"Wildman" Steve Brill

Working Mother ,1999-05 The magazine that helps career moms balance their personal and professional lives.

Killing Monsters Gerard Jones,2008-08-04
Children choose their heroes more carefully than we think. From Pokemon to the rapper Eminem, pop-culture icons are not simply commercial pied pipers who practice mass hypnosis on our youth. Indeed, argues the author of this lively and persuasive paean to the power of popular culture, even violent and trashy entertainment gives children something they need, something that can help both boys and girls develop in a healthy way. Drawing on a wealth of true stories, many gleaned from the fascinating workshops he conducts, and basing his claims on extensive research, including interviews with psychologists and educators, Gerard Jones explains why validating our children's fantasies teaches them to trust their own emotions, helps them build stronger selves, leaves them less at the mercy of the pop-culture industry, and strengthens parent-child bonds. Jones has written for the Spider-Man, Superman, and X-Men comic books and created the Haunted Man series for the Web. He has also explored the cultural meanings of comic books and sitcoms in two well-received books. In *Killing Monsters* he presents a fresh look at children's fantasies, the entertainment industry, and violence in the modern imagination. This reassuring book, as entertaining as it is provocative, offers all of us-parents, teachers, policymakers, media critics-new ways to understand the challenges and rewards of explosive

material. News From Killing Monsters: Packing a toy gun can be good for your son-or daughter. Contrary to public opinion, research shows that make-believe violence actually helps kids cope with fears. Explosive entertainment should be a family affair. Scary TV shows can have a bad effect when children have no chance to discuss them openly with adults. It's crucial to trust kids' desires. What excites them is usually a sign of what they need emotionally. Violent fantasy is one of the best ways for kids to deal with the violence they see in real life.

The Prairie Homestead Cookbook Jill

Winger, 2019-04-02 Jill Winger, creator of the award-winning blog The Prairie Homestead, introduces her debut The Prairie Homestead Cookbook, including 100+ delicious, wholesome recipes made with fresh ingredients to bring the flavors and spirit of homestead cooking to any kitchen table. With a foreword by bestselling author Joel Salatin The Pioneer Woman Cooks meets 100 Days of Real Food, on the Wyoming prairie. While Jill produces much of her own food on her Wyoming ranch, you don't have to grow all—or even any—of your own food to cook and eat like a homesteader. Jill teaches people how to make delicious traditional American comfort food recipes with whole ingredients and shows that you don't have to use obscure items to enjoy this lifestyle. And as a busy mother of three, Jill knows how to make recipes easy and delicious for all ages. Jill takes you on an insightful and delicious journey of becoming a homesteader. This book is packed with so much easy to follow,

practical, hands-on information about steps you can take towards integrating homesteading into your life. It is packed full of exciting and mouth-watering recipes and heartwarming stories of her unique adventure into homesteading. These recipes are ones I know I will be using regularly in my kitchen. - Eve Kilcher These 109 recipes include her family's favorites, with maple-glazed pork chops, butternut Alfredo pasta, and browned butter skillet corn. Jill also shares 17 bonus recipes for homemade sauces, salt rubs, sour cream, and the like—staples that many people are surprised to learn you can make yourself. Beyond these recipes, The Prairie Homestead Cookbook shares the tools and tips Jill has learned from life on the homestead, like how to churn your own butter, feed a family on a budget, and experience all the fulfilling satisfaction of a DIY lifestyle.

Social Computing and Social Media. Communication and Social Communities Gabriele

Meiselwitz, 2019-07-10 This two-volume set LNCS 11578 and 11579 constitutes the refereed proceedings of the 11th International Conference on Social Computing and Social Media, SCSM 2019, held in July 2019 as part of HCI International 2019 in Orlando, FL, USA. HCII 2019 received a total of 5029 submissions, of which 1275 papers and 209 posters were accepted for publication after a careful reviewing process. The 81 papers presented in these two volumes are organized in topical sections named: Social Media Design and Development, Human Behaviour in Social Media, Social Network Analysis, Community Engagement and

Social Participation, Computer Mediated Communication, Healthcare Communities, Social Media in Education, Digital Marketing and Consumer Experience.

Living with What You Love Monica Rich Kosann, 2010 Famed portrait photographer Monica Rich Kosann has spent a career helping people add a final layer of personality to their home once the interior designer's work is done. Monica's clients--celebrities, designers, socialites--want to find ways to add warmth and love to rooms, celebrating what they cherished most--be it family, pets, jewelry, books, or travel. Having helped countless families artfully present their family photography, heirlooms, and collectibles, she now divulges the secrets to her skill in this book. *Living with What You Love* shows you how to integrate your treasured objects with your home's décor. With inventive ideas as simple as arranging a vignette of vacation souvenirs, and as complex as covering an entire wall with family photographs and memorabilia, *Living with What You Love* offers the skilled guidance of Monica's trained eye. There's inspiration for everyone, and for every type of space, whether small or grand. Anything can be a stage for display: a coffee table can be arranged with collectibles; kitchen shelves a showcase for heirloom stoneware, while walls are a canvas to be covered with happy times. Full of stunning photographs of the homes of real families, those of well-known interior designers, and Monica's own, *Living with What You Love* is a gorgeous and helpful guide that will help you bring your most cherished possessions into your

everyday life. MONICA RICH KOSANN is a nationally recognized fine-art portrait photographer, who has worked with many prestigious families and celebrities, as well as a designer of jewelry and home accessories. Her work has been profiled extensively in national print, such as Town & Country and Elle Décor, and television media, including NBC's Today Show and Tim Gunn's Guide to Style. Her collections are sold in fine jewelry stores and gift shops nationwide, as well as at Barneys, Neiman Marcus, and her own shop within Bergdorf Goodman. Visit her web site at www.thefineartoffamily.com.

The Breakdown of Higher Education John M. Ellis, 2021-08-10 A series of near-riots on campuses aimed at silencing guest speakers has exposed the fact that our universities are no longer devoted to the free exchange of ideas in pursuit of truth. But this hostility to free speech is only a symptom of a deeper problem, writes John Ellis. Having watched the deterioration of academia up close for the past fifty years, Ellis locates the core of the problem in a change in the composition of the faculty during this time, from mildly left-leaning to almost exclusively leftist. He explains how astonishing historical luck led to the success of a plan first devised by a small group of activists to use college campuses to promote radical politics, and why laws and regulations designed to prevent the politicizing of higher education proved insufficient. Ellis shows that political motivation is always destructive of higher learning. Even science and technology departments

are not immune. The corruption of universities by radical politics also does wider damage: to primary and secondary education, to race relations, to preparation for the workplace, and to the political and social fabric of the nation. Commonly suggested remedies—new free-speech rules, or enforced right-of-center appointments—will fail because they don't touch the core problem, a controlling faculty majority of political activists with no real interest in scholarship. This book proposes more drastic and effective reform measures. The first step is for Americans to recognize that vast sums of public money intended for education are being diverted to a political agenda, and to demand that this fraud be stopped.

The Love Dare Alex Kendrick, Stephen Kendrick, 2013-01-01 Unconditional love is eagerly promised at weddings, but rarely practiced in real life. As a result, romantic hopes are often replaced with disappointment in the home. But it doesn't have to stay that way. *The Love Dare*, the New York Times No. 1 best seller that has sold five million copies and was major plot device in the popular movie *Fireproof*, is a 40-day challenge for husbands and wives to understand and practice unconditional love. Whether your marriage is hanging by a thread or healthy and strong, *The Love Dare* is a journey you need to take. It's time to learn the keys to finding true intimacy and developing a dynamic marriage. This second edition also features a special link to a free online marriage evaluation, a new preface by Stephen and Alex Kendrick, minor text updates, and select

testimonials from The Love Dare readers. Take the dare!

Micro Tracy Gardner, Elbrie de Kock, Tech Age Kids, 2018-01-31 **micro: bit** in Wonderland is a coding and craft project book for the BBC **micro: bit** (microbit). The book guides beginners aged 9 and over through 12 projects inspired by Alice's Adventures in Wonderland. The projects develop modern skills in creative and computational thinking, computer programming, making and electronic

Breaking Cover Michele Rigby Assad, 2018 A real-life, can't-put-down spy memoir. The CIA is looking for walking contradictions. Recruiters seek out potential agents who can keep a secret yet pull classified information out of others; who love their country but are willing to leave it behind for dangerous places; who live double lives, but can be trusted with some of the nation's most highly sensitive tasks. Michele Rigby Assad was one of those people. As a CIA agent and a counterterrorism expert, Michele soon found that working undercover was an all-encompassing job. The threats were real; the assignments perilous. Michele spent over a decade in the agency--a woman leading some of the most highly skilled operatives on the planet, secretly serving in some of the most treacherous areas of the Middle East, and at risk as a target for ISIS. But deep inside, Michele wondered: Could she really do this job? Had she misunderstood what she thought was God's calling on her life? Did she have what it would take to survive? The answer came when Michele faced her ultimate mission, one

with others' lives on the line--and it turned out to have been the plan for her all along. In *Breaking Cover*, Michele has at last been cleared to drop cover and tell her story: one of life-or-death stakes; of defeating incredible odds; and most of all, of discovering a faith greater than all her fears.

Cult of Glory Doug J. Swanson, 2021-06-08

"Swanson has done a crucial public service by exposing the barbarous side of the Rangers." –The New York Times Book Review A twenty-first century reckoning with the legendary Texas Rangers that does justice to their heroic moments while also documenting atrocities, brutality, oppression, and corruption The Texas Rangers came to life in 1823, when Texas was still part of Mexico. Nearly 200 years later, the Rangers are still going--one of the most famous of all law enforcement agencies. In *Cult of Glory*, Doug J. Swanson has written a sweeping account of the Rangers that chronicles their epic, daring escapades while showing how the white and propertied power structures of Texas used them as enforcers, protectors and officially sanctioned killers. *Cult of Glory* begins with the Rangers' emergence as conquerors of the wild and violent Texas frontier. They fought the fierce Comanches, chased outlaws, and served in the U.S. Army during the Mexican War. As Texas developed, the Rangers were called upon to catch rustlers, tame oil boomtowns, and patrol the perilous Texas-Mexico border. In the 1930s they began their transformation into a professionally trained police force. Countless movies, television shows, and pulp novels have celebrated the Rangers as

Wild West supermen. In many cases, they deserve their plaudits. But often the truth has been obliterated. Swanson demonstrates how the Rangers and their supporters have operated a propaganda machine that turned agency disasters and misdeeds into fables of triumph, transformed murderous rampages--including the killing of scores of Mexican civilians--into valorous feats, and elevated scoundrels to sainthood. *Cult of Glory* sets the record straight. Beginning with the Texas Indian wars, *Cult of Glory* embraces the great, majestic arc of Lone Star history. It tells of border battles, range disputes, gunslingers, massacres, slavery, political intrigue, race riots, labor strife, and the dangerous lure of celebrity. And it reveals how legends of the American West--the real and the false--are truly made.

The Science of Interstellar Kip

Thorne, 2014-11-07 A journey through the otherworldly science behind Christopher Nolan's award-winning film, *Interstellar*, from executive producer and Nobel Prize-winning physicist Kip Thorne. *Interstellar*, from acclaimed filmmaker Christopher Nolan, takes us on a fantastic voyage far beyond our solar system. Yet in *The Science of Interstellar*, Kip Thorne, the Nobel prize-winning physicist who assisted Nolan on the scientific aspects of *Interstellar*, shows us that the movie's jaw-dropping events and stunning, never-before-attempted visuals are grounded in real science. Thorne shares his experiences working as the science adviser on the film and then moves on to the science itself. In chapters on wormholes,

black holes, interstellar travel, and much more, Thorne's scientific insights—many of them triggered during the actual scripting and shooting of *Interstellar*—describe the physical laws that govern our universe and the truly astounding phenomena that those laws make possible. *Interstellar* and all related characters and elements are trademarks of and © Warner Bros. Entertainment Inc. (s14).

Understanding Media Marshall McLuhan, 2016-09-04
When first published, Marshall McLuhan's *Understanding Media* made history with its radical view of the effects of electronic communications upon man and life in the twentieth century.

The Last Road North Robert Orrison, Dan Welch, 2016-06-19 A guide to the Gettysburg Civil War battlefields and their history, featuring lesser-known sites, side trips, and optional stops along the way. "I thought my men were invincible," admitted Robert E. Lee. A string of battlefield victories through 1862 had culminated in the spring of 1863 with Lee's greatest victory yet: the battle of Chancellorsville. Propelled by the momentum of that supreme moment, confident in the abilities of his men, Lee decided to once more take the fight to the Yankees and launched this army on another invasion of the North. An appointment with destiny awaited in the little Pennsylvania college town of Gettysburg. Historian Dan Welch follows in the footsteps of the Army of Northern Virginia and the Army of the Potomac as the two foes cat-and-mouse their way northward, ultimately clashing in the costliest battle in North American history. Based on the Gettysburg

Civil War Trails, and packed with dozens of lesser-known sites related to the Gettysburg Campaign, *The Last Road North: A Guide to the Gettysburg Campaign* offers the ultimate Civil War road trip. "Orrison and Welch have created something different. Historians must search for innovative ways to engage the public on the battle's relevance. This book offers a new experience for tourists—one that enriches their visit to the site of one of the most consequential battles in American history." —Matt Arendt, TCU, for *Gettysburg Magazine* "Shows a deep knowledge of the subject and the style of writing is clear and easy to follow . . . buy this book!" —Wargames, *Soldiers & Strategy*

Practical Research Paul D. Leedy, Jeanne Ellis Ormrod, 2013-07-30 For undergraduate or graduate courses that include planning, conducting, and evaluating research. A do-it-yourself, understand-it-yourself manual designed to help students understand the fundamental structure of research and the methodical process that leads to valid, reliable results. Written in uncommonly engaging and elegant prose, this text guides the reader, step-by-step, from the selection of a problem, through the process of conducting authentic research, to the preparation of a completed report, with practical suggestions based on a solid theoretical framework and sound pedagogy. Suitable as the core text in any introductory research course or even for self-instruction, this text will show students two things: 1) that quality research demands planning and design; and, 2) how their own research projects can be executed

effectively and professionally.

The Poisonwood Bible Barbara

Kingsolver, 2009-10-13 New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection "Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty." –Los Angeles Times Book Review The Poisonwood Bible, now celebrating its 25th anniversary, established Barbara Kingsolver as one of the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleanna Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and

unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.

Teach Your Child to Read in 100 Easy Lessons

Phyllis Haddox, Siegfried Engelmann, Elaine Bruner, 1986-06-15 A step-by-step program that shows parents, simply and clearly, how to teach their child to read in just 20 minutes a day.

Cathedral of the Wild Boyd Varty, 2014-03-11

"This is a gorgeous, lyrical, hilarious, important book. . . . Read this and you may find yourself instinctively beginning to heal old wounds: in yourself, in others, and just maybe in the cathedral of the wild that is our true home."—Martha Beck, author of *Finding Your Own North* Star Boyd Varty had an unconventional upbringing. He grew up on Londolozi Game Reserve in South Africa, a place where man and nature strive for balance, where perils exist alongside wonders. Founded more than eighty years ago as a hunting ground, Londolozi was transformed into a nature reserve beginning in 1973 by Varty's father and uncle, visionaries of the restoration movement. But it wasn't just a sanctuary for the

animals; it was also a place for ravaged land to flourish again and for the human spirit to be restored. When Nelson Mandela was released after twenty-seven years of imprisonment, he came to the reserve to recover. Cathedral of the Wild is Varty's memoir of his life in this exquisite and vast refuge. At Londolozi, Varty gained the confidence that emerges from living in Africa. "We came out strong and largely unafraid of life," he writes, "with the full knowledge of its dangers." It was there that young Boyd and his equally adventurous sister learned to track animals, raised leopard and lion cubs, followed their larger-than-life uncle on his many adventures filming wildlife, and became one with the land. Varty survived a harrowing black mamba encounter, a debilitating bout with malaria, even a vicious crocodile attack, but his biggest challenge was a personal crisis of purpose. An intense spiritual quest takes him across the globe and back again—to reconnect with nature and "rediscover the track." Cathedral of the Wild is a story of transformation that inspires a great appreciation for the beauty and order of the natural world. With conviction, hope, and humor, Varty makes a passionate claim for the power of the wild to restore the human spirit. Praise for Cathedral of the Wild "Extremely touching . . . a book about growth and hope."—The New York Times "It made me cry with its hard-won truths about human and animal nature. . . . Both funny and deeply moving, this book belongs on the shelf of everyone who seeks healing in wilderness."—BookPage

A Pocket Style Manual Diana Hacker, 2004 Clarity,

J.R. Jeremy Roenick, Kevin Allen, 2012-10-01
Jeremy Roenick, one of the premier hockey players of his generation and one of the greatest American stars the NHL has ever known, shares his life story in this frank and unflinching autobiography. After making his debut as an 18-year-old with the Chicago Blackhawks, Roenick thrilled fans with his flashy style, take-no-prisoners approach, and jaw-dropping skills. A native of Boston, Roenick went on to play for four more franchises including the Philadelphia Flyers and Los Angeles Kings during his incredible 18-season career. By the time he was through, Roenick had racked up 513 goals the second most of any American-born player and 703 assists. Now a tell-it-like-it-is commentator for NBC and the NHL, Roenick takes readers on a behind-the-scenes, warts-and-all tour through his illustrious career, both on and off the ice.

Foraging New York "Wildman" Steve Brill, 2017-05-01 From beach peas to serviceberries, hen of the woods to Indian cucumber, ostrich ferns to sea rocket, this guide uncovers the edible wild foods and healthful herbs of New York. Helpfully organized by environmental zone, the book is an authoritative guide for nature lovers, outdoorsmen, and gastronomes.

Ranger Browser Safe Internet Filter With Customizable Parental 12 Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has become more evident than ever. They have the capability to inspire, provoke, and ignite change. Such may be the essence of the book **Ranger Browser Safe Internet Filter With Customizable Parental 12**, a literary masterpiece that delves deep in to the significance of words and their impact on our lives.
