Babies in the Library! Jane Marino,2007-09-19 Eclectic library reading programs for young children have blossomed across the nation over the last decade, encouraging in toddlers a fondness for the library and an excitement for the caches of books to be found there. Likewise, in an effort to promote a love of language in babies as young as three months old, scores of early childhood initiatives are beginning to sprout as well. Aimed at children's librarians and other professionals who work with very young children, this librarian-tested sourcebook provides complete programs that spotlight the value and necessity of singing, speaking, and reading to babies in their earliest months. Ten ready-to-use programs are divided for their intended audience: five for 'pre-walkers' and five for walkers. Marino combines rhymes involving body movement, songs, fingerplays, circle games, and books in ways that teach interaction skills with young children and help to enrich their language and enhance their listening capabilities. Several of the rhymes are repeated in a take-home section to aid librarians and others in charge of children's programs to present parents and caregivers with the tools they need to use rhymes and activities whenever and wherever they want. A helpful bibliography lists the best picture books, programming books, rhyme collections, and numerous recordings that are suitable for very young children. The captivating activities in *Babies in the Library!* will delight the youngest library users while making it easy for librarians to create programs for this important and growing segment of the library population.

Zin's Red Light Room Pat Brown,2015-06-04 Welcome to Planet Waybei, home of Zin Land, a utopian republic ruled by women. While the women of Zin Land dominate their providential society, men are enslaved as Pleasure Males in the government-run Red Light Rooms or worked to death in the fields and mines beyond the city walls. But when a field hand escapes across the Great Desert and raises an army to challenge the monolithic power of the Zin Corporation, it's up to Alice, a rising star in the council government, to defend her country. To defeat Kwan's army, Zin society must evolve—but can Alice change her world in time to save her people, or will Kwan's horde make slaves of them all? The first installment of Pat Brown's Waybei epic, Zin's Red Light Room is at once social commentary and science-fiction opera, a novel that turns the tables on gender and society, inverts traditional power dynamics, and asks the question, Can utopia truly exist? If so, at what cost?
