Changing Trains Paul Haywood,2014-03-01 Changing Trains - a Global Review by Paul Haywood. Railways are always changing and Changing Trains gives a truly Global Review. The author has always tried to use rail as his preferred mode of travel for work and leisure whenever possible and these are scenes taken by him before, during or after a scheduled train journey over a forty-year period from 1973. This all-colour pictorial features more than two hundred photographs of trains and railways in no fewer than forty-three countries presented alphabetically - from Australia to the USA by way of such diverse countries as Burma, Croatia, Mexico and Taiwan. Each photograph in this 104-page book has an interesting and informative caption which will appeal not only to hardened rail enthusiasts but also to those who simply like travelling by train and wish to know more about railways beyond their own shores.

Yet There Isn't a Train I Wouldn't Take William D. Middleton,2000-04-22 Yet there isn't a train goes by all day But I hear its whistle shrieking.... Yet there isn't a train I wouldn't take, No matter where it's going. —Edna St. Vincent Millay, Travel Yet there isn't a train I wouldn't take is a collection of stories about favorite train journeys by an inveterate railway enthusiast and train traveler. A half century career as an engineer, Naval officer, and university administrator took Bill Middleton to almost every part of the globe, and everywhere he took with him an abiding interest in railways, and a notebook and camera to record his experiences. His North American journeys have included experiences as diverse as the long journey north through Manitoba to polar bear country on Hudson Bay, a trip to Minnesota's Mesabi Range to haul a boatload of iron ore to Lake Superior behind a giant Yellowstone articulated steam locomotive, and the trip between Costa Rica's Atlantic and Pacific coasts by narrow gauge railway. His European travels have ranged from a Pullman seat on the crack London-Paris Golden Arrow to the slow trip across Thrace on one of the last runs of the celebrated Simplon-Orient Express. In Asia he traveled through the Toros Mountains of Turkey on the famous Istanbul-Baghdad Toros Express, experienced modern high-speed railroading in the cab of Japan's Bullet Train, and rode to Asia's highest mountain east of the Himalayas on the little trains of Taiwan's Ali Shan Forestry Railway.

Night Trains of British Rail Alan Whitehouse,2016-10-24 In the early 1980s, photographer Alan Whitehouse had privileged access to the night-time operations of British Rail. Using his photographic archive, he has compiled this unique chronological account of a night in the life of the nationalised railway.
