Somewhere Over the Rainbow Gloria Chadwick,2008 Amanda is a free spirit who somehow manages to get herself stuck in the energy vibration of a physical body. Of course she did it on purpose; nothing happens by accident. She's a little embarrassed to find herself on earth again and wonders how she ended up here when she vowed she'd never reincarnate again. Her most down-to-earth task is to see through the misty illusions of things for herself and to remember her spiritual nature. In the course of events, she gets sidetracked by what everyone says is real life. But she's not sure what's real anymore. She's been dreaming about rainbows lately, and now she's beginning to wonder if her life is really a dream she's having. Lavender is trying to remember something she's forgotten about her spiritual nature so she registers for school in the universe and begins classes in Time and Space, Energy and Matter, and Reality Awareness. She's a little concerned about the whole idea of synchronicity and the simultaneous time-space concept; she's not sure if she can handle everything at once. Her destiny is to unearth the mysteries of the universe and to rediscover the Scroll of Knowledge she wrote in Egypt. But she's reluctant to remember her experiences as a philosopher and has turned off her spiritual awareness. Rainbow is Amanda's higher self and Lavender's teacher who tries to help them see the light within themselves. But Rainbow is really more than she appears to be at first, or even second, glance.

Rainbow of the Soul Maria Kuman,

The Chorus of the body The Symphony of the Soul Namrata Mehrotra,2019-01-20 The book is all about simple methods that we can all adopt in order to attain peace of mind and to learn the ways of spirituality. It educates us about being conscious towards the needs of the soul as much as we are towards bodily needs. Following the methods enlisted, one can gain synchronicity of the soul with the higher energy realm.The book highlights factors that create long-lasting effect on the soul. It is all about keeping your 'soul consciousness' awake. This book will help you gain the perspective of the actual reason of human birth and of how one can be free from karmic bondage and be liberated from the vicious cycle of incarnation.The writings emphasise on the practice of mindfulness which leads one to accept life as it is and to vibrate positivity in every situation of life no matter how negative it may seem. The book highlights the fact that we are lost in a different world that has taught us to analyse ourselves as humans searching for their spiritual awakening, whereas the truth is that we are spiritual beings that are trapped within human incarnation which is so stained with materialistic vices that it knows not which path to tread in life.
