The Sewists Josephine Perry,2014-08-29 The sewists are a new breed of designer-makers. From jewellery to bookbinding, felt craft to embroidery, screen-print to dressmaking, they encompass all areas of art and craft, and often combine techniques in new ways. Author and fellow sewist Josephine Perry has interviewed 19 designers about their working life and inspiration, and persuaded each one to part with a project for readers to make. Projects include a cameo brooch using freehand machine embroidery, a fun fur and felt creature, a circus troupe decoration, block-printed napkins, subversive cross stitch and many more. Each project is clearly explained and includes step-by-step illustrations and specially commissioned photographs of the finished piece. Also included is a CD containing templates, stitch charts and a blouse pattern – everything you need to complete the projects in the book. Anyone who enjoys sewing and crafts, and can use a sewing machine, will relish *The Sewists*.

Seek, Strike, and Destroy Christopher Richard Gabel,1986 In the seventy years that have passed since the tank first appeared, antitank combat has presented one of the greatest challenges in land warfare. Dramatic improvements in tank technology and doctrine over the years have precipitated equally innovative developments in the antitank field. One cycle in this ongoing arms race occurred during the early years of World War II when the U.S. Army sought desperately to find an antidote to the vaunted German blitzkrieg. This Leavenworth Paper analyzes the origins of the tank destroyer concept, evaluates the doctrine and equipment with which tank destroyer units fought, and assesses the effectiveness of the tank destroyer in battle.

Airmobility 1961-1971 Ltg John J. Tolson,2011-09-26 This is the exciting story of the development of U.S. airmobile power from theory to practice, involving air transport, fixed wing aircraft, and attack helicopters culminating in Vietnam War operations. It includes analysis of airmobile combat operations; doctrinal and interservice disputes; equipment descriptions; and the organization of combat and support units. It also includes data about airmobility in South Vietnam's army and it features personal reflections of the author, who was at the center of airmobility development and who commanded large airmobile units. John J. Tolson in June 1939 participated in the first tactical air movement of ground forces by the U.S. Army. He was in all combat jumps of the 503d Parachute Infantry Regiment during World War II, became an Army aviator in 1957, and served as Director of Army Aviation and Commandant of the Army Aviation School. From April 1967 to July 1968 he commanded the 1st Cavalry Division (Airmobile), Vietnam. (Includes many maps and photographs)

Half of a Yellow Sun Chimamanda Ngozi Adichie,2010-10-29 With her award-winning debut novel, *Purple Hibiscus*, Chimamanda Ngozi Adichie was heralded by the *Washington Post Book World* as the "21st century daughter" of Chinua Achebe. Now, in her masterly, haunting new novel, she recreates a seminal moment in modern African history: Biafra's impassioned struggle to establish an independent republic in Nigeria during the 1960s. With the effortless grace of a natural storyteller, Adichie weaves together the lives of five characters caught up in the extraordinary tumult of the decade. Fifteen-year-old Ugwu is houseboy to Odenigbo, a university professor who sends him

to school, and in whose living room Ugwu hears voices full of revolutionary zeal. Odenigbo's beautiful mistress, Olanna, a sociology teacher, is running away from her parents' world of wealth and excess; Kainene, her urbane twin, is taking over their father's business; and Kainene's English lover, Richard, forms a bridge between their two worlds. As we follow these intertwined lives through a military coup, the Biafran secession and the subsequent war, Adichie brilliantly evokes the promise, and intimately, the devastating disappointments that marked this time and place. Epic, ambitious and triumphantly realized, *Half of a Yellow Sun* is a more powerful, dramatic and intensely emotional picture of modern Africa than any we have had before.
