Raising Razorbacks: A Collection of Burnett Stories Jeni Bea Hopkins, 2019-11-04 What does it take to mold three young men into Razorbacks? Being a part of the Arkansas Razorback football program is a tremendous honor. But for the Burnett brothers of Smackover, Arkansas, the honor was tripled! Bobby, Tommy, and Billy all played as Hogs for the Arkansas Razorbacks--a rare feat--and all three left their mark on Arkansas football and beyond. Raising Razorbacks: A Collection of Burnett Stories shares anecdotes and behind-the-scenes stories of a family who produced three highly successful athletes. With humor and humility, Bobby, Tommy, and Billy share their experiences growing up with their parents, Clell and Frances, and what it took to forge successful careers as Razorbacks and more. The Burnett brothers not only excelled on the football field; they are scholars, gentlemen, and family men whose legacy continues to this day. They Played for Laughs Jim Brewer, 2021-01-09 At a time when college football players routinely take under-the-table cash from boosters, when a player's father shops his son to the highest bidder, when a coach discovers violations by his players and sweeps them under the rug, the story of Stewart Ferguson and the Wandering Weevils is a timely reminder that the game wasn't always saturated with money and corruption - that there

once was a team that played the game for laughs. From 1939 to 1941, the football team from tiny Arkansas A&M College (now the University of Arkansas at Monticello) traveled the country from coast to coast in a battered green school bus playing football for fun. Their coach, a quirky iconoclast named Stewart Ferguson, was also a professor of history, dean of men, and in possession of the most coveted contract in the history of coaching; Ferguson did not have to win a game - not one - for three years. He thumbed his nose at college football's establishment and played the game on his terms. His players were country boys from the segregated South and most had never been more than 10 miles from home. For three seasons, they traveled thousands of miles and along the way they walked the streets of New York, met movie stars and politicians, and stood on the shores of both the Atlantic and Pacific Oceans. They played their first game against an African-American and were exposed to different people, cultures and ideas that challenged their preconceived notions and prejudices. They became national sensations. Collier's magazine called them the Marx Brothers of college football. They rode bicycles from sideline to huddle and stood at attention with their helmets removed as enemy ball carriers raced through them for touchdowns. They tackled their own quarterback, quacked like ducks in the rain, and serenaded fans with their own version of You Are My Sunshine. They lost most of the time, but Ferguson didn't care and neither did his players. As Ferguson often told repo

The Team No One Wanted to Play P. R. Burkhead, 2019-12-18 The incredible true story of a school in rural Arkansas led by Coach Frank McClellan. During his time at Barton, the Bears won eight state titles, set a state record sixty-three straight wins, and one hundred eleven straight regular season wins. Coach McClellan is the winningest football coach in Arkansas high school football and is in the top forty all-time in the United States. Coach McClellan and the Bears were at one time so dominant, they had to find out of state opponents in order to try and fill their schedule. In 1989, the Bears were only able to play seven regular season games. His teams accomplished many of these feats with sometimes no more than sixteen players on the roster. The Bears were at many times undersized, yet they had over-sized hearts that pushed them to victory. Coach McClellan retired after the 2005 season. Since then, no coach or team in Arkansas has come close to what Coach McClellan and his mighty Bears were able to do.

Through the Eyes of a Champion Jeff Kinley, Frank Broyles, 2001 Burlsworth excelled in high school football, made All-Conference and All-State, and walked on to the University of Arkansas to become the first All-American from that program in a decade. Selected in the third round of the 1999 NFL draft by the Indianapolis Colts, he went to mini-camp but was killed a few days later in an auto accident. His motivation and drive to be the best stemmed from his character of integrity and the stand that he took as a Christian.

Culture Centers in Higher Education Lori D. Patton, 2023-07-03 Are cultural centers ethnic enclaves of segregation, or safe havens that provide minority students with social support that promotes persistence and retention? Though Black cultural centers boast a 40-year history, there is much misinformation about them and the ethnic counterparts to which they gave rise. Moreover, little is known about their historical roots, current status, and future prospects. The literature has largely ignored the various culture center models, and the role that such centers play in the experiences of college students. This book fills a significant void in the research on ethnic minority cultural centers, offers the historic background to their establishment and development, considers the circumstances that led to their creation, examines the roles they play on campus, explores their impact on retention and campus climate, and provides guidelines for their management in the light of current issues and future directions. In the first part of this volume, the contributors provide perspectives on culture centers from the point of view of various racial/ethnic identity groups, Latina/o, Asian, American Indian, and African American. Part II offers theoretical perspectives that frame the role of culture centers from the point of view of critical race theory, student development theory, and a social justice framework. Part III focuses specifically on administrative and practice-oriented

themes, addressing such issues as the relative merits of full- and part-time staff, of race/ethnic specific as opposed to multicultural centers, relations with the outside community, and integration with academic and student affairs to support the mission of the institution. For administrators and student affairs educators who are unfamiliar with these facilities, and want to support an increasingly diverse student body, this book situates such centers within the overall strategy of improving campus climate, and makes the case for sustaining them. Where none as yet exist, this book offers a rationale and blueprint for creating such centers. For leaders of culture centers this book constitutes a valuable tool for assessing their viability, improving their performance, and ensuring their future relevance - all considerations of increased importance when budgets and resources are strained. This book also provides a foundation for researchers interested in further investigating the role of these centers in higher education.

Fastpitch Erica Westly, 2017-04-04 From its humble beginnings in 1887, when it was invented in a Chicago boat club and played with a broomstick, to the rise in the 1940s and 1950s of professional-caliber company-sponsored teams that toured the country in style, softball's history is as diverse as it is fascinating. Though it's thought of today as a woman's sport, fastpitch softball's early years featured several male stars, such as the vaudeville-esque Eddie Feigner, whose signature move was striking out batters while blindfolded. But because softball was one of the only team sports that women were allowed to play competitively, it took on added importance for female athletes. This book chronicles its history.

Free as a Jew Ruth R. Wisse, 2021-09-21 First came parents with the good sense to flee Europe in 1940 and the good fortune to reach the land of freedom. Their daughter, Ruth, grew up in the shadow of genocide—but in tandem with the birth of Israel, which remained her lodestar. She learned that although Jewishness is biologically transmitted, democracy is not, and both require intensive, intelligent transmission through education in each and every generation. They need adults with the confidence to teach their importance. Ruth tried to take on that challenge as dangers to freedom mounted and shifted sides on the political spectrum. At the high point of her teaching at Harvard University, she witnessed the unraveling of standards of honesty and truth until the academy she left was no longer the one she had entered.

At Seaman's Bethel Theater in Mobile, Alabama, actors and staff are frightened by the unnerving sounds of a child's laughter. The ghost of Alfred Victor DuPont, a noted ladies' man, is said to harass female employees in the stairwell at DuPont Mansion in Louisville, Kentucky. The Café Vermilionville is housed in what is reputed to be Lafayette's first inn. A young girl in a yellow dress, thought to be a previous owner's daughter who died from polio around the time of the Civil War, startles patrons from the balcony of the restaurant.
