The Meaning of the Qur'ān Syed Abul 'Ala Maudoodi,1967

The Qur'an and the Bible Gabriel Said Reynolds,2018-01-01 While the Hebrew Bible and the New Testament are understood to be related texts, the sacred scripture of Islam, the third Abrahamic faith, has generally been considered separately. Noted religious scholar Gabriel Said Reynolds draws on centuries of Qur'anic and Biblical studies to offer rigorous and revelatory commentary on how these holy books are intrinsically connected.--Dust jacket.

Jesus: Peace Be Upon Him Ibn Kathir,2019-03-30 The story of Mary and Jesus (peace be upon them) in the Quran. Please be patient reading this book, but believe me, it is worth it in the end. The Quran refers to Mary (Maryam in Arabic) more often than the New Testament. According to the Quran, divine grace surrounded Mary from birth, and, as a young woman, she received a message from God through the archangel Gabriel that God had chosen her, purified her, and had preferred her above all the women of the worlds.

Revelation, Rationality, Knowledge & Truth Hazrat Mirza Tahir Ahmad,1998-06-30 Any divide between revelation and rationality, religion and logic has to be irrational. If religion and rationality cannot proceed hand in hand, there has to be something deeply wrong with either of the two. Does revelation play any vital role in human affairs? Is not rationality sufficient to guide man in all the problems which confront him? Numerous questions such as these are examined with minute attention. All major issues which intrigue the modern mind are attempted to be incorporated in this fascinatingly comprehensive statute. Whatever the intellectual or educational background of the reader, this book is bound to offer him something of his interest. It examines a very diverse and wide range of subjects including the concept of revelation in different religions, history of philosophy, cosmology, extraterrestrial life, the future of life on earth, natural selection and its role in evolution. It also elaborately discusses the advent of the Messiah, or other universal reformers, awaited by different religions. Likewise, many other topical issues which have been agitating the human mind since time immemorial are also incorporated. The main emphasis is on the ability of the Quran to correctly discuss all important events of the past, present and future from the beginning of the universe to its ultimate end. Aided by strong incontrovertible logic and scientific evidence, the Quran does not shy away from presenting itself to the merciless scrutiny of rationality. It will be hard to find a reader whose queries are not satisfactorily answered. We hope that most readers will testify that this will always stand out as a book among books - perhaps the greatest literary achievement of this century.

Qur'ānic Studies Today Angelika Neuwirth,Michael A Sells,2016-04-14 Qur'ānic Studies Today brings together specialists in the field of Islamic studies to provide a range of essays that reflect the depth and breadth of scholarship on the Qur'ān. Combining theoretical and methodological clarity with close readings of qur'ānic texts, these contributions provide close analysis of specific passages, themes, and issues within the Qur'ān, even as they attend to the disciplinary challenges within the field of qur'ānic studies today. Chapters are arranged into three parts, treating specific figures appearing in the Qur'ān, analysing particular suras, and finally reflecting on the Qur'ān and its others. They explore the internal dimensions and interior chronology of the Qur'ān as text, its possible conversations with biblical

and non-biblical traditions in Late Antiquity, and its role as scripture in modern exegesis and recitation. Together, they are indispensable for students and scholars who seek an understanding of the Qur’ān founded on the most recent scholarly achievements. Offering both a reflection of and a reflection on the discipline of qur’ānic studies, the strong, scholarly examinations of the Qur’ān in this volume provide a valuable contribution to Islamic and qur’ānic studies.
