The SAGE International Encyclopedia of Mass Media and Society Debra L. Merskin,2019-11-12 The SAGE International Encyclopedia of Mass Media and Society discusses media around the world in their varied forms—newspapers, magazines, radio, television, film, books, music, websites, social media, mobile media—and describes the role of each in both mirroring and shaping society. This encyclopedia provides a thorough overview of media within social and cultural contexts, exploring the development of the mediated communication industry, mediated communication regulations, and societal interactions and effects. This reference work will look at issues such as free expression and government regulation of media; how people choose what media to watch, listen to, and read; and how the influence of those who control media organizations may be changing as new media empower previously unheard voices. The role of media in society will be explored from international, multidisciplinary perspectives via approximately 700 articles drawing on research from communication and media studies, sociology, anthropology, social psychology, politics, and business.

**Culture and Customs of Honduras** Janet N. Gold,2009-04-30 This comprehensive look at contemporary life in the small Latin American nation allows high school students and general readers to explore the many facets of Honduran life and culture. More and more Hondurans and scholars today are becoming aware of the diversity in the

nation, and are realizing that rather than a single, homogeneous culture, Honduras is made up of many different cultures. Gold incorporates this contemporary cultural consciousness in her treatment of Honduras's regional and linguistic diversity as well as in her descriptions of Honduras's indigenous communities. Key elements of the work include a look at national identity and cultural diversity, as well as an in-depth study of indigenous Honduras. Other chapters examine religion, as well as daily routines, cuisine, dress, media, sports, festivals, literature and oral storytelling, traditional crafts, visual arts, and music and dance. Ideal for high school students studying world culture, Latin American studies, and anthropology, as well as for general readers interested in the subject, *Culture and Customs of Honduras* is an essential addition for library shelves.

The Americas [2 volumes] Kimberly J. Morse, 2022-08-23 This two-volume encyclopedia profiles the contemporary culture and society of every country in the Americas, from Canada and the United States to the islands of the Caribbean and the many countries of Latin America. From delicacies to dances, this encyclopedia introduces readers to cultures and customs of all of the countries of the Americas, explaining what makes each country unique while also demonstrating what ties the cultures and peoples together. The Americas profiles the 40 nations and territories that make up North America, Central America, the Caribbean, and South America, including British, U.S., Dutch, and French territories. Each country profile takes an in-depth look at such contemporary topics as religion, lifestyle and leisure, cuisine, gender roles, dress, festivals, music, visual arts, and architecture, among many others, while also providing contextual information on history, politics, and economics. Readers will be able to draw cross-cultural comparisons, such as between gender roles in Mexico and those in Brazil. Coverage on every country in the region provides readers with a useful compendium of cultural information, ideal for anyone interested in geography, social studies, global studies, and anthropology.

Exile Belén Fernández,2019-06-27 Che Guevara left Argentina at 22. At 21, Belén Fernández left the U.S. and didn't look back. Alone, far off the beaten path in places like Syria and Tajikistan, she reflects on what it means to be an American in a largely American-made mess of a world. After growing up in Washington, D.C. and Texas, and then attending Columbia University in New York, Belén Fernández ended up in a state of self-imposed exile from the United States. From trekking—through Europe, the Middle East, Morocco, and Latin America—to packing avocados in southern Spain, to close encounters with a variety of unpredictable men, to witnessing the violent aftermath of the 2009 coup in Honduras, the international travel allowed her by an American passport has, ironically, given her a direct view of the devastating consequences of U.S. machinations worldwide. For some years Fernández survived thanks to the generosity of strangers who picked her up hitchhiking, fed her, and offered accommodations; then she discovered people would pay her for her powerful, unfiltered journalism, enabling—as of the present moment—continued survival. In just a few short years of publishing her observations on world politics and writing from places as varied as Lebanon, Italy, Uzbekistan, Syria, Mexico, Turkey, Honduras, and Iran, Belén Fernández has established herself as a one of the most trenchant observers of America's interventions around the world, following in the footsteps of great foreign correspondents such as Martha Gellhorn and Susan Sontag.
