**Peter Jaggs**

*Metal Detecting the Beach* Mark Smith, 2013-02-13 Do you ever dream of finding buried treasures on the beach? Have you sat there and watched as other people comb the beach with their metal detectors wondering if they ever really find anything? Do you think that they would be there doing it if they were not finding anything? These people are digging up silver, gold, diamonds, platinum, old coins, and every other type of treasure that you could imagine. It is real. There is an entire world of buried treasure right beneath your feet, and it is waiting for you to dig it all up. Finding that buried treasure does not have to be a dream. In fact, it is pretty darn simple as long as you know a few basics. You can get lucky. Anyone can get lucky, but knowing how to look at a beach and know exactly where the gold is, is a skill that most people only learn from experience. In this treasure hunting book, Mark Smith, a professional beach bum tells you exactly how he has found loads of treasure. There is more to it than swinging a coil, enjoying the scenery, and enjoying the breeze. Learn how to find treasure by: learning common metal detector terminology, types of water metal detectors, a metal detectors anatomy, other equipment you will need, proper etiquette, what you can expect to find, why you should never throw anything away, how to identify your finds, how to identify jewelry, how to tell if it is real gold, how to metal detect with children, the influence of the tides, how seasons and weather can uncover lost treasures from years past, how to pinpoint targets, how to quickly retrieve targets, how to zero in on certain locations and leave nothing uncovered. Learn from more than just words. Fully illustrated diagrams and real life pictures describe in detail various conditions of the beach, and how to find treasure on them. This book is more than just a how to metal detect at the beach book. It is full of real life treasure finding experiences that can easily happen to anyone that is swinging a coil over the sand. Learn how you can find Silver, Gold, Diamonds and more.

Easy Guide to Metal Detecting Steve Healy,2020-10-23 NEW  
TO METAL DETECTING? Want to start hunting without a long learning curve? This Quickstart Guide will have you out in the field and hunting productively in just a few hours! This isn't an exhaustive guide to everything you'll ever want to know about metal detecting. It's not a complete course in treasure hunting. It's a quick read from a detectorist who's been swinging a machine long enough to know how to do it successfully, but who hasn't forgotten what it feels like to be just beginning and needing a place to start smart. You know you're just itching to get your detector out in the field to find all kinds of cool stuff, but who wants to wade through a thick book or watch a hundred videos first? If you have a detector and a few simple accessories, you can start reading this handy little easy guide while you eat breakfast and be digging your first target before lunch! Then use the resources provided to learn how to identify your finds. There is more to it than swinging a coil, enjoying the scenery, and enjoying the breeze. Learn how to find treasure by: learning common metal detector terminology, types of water metal detectors, a metal detectors anatomy, other equipment you will need, proper etiquette, what you can expect to find, why you should never throw anything away, how to identify your finds, how to identify jewelry, how to tell if it is real gold, how to metal detect with children, the influence of the tides, how seasons and weather can uncover lost treasures from years past, how to pinpoint targets, how to quickly retrieve targets, how to zero in on certain locations and leave nothing uncovered. Learn from more than just words. So, lose those newbie blues: Read this guide and get out there, for memorable days of saving history. Happy hunting

*Metal Detecting for Kids* Mark Smith,2014-10-30 Perfect for kids! My son loved it! - Jason in Colorado Perfect gift to go along with my child's new metal detector. - Mike in Michigan My kids

love adventure and this book showed them how to get out there and claim their own! - Julie in Florida Absolute must buy for the young adventurer! Tim in Idaho. Simple and easy to understand. Exactly what my son needed. Bob in Texas These days it can be tough to get kids outside, but hand them a metal detector and tell them they can easily find treasure and they will be knocking the door down. Finding treasure with a metal detector is an adventure that every kid will enjoy. Best selling author and seasoned treasure hunter Mark Smith shows children the right way to get out there and find their very own piece of treasure in this simple to understand metal detecting guide book for kids. Packed full of great information on how and where to find treasure with a metal detector, kids will love to get outside and find their own share. Finding treasure with a metal detector is real and kids will know how simple and easy it is after they read this book. Fully illustrated diagrams and real life pictures describe in detail the easiest ways to not only locate treasure, but safely recover it as well. Kids will simply love it! What are you waiting for? Pick up a copy today!

**Inside the Metal Detector** George Overton, Carl

Moreland, 2015-06-01 A detailed look at metal detector technology and design, with experiments and projects.

**Treasure Hunting for Profit: with and Without a Metal Detector** David Villanueva, 2018-09 Treasure hunting is one of the few hobbies that can actually cost you nothing to take part but potentially bring you a fortune. Terry Herbert, the finder of the Staffordshire Saxon hoard received half of £3.28 million for basically a few hours enjoyable work with an old metal detector he bought for £2.50. But money is not the only reward; this fascinating pursuit breathes life into history and archaeology and offers healthy exercise to boot. This manual describes in detail how and where in Britain you can profitably: \* Use a metal detector \* Beachcomb for lost valuables \* Find Gold, Minerals, Gemstones & Meteorites \* Search for Fossils \* Hunt for treasure in innumerable places If you dream of finding buried treasure,

improving your finds rate or exploring new avenues for fun and profit, this book is for you.

**Metal Detecting: Without a Detector: How to Find Treasure When You Can't Use Your Metal Detector (Gold, Coins & Jewelry)** Sam Sommer Mba, 2017-01-25 How To Find Gold and Silver Without Metal Detecting - Too Hot or Too Cold To Go Metal Detecting - I Have A Solution And you thought there is no such thing as free money - think again! No more running around to yard sales or flea markets or even metal detecting. A 50 year gold and coin expert will teach you his proven techniques. With this simple system valuable items come to you - no more chasing after them. This brand new book includes special information, revealed for the first time Now you can work from home and bring in that extra income you wanted There is no easier way to make money than this You will learn: How to find valuable gold, silver and jewelry from home How to determine if the item is real or fake How to determine the exact value of gold, silver and jewelry How to buy valuable items for a fraction of their worth How to sell so you can realize large profit The techniques used to control every transaction And so much more Anyone looking to make extra cash, extra income, work from home, start a home based business, learn about gold, silver, jewelry and rare coins should read this book. No experience is need. I will show you everything you need to know and how to become successful at this. My 50 plus years of knowledge will be passed on to you! Tags: Metal Detecting, Find Gold, Find Silver, Find Coins, Find Jewelry

*Amazing Metal Detecting Stories* Rob Myers, 2019-04-15 In this short book, you will find 13 amazing discoveries made by detectorists just like you. They are real metal detecting stories by real people. I hope they inspire and motivate you to be one of them. It is not as difficult as you think. Amateurs and even kids, as you will find in this book, made life-changing discoveries. These discoveries are jaw-dropping. From huge gold nugget (I mean really huge) to precious historical hoards. After reading these

stories, I am sure many of you won't be able to resist you will just want to grab your detector and hit the soil with the coil. In addition to storytelling, I have included some lessons that we should learn from these experiences. I hope you find the book is easy to read, easy to digest and straight to the point.

**Modern Metal Detectors** Charles L. Garrett,1985-04-01 This book has been extremely useful to me in understanding all there is to know about metal detectors. To a beginner this is absolute required reading, and for the experienced detectionist, it is still of profound value because of the advice that it gives. This book helped me purchase the right metal detector and following its advice paid for the book the first time I went out metal detecting after reading it. If you are only going to have only two or three books in your personal metal detecting library this one should be one of those two or three! Happy Hunting!

*Metal Detecting* Leon Johnson,2023-12-29 In this guide, you'll learn what this hobby is all about, why it has become so popular, what you'll need to get started, and so much more! Learning to use a metal detector will allow you to unearth all sorts of interesting and possibly valuable items! Coins, precious metals, jewelry, artifacts, war relics - with a metal detector and a little know-how who knows what you'll find right under your feet? You'll definitely have fun and you might even make a few bucks along the way! You will learn: How to find valuable gold, silver and jewelry from home How to determine if the item is real or fake How to determine the exact value of gold, silver and jewelry How to buy valuable items for a fraction of their worth The type of metal detector you get depends upon where you plan on going and what you want to find. Some detectors are especially effective in areas where there is lots of buried trash while others are specifically designed to locate gold. Think about the areas you plan on traveling to in order to carry out your hunts for treasure and understand how the various frequencies of metal detectors play a role in terms of its effectiveness with certain types of

ground and metals.

*The Advanced Handbook on Modern Metal Detectors* Charles L. Garrett, 1985

*Metal Detecting: a Beginner's Guide* Mark Smith, Administrative Officer Mark Smith, 2014-01-15 Old coins, lost jewelry... there is an entire world of buried treasure right under our feet. Smith shows you how to claim your share. Fully illustrated diagrams and real life pictures describe in detail the easiest ways to not only locate treasure, but safely recover it as well.

**Metal Detecting Hidden Places** Rob Mustin, 2015-02-28  
Metal Detecting is Easy Finding New Places that are Old & Forgotten is the Tricky Part... If we all had a Treasure Map then this would be too easy and there would be no buried Treasure left to go out and find. My guide will help you create your own real treasure map. I quickly learned about 6 months after I started metal detecting that I need to do something different. I have hunted the beaches, hunted all kinds of parks and every school yard within 30 miles, I want to hunt something different. I wanted to hunt something really old; I want to hunt somewhere that would give me the chance to find something worth bragging about on all the Social Media outlets. I wanted to find relics that have a story. I was so tired of reading and seeing all the pictures on Facebook and other social media outlets about these great finds from the 1800's or even older, why can't I dig up something like what other people seem to be finding? So I started researching about old places and the history right here in my own zip code, I was shocked at what I was quickly learning about my own city. I couldn't believe how much history had taken place within a few miles from my own front porch. Even though I grew up here, I must have forgotten about all the land marks that I have passed by over the last 40 years, tunnel vision as most would call it. So after finding all kinds of new hunting places, I did what anyone else would do these days, I created a group page on Facebook and I started posting information and the pictures of all the new

locations I had found to go out and hunt. Next thing I know, I have over 600 followers. Then people started posting request for me to help find Old & Forgotten places where they lived. I started posting those new places for them to go out and hunt. Then I started to get even more request on a daily basis. A lot of the new requests were coming in as a private message asking me if I “would not post the info I had found publicly”. We Treasure Hunters DO NOT like to share information about a great location; hmmm seems when we do share a location, everyone shows up with a Metal Detector looking for buried Treasure. After getting more request then I could get to on a daily bases, someone had asked me if I had an eBook or any kind of Instructable guide, which could show them how to Research and Locate Old and Forgotten Places. What a Great Idea... So here is my complete step by step guide on how to research online, using several FREE interactive tools and websites available to anyone. I would also like to add, there is nothing to sign up for or purchase with the websites and online resources I use. By following my Guide, I explain in great detail how to use each of these FREE tools available. When you use these tools in conjunction with each other, you will see that you have a complete arsenal of information that will help anyone locate new hunting places quickly. Let the hunt begin...

Metal Detecting Useful Tips Jamie Ear, 2021-04-16 A lot of folks, hear the term 'metal detecting' and automatically imagine the crazy old guy they saw walking up and down the shoreline on their beach vacation last summer. But when you look at this surprisingly addictive hobby, there's so much more to it than just looking funny at the beach. This Metal Detecting Guidebook includes: learning common metal detector terminology, types of water metal detectors, a metal detectors anatomy, other equipment you will need, proper etiquette, what you can expect to find, why you should never throw anything away, how to identify your finds, how to identify jewelry, how to tell if it is real gold, how to metal detect with children, the influence of the tides, how

seasons and weather can uncover lost treasures from years past, how to pinpoint targets, how to quickly retrieve targets, how to zero in on certain locations and leave nothing uncovered. Learn from more than just words. So, lose those newbie blues: Read this guide and get out there, for memorable days of saving history.

*Discovering Metal Detecting on a Thailand Beach* Peter Jaggs, 2011-03-19 Hunting for pirates' hidden gold and silver in the golden sands of a palm-fringed, exotic tropical island was the daydream of many of us when we were school kids. Unfortunately it is a fantasy that almost nobody can ever fulfill. This unusual and completely original book will tell you how anyone can embark on the next best thing though, and will take you on a layman's treasure hunt under tropical moons and blazing sunrises; sharing a few of the secrets of how to recover some of the millions of lost items of jewelry and coins that lie buried beneath the surface of many beaches around the world. Peter Jaggs spent six months searching the seashore of a Thai tourist town without previously ever having had any experience of beach metal detecting, and the diary he wrote whilst learning how to do so provides a humorous, enlightening and entertaining read. Whether you are a novice or an expert, or even if you have never picked up a metal detector before, you will find that 'Discovering Metal Detecting on a Thailand Beach' is very much more than a technical guide to amateur treasure hunting and the stories and incidents recounted in this book will amuse and surprise followers of the hobby as well as those who are merely curious. Join Peter Jaggs and share in the sights, meet some of the characters and unearth some of the treasure he found during the time he passed using a C-Scope CS4PI metal detector on the sands of an engaging beach resort in Thailand.

*Metal Detecting: a Beginner's Guide* Administrative Officer Mark Smith, Mark Smith, 2014-08-14 Old coins, lost jewelry... there is an entire world of buried treasure right under our feet. Smith shows you how to claim your share. Fully illustrated diagrams and

real life pictures describe in detail the easiest ways to not only locate treasure, but safely recover it as well.

*Dowsing for Treasure* David Villanueva, 2016-01-08 DOWSING for TREASURE: THE NEW SUCCESSFUL TREASURE HUNTER'S ESSENTIAL DOWSING MANUAL reveals secrets known only to a few amazingly successful treasure hunters. If you want to find all the treasure you can handle - gold, silver, coins, jewels or anything else you call treasure - real fast. And if you want to find all this treasure without spending a fortune on expensive equipment or books and courses, using up all your free time studying and trying to put complicated rituals into practice in the field, then this essential manual was written for you! Expert metal detectorist, treasure hunter and internationally acclaimed author, David Villanueva, draws on his many years of experience at successfully dowsing for treasure to reveal ALL in this fact-packed manual. This completely revised and updated edition of the original SUCCESSFUL TREASURE HUNTER'S ESSENTIAL DOWSING MANUAL is a revolutionary new guide to finding treasure, which shows how anyone - beginner or seasoned professional - can easily use the skills they probably never realized they had, to locate treasure - wherever it lies hidden. And, just as importantly, how to pinpoint and recover that treasure fast.

**Minelab Excalibur Diary** Peter Jaggs, 2013-08-01 The Minelab Excalibur has been hailed as the best beach metal detector in the world and is widely used by many metal detectorists, both hobbyists and professionals alike. This book takes the reader through the first six months of the author owning and searching almost every day with a Minelab Excalibur and gives a valuable insight into what the potential user of such a machine is bound to experience. Minelab Excalibur Diary provides an unparalleled look at the ups and downs of mastering the Minelab Excalibur and deals with the problems that the beginner is likely to experience with his new machine. It also covers some of the modifications that can be made to make beach metal detecting

easier, as well as dealing with the changing conditions of beaches and tides that can make a day's shore hunting either a golden success or a complete failure. Perhaps most importantly, the book also conveys to the reader the necessity of developing the right attitude to successful beach metal detecting with the Minelab Excalibur metal detector. Minelab Excalibur Diary is unique in as much as it is the true record of a metal detectorist's first seven months spent in a concentrated effort searching a single Thai beach rather than a conventional guide or a reference book. Although the diary is set on a beach in Thailand, the book provides a valuable and enjoyable read and will assist the owners of Minelab Excalibur metal detectors to a greater understanding of both their machines and the shorelines of any beaches in any country in the world.

*How to Research for Treasure Hunting and Metal Detecting*

Otto von Helsing, 2013-01-04 Treasure hunting is all about research. Jars of gold coins are hard to find. Even harder if the treasure hunter doesn't do proper research. Ever wanted to learn how to find virgin coin hunting spots? Or get leads on buried caches of coins? The research methods are presented herein, but only for those who want to learn the craft. Within these pages you will find wisdom and knowledge of how to do proper research for treasure hunting and metal detecting. Written by a seasoned professional who is retiring from the field and wants to show others how to be great at researching treasure leads and coin hunting sites.
