown, collaborative lawyers and lawyers who do not advocate a non-adversarial approach. As such this book provides a valuable insight into the process which will be of interest to: academics; practising lawyers; members of the judiciary; researchers in the fields of conflict resolution and family law and for students studying alternative dispute resolution (ADR).

**The Slow Lane** Sascha Haselmayer, 2023-07-18 Avoid the speed trap! Discover how changemakers can find lasting solutions to urgent social problems through a proven 5-step process for listening thoughtfully, building broad support, and exploring unconventional options. Society celebrates leaders who promise fast, easy solutions to the world's problems—but quick fixes are just mirages that fade, leaving us with the same broken systems. The truth is, effective social change happens through slow, intentional actions. The author, a globally acclaimed social entrepreneur, offers a 5-step process for taking the slow lane to change—the lane that gets you to the right place faster: Listening—Listen to build trust, which can change hearts and minds and allow for something new to emerge. Holding the urgency—Accept that even in moments of crisis you can move only at the speed of trust instead of rushing into action. Sharing the agency—Create an inclusive environment where everyone can lead. Healing democracy—Build bridges that allow marginalized people to participate. Maintaining curiosity—Be inspired by nontraditional sources. Using dozens of examples—prison reform in England, urban development in Venezuela, healthcare in the Navajo Nation, early childhood education in New York, and many more—The Slow Lane shows how, by following the principles taught in this book, readers can create lasting change.

Have Ye No Homes To Go To? Kevin Martin, 2016-05-01 The pub has been at the centre of Irish life for centuries. It has played many roles:

funeral home, restaurant, grocery shop, music venue, job centre and meeting place for everyone from poets to revolutionaries. Often plain and unpretentious, it is a neutral ground, a leveller – a home away from home. From the feasts of high kings, through the heady gang-ruled pubs of nineteenth-century New York, right up to the gay bars and superpubs of today, this is an entertaining journey through the evolution of the Irish pub. Our 'locals' have become a global phenomenon: the export of the Irish pub, its significance to emigrants and its portrayal in cinema, television and literature are engagingly explored. The story of the Irish pub is the story of Ireland itself. Fascinating ... endlessly surprising. – Irish Independent. Full of brilliant anecdotes, packed with legal, literary, religious and historical bits and pieces that will keep you talking in the pub all night. – Neil Delamere, Today FM. An enjoyable romp through the ephemera and facts surrounding that most Irish of institutions. – Irish Examiner. Fascinating ... a great gift. – Mark Cagney, TV3

Ireland at the Polls, 1981, 1982, and 1987 Howard Rae Penniman, Brian Farrell, 1987 Ireland at the Polls, 1981, 1982, and 1987: A Study of four General Elections is another in the series of national election studies prepared by the American Enterprise Institute for Public Policy Research (AEI). Books in the series include volumes on some thirty national democratic elections around the world. Distinguished foreign and American scholars have contributed to the studies.

**How Ireland Voted 2016** Michael Gallagher, Michael Marsh, 2016-10-27 This book is the definitive analysis of the 2016 Irish general election and is the eighth book in the well-established How Ireland Voted series. The 2011 election in Ireland was characterised as an earthquake, but the aftershocks visible in the 2016 election were equally dramatic. This election saw the rout of the government that had presided over a remarkable economic recovery, and marked a new low for the strength of the traditional party system, as smaller parties and independents attracted almost half of all votes. The first chapter sets the context, and later ones investigate the extent to which the outgoing government fulfilled its 2011 pledges, and how candidates were selected. The success or otherwise of campaign strategies is assessed, the results and the behaviour of voters are analysed, and the aftermath, when it took a record length of time to form a government, is explored. Other chapters examine the consequence of new gender quotas for candidate selection, consider the reasons for the unusual success of independents, and reflect on the implications. The book also reveals intriguing insights into the candidates' experiences of the election, both successful and unsuccessful. It will be of use to students, teachers and scholars of Irish politics, as well as the wider reader interested in Irish politics and elections.

*We Don't Know Ourselves: A Personal History of Modern Ireland* Fintan O'Toole, 2022-03-15 “[L]ike reading a great tragicomic Irish novel.” —James Wood, *The New Yorker* “Masterful . . . astonishing.” —Cullen Murphy, *The Atlantic* A landmark history . . . Leavened by the brilliance of O'Toole's insights and wit.” —Claire Messud, *Harper's Winner • 2021 An Post Irish Book Award — Nonfiction Book of the Year •* from the judges: “The most remarkable Irish nonfiction book I've read in the last 10 years”; “[A] book for the ages.” A celebrated Irish writer's magisterial, brilliantly insightful chronicle of the wrenching transformations that dragged his homeland into the modern world. Fintan O'Toole was born in the year the revolution began. It was 1958, and the Irish government—in despair, because all the young people were leaving—opened the country to foreign investment and popular culture. So began a decades-long, ongoing experiment with Irish national identity. In *We Don't Know Ourselves*, O'Toole, one of the Anglophone world's most consummate stylists, weaves his own experiences into Irish social, cultural, and economic change, showing how Ireland, in just one lifetime, has gone from a reactionary “backwater” to an almost totally open society—perhaps the most astonishing national transformation in modern history. Born to a working-class family in the Dublin suburbs, O'Toole served as an altar boy and attended a Christian Brothers school, much as his forebears did. He was enthralled by American Westerns suddenly appearing on Irish television, which were not that far

from his own experience, given that Ireland's main export was beef and it was still not unknown for herds of cattle to clatter down Dublin's streets. Yet the Westerns were a sign of what was to come. O'Toole narrates the once unthinkable collapse of the all-powerful Catholic Church, brought down by scandal and by the activism of ordinary Irish, women in particular. He relates the horrific violence of the Troubles in Northern Ireland, which led most Irish to reject violent nationalism. In O'Toole's telling, America became a lodestar, from John F. Kennedy's 1963 visit, when the soon-to-be martyred American president was welcomed as a native son, to the emergence of the Irish technology sector in the late 1990s, driven by American corporations, which set Ireland on the path toward particular disaster during the 2008 financial crisis. A remarkably compassionate yet exacting observer, O'Toole in coruscating prose captures the peculiar Irish habit of "deliberate unknowing," which allowed myths of national greatness to persist even as the foundations were crumbling. Forty years in the making, *We Don't Know Ourselves* is a landmark work, a memoir and a national history that ultimately reveals how the two modes are entwined for all of us.
