The book also looks at the history of each Olympic event from inception to the present day, including discontinued events and the four skating events first featured, before the creation of the Winter Olympics, in the 1908 London Summer Olympics. From speed skating to snowboarding, bobsled to ice hockey, the book gives the medals tables, timings, distances, and scores. Playing With Fire Theo Fleury, Kirstie McLellan Day, Wayne Gretzky, 2009-10-01 In *Playing With Fire*, Theo Fleury takes us behind the bench during his glorious days as an NHL player, and talks about growing up devastatingly poor and in chaos at home. Dark personal issues began to surface, and drinking, drugs, gambling, and girls ultimately derailed a career that had him destined for the Hall of Fame. Fleury shares all in this raw, captivating, and honest look at the previously untold story of one of the game's greatest heroes.

My Last Fight Darren McCarty, Kevin Allen, 2014-10-01 Looking back on a memorable career, Darren McCarty recounts his time as one of the most visible and beloved members of the Detroit Red Wings as well as his personal struggles with addiction, finances, and women and his daily battles to overcome them. As a member of four Red Wings' Stanley Cup-winning teams, McCarty played the role of enforcer from 1993 to 2004 and returning again in 2008 and 2009. His "Grind Line" with teammates Kris Draper and Kirk Maltby physically overmatched some of the best offensive lines in the NHL, but he was more than just a brawler: his 127 career goals included several of the highlight variety, including an inside-out move against Philadelphia in the clinching game of the 1997 Stanley Cup Finals. As colorful a character as any NHL player, he has arms adorned with tattoos, and he was the lead singer in the hard rock band Grinder during the offseason. Yet this autobiography

details what may have endeared him most to his fans: the honest, open way he has dealt with his struggles in life off the ice. Whether dealing with substance abuse, bankruptcy, divorce, or the death of his father, Darren McCarty has always seemed to persevere.

"This Is Berlin" William L. Shirer, 2014-11-17 The legendary CBS news journalist's selection of iconic World War II radio broadcasts from countries throughout Europe. William L. Shirer was the first journalist hired by CBS to cover World War II in Europe, where he continued to work for over a decade as a news broadcaster. This book compiles two and a half years' worth of wartime broadcasts from Shirer's time on the ground during WWII. He was with Nazi forces when Hitler invaded Austria and made it a part of Germany under the Anschluss; he was also the first to report back to the United States on the

armistice between France and Nazi forces in June of 1940. His daily roundup of news from Paris, Vienna, Berlin, Rome, and London, which documented Nazi Germany and the conditions of countries under invasion and at war, became famous for its gripping urgency. Shirer brought a sense of immediacy to the war for listeners in the United States and worldwide, and his later books, including the seminal *Rise and Fall of the Third Reich*, became definitive works on World War II history. This collection of Shirer's radio broadcasts offers all the original suspense and vivid storytelling of the time, bringing World War II to life for a modern audience.

Twilight of the Exiles Cyprian Fernandes, 2020-12-10 TWILIGHT OF THE EXILES
I DEDICATE THIS book (could be my last unless ...) to all the people who were forced to leave their birth-mother countries because of the Africanisation program enforced by the newly independent nations. I call these people, myself and my family included the exiles of eastern Africa. Most exiles have adopted and adapted to their new homes and countries of the diaspora. There are some, however, who will never forgive the Africans, especially the Ugandan dictator Idi Amin, for virtually chucking them out. It was generally a quite brutal exodus for most, but Idi Amin was particularly savage in forcing the Asians out of their beloved Uganda. Others knew from the very start of the independence process that there was no place for them in African and that a day would come when they would have to leave. My family and I were this mind that is why we did not Kenya citizenship. But you can't stop loving the yearning for the country of your birth. Sure, some of these countries are no longer 100% safe with a high crime rate and most people tend to say thank God I live in Canada, Australia, New Zealand, Europe or elsewhere. But that does not stop them from jumping out of comfy chairs screaming their lungs out, encouraging a Kenya victory on the track while watching it on

television. Nostalgia binds us all and memory and nostalgia are stepmothers of a kind. We return at least once (or twice or three times, or whenever we can) to the old country and bask in its sunshine, feast on its cuisine and devour its fruit, and go on safaris in search of the Big Five Lion, Leopard, Elephant, Rhino, Buffalo and relive the dreams and memories of yesterday. One of the key elements of these nostalgia safaris is to meet up with friends and family who remained behind. They have prospered and done well for themselves. A visit to the Nairobi Goan Gymkhana, a meet-and-greet or a koroga (cooking) party at the Nairobi Goan Institute or the Mombasa Goan Institute is always high on the travelling menu. For a few days, or a week or two, or four, we live the life that we had become accustomed to before we had to leave. From the sidelines of the diaspora, most exiles wish nothing but the best for their countries of birth: safe cities and towns, a solution for the shanty towns and their people, elimination of political and monetary corruption. Most exiles remember one side of the colonial era with great nostalgia: good law and order. The other, colour-bar, exploitation of the African and the wholesale robbery of tribal lands and the crimes committed against the people of these former colonies, they would rather not think about. Most Africans have forgotten about the sad and ugly past. Similarly, like much of the nostalgia, Nairobi is wiping out with every new mega-structure, the bits that will now live in the memory of the aged (both exiles and the folks who live there) and soon all that reminds of the past in Nairobi will be there no

longer. For a start, the exiles cannot recognise the new street names. Nor can we remember what was where in our youth or while we were adults. There are those who have cut the umbilical cord and have erased Kenya from all of their memory but bear no ill feelings towards anyone. If there are no keepers of our collective and individual memory left alive, then we cease to exist completely, much more so than if we were remembered. The ground is called laterite and is a clay which has been enriched with Iron and aluminium that has been developed over long periods by the heavy rainfalls and the intense heat. Sometimes the material is rock hard but when scuffed by vehicle wheels, it becomes a choking, red dust. The iron is the origin of the redness, it is a rusty red colour. - Jack Hill. FOR a long time, I have been writing and talking about our East African DNA. Most Europeans will tell you of their love for their Kenya, Uganda, Tanzania... The histories of these countries' past are in the blood.

It's Our Game Michael McKinley, 2014-10-28 If every hockey player's dream begins on a frozen pond, it reaches its pinnacle in a packed arena facing off against a bitter international rival. Could be the mighty Soviets. Could be the vainglorious Americans. Doesn't matter, as long as the guys, and more recently, the women, who come from the farming villages, logging towns, and bustling cities of Canada show up to play the game the way we invented it to be played. That's the way it's been for a hundred years. No game matters more than the one that pits our best against the world's best. From the earliest

days of the past century, when milkmen still did their rounds in horse-drawn carts each morning, to the Sochi Olympics, where both the men and women stood on their blue lines with gold medals around their necks as the Canadian flag was raised. This beautiful book, with rare archival images, celebrates a hundred of the greatest moments from Hockey Canada, the organization that has given Canada its most cherished hockey memories. It's Our Game is the definitive account of a century of Canadians working to be the best at the sport they love most.
