Get a Life, Chloe Brown Talia Hibbert, 2019-11-05 “Absolutely charming... a flawless balance of humor, heat, sweetness, and depth, and I loved every page.” – Helen Hoang, USA Today bestselling author of *The Bride Test* USA TODAY BESTSELLER A witty, hilarious romantic comedy about a woman who’s tired of being “boring” and recruits her mysterious, sexy neighbor to help her experience new things—perfect for fans of Sally Thorne, Jasmine Guillory, and Helen Hoang! Chloe Brown is a chronically ill computer geek with a goal, a plan, and a list. After almost—but not quite—dying, she’s come up with seven directives to help her “Get a Life”, and she’s already completed the first: finally moving out of her glamorous family’s mansion. The next items? Enjoy a drunken night out. Ride a motorcycle. Go camping. Have meaningless but thoroughly enjoyable sex. Travel the world with nothing but hand luggage. And... do something bad. But it’s not easy being bad, even when you’ve written step-by-step guidelines on how to do it correctly. What Chloe needs is a teacher, and she knows just the man for the job. Redford ‘Red’ Morgan is a handyman with tattoos, a motorcycle, and more sex appeal than ten-thousand Hollywood heartthrobs. He’s also an artist who paints at night and hides his work in the light of day, which Chloe knows because she spies on him occasionally. Just the teeniest, tiniest bit. But when she enlists Red in her mission to rebel, she learns things about him that no spy session could teach her. Like why he clearly resents Chloe’s wealthy background. And why he never shows his art to anyone. And what really lies beneath his rough exterior... This is an extraordinary book, full of love, generosity, kindness and sharp humor. — The New York Times Book Review *Featured on the TODAY Show! Named a Best Romance of 2019 by Entertainment Weekly,

Publishers Weekly, Kirkus, Apple, and Amazon, and Best of November from Essence, Woman's Day, Marie Claire, Buzzfeed, Popsugar, Bustle, Bookish, Bookpage, Entertainment Weekly, and Washington Post*

A family member recollects a backyard pole dressed for all occasions; Jeff faces horrifying ultimatums and the prospect of Darkenfloxx(TM) in some unusual drug trials; and Al Roosten hides his own internal monologue behind a winning smile that he hopes will make him popular. With dark visions of the future riffing against ghosts of the past and the ever-settling present, this collection sings with astonishing charm and intensity.

Where Is My Flying Car? J. Storrs Hall,2021-11-30 From an engineer and futurist, an impassioned account of technological stagnation since the 1970s and an imaginative blueprint for a richer, more abundant future The science fiction of the 1960s promised us a future remade by technological innovation: we'd vacation in geodesic domes on Mars, have meaningful conversations with computers, and drop our children off at school in flying cars. Fast-forward 60 years, and we're still stuck in traffic in gas-guzzling sedans and boarding the same types of planes we flew in over half a century ago. What happened to the future we were promised? In *Where Is My Flying Car?*, J. Storrs Hall sets out to answer this deceptively simple question. What starts as an examination of the technical limitations of building flying cars evolves into an investigation of the scientific, technological, and social roots of the economic stagnation that started in the 1970s. From the failure to adopt nuclear energy and the suppression of cold fusion technology to the rise of a counterculture hostile to progress, Hall recounts how our collective ambitions for the future were derailed, with devastating consequences for global wealth creation and distribution. Hall then outlines a framework for a future powered by exponential progress—one in which we build as much in the world of atoms as we do in the world of bits, one rich in abundance and wonder. Drawing on years of original research and personal engineering experience, *Where Is My Flying Car?*, originally published in 2018, is an urgent, timely analysis of technological progress over the last 50 years and a bold vision for a better future.

Preventable Andy Slavitt,2021-06-15 * NATIONAL BESTSELLER * "Painfully good. The book could have been called, 'Outrageous.' The story Andy Slavitt tells is not just about Trump's monumental failures but also about the deeper ones that started long before, with our health system, our politics, and more." --Atul Gawande, author of *Being Mortal* The definitive, behind-the-scenes look at the U.S. Coronavirus crisis from one of the most recognizable and influential voices in healthcare From former Biden Senior Advisor Andy Slavitt, *Preventable* is the definitive inside account of the United States' failed response to the Coronavirus pandemic. Slavitt chronicles what he saw and how much could have been prevented -- an unflinching investigation of the cultural, political, and economic drivers

that led to unnecessary loss of life. With unparalleled access to the key players throughout the government on both sides of the aisle, the principal public figures, as well as the people working on the frontline involved in fighting the virus, Slavitt brings you into the room as fateful decisions are made and focuses on the people at the center of the political system, health care system, patients, and caregivers. The story that emerges is one of a country in which -- despite the heroics of many -- bad leadership, political and cultural fractures, and an unwillingness to sustain sacrifice light a fuse that is difficult to extinguish. Written in the tradition of *The Big Short*, *Preventable* continues Andy Slavitt's important work of addressing the uncomfortable realities that brought America to this place. And, he puts forth the solutions that will prevent us from being here again, ensuring a better, stronger country for everyone.

A Separate Peace John Knowles, 2022-05-24 PBS's *The Great American Read* named it one of America's best-loved novels. *A Separate Peace* has been a bestseller in the United States for nearly thirty years, and it is ageless in its depiction of youth during a time when the entire country was losing its innocence to World War II. *A Separate Peace* is a horrific and brilliant fable about the dark side of adolescence set at a boys' boarding school in New England during the early years of World War II. Gene is an introverted, lonely intellectual. Phineas is a reckless athlete who is attractive and taunts others. Like the war itself, what happens between the two friends one summer robs these guys and their world of their innocence.
