Book of Majors 2013 The College Board,2012-09-01 The Book of Majors 2013 by The College Board helps students answer these questions: What's the major for me? Where can I study it? What can I do with it after graduation? Revised and refreshed every year, this book is the most comprehensive guide to college majors on the market. In-depth descriptions of 200 of the most popular majors are followed by complete listings of every major offered at over 3,800 colleges, including four-year, two-year and technical schools. The 2013 edition covers every college major identified by the U.S. Department of Education — over 1,100 majors are listed in all. This is also the only guide that shows what degree levels each college offers in a major, whether a certificate, associate, bachelor's, master's or doctorate. The guide features: • Insights — from the professors themselves — on how each major is taught, what preparation students will need, other majors to consider and much more! • Updated information on career options and employment prospects. • Inside scoop on how students can find out if a college offers a strong program for a particular major, what life is like for students studying that major, and what professional societies and accrediting agencies to refer to for more background on the major.

The Last Lecture Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy?

When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Echoes of Enlightenment Suzanne M. Bessenger,2016 Echoes of Enlightenment explores the issues of gender and sainthood raised by the recently discovered liberation story of the fourteenth-century Tibetan female Buddhist practitioner Sönam Peldren. Born in 1328, Sönam Peldren spent most of her adult life as a nomad in eastern Tibet until her death in 1372. She is believed to have been illiterate, lacking religious education, and unconnected to established religious institutions. For that reason, and because as a woman her claims of religious authority would have been constantly questioned, Sönam Peldren's success in legitimizing her claims of divine identity appear all the more remarkable. Today the site of her death is recognized as sacred by local residents. Suzanne Bessenger draws on the new-found biography of the saint to understand how the written record of the saint's life is shaped both by the hagiographical agendas of its multiple authors and by the dictates of the genres of Tibetan religious literature, including biography and poetry. She considers Sönam Peldren's enduring historical legacy as a fascinating piece of Tibetan history that reveals much about the social and textual machinations of saint production. Finally, she identifies Sönam Peldren as one of the earliest recorded instances of a historical Tibetan woman successfully using the uniquely Tibetan hermeneutic of deity emanation to achieve religious authority.
