Succeeding as a Documentary Filmmaker Alan Rosenthal, 2011-03-01 While many film programs prepare students for the realities of Hollywood, comparatively little guidance is provided for the aspiring documentary filmmaker. Alan Rosenthal fills this void with *Succeeding as a Documentary Filmmaker: A Guide to the Professional World*. Unlike traditional manuals on documentary filmmaking, which focus primarily on the creation of films, this user-friendly volume draws upon real-world examples and the advice of experienced filmmakers to provide essential information about the nonfiction movie business. From the basics of the current film business environment and how to navigate it, to tips on how to maximize distribution and sales for a finished film, Rosenthal leads novice filmmakers step-by-step through the professional arena of documentary moviemaking. Included here are recommendations for how to make the most of a film school education; the best ways to find financing for a film and the realities of working with a budget; how to develop a successful proposal for a project; the intricacies of working both as an independent filmmaker and for others; and insight into the often complicated arenas of contracts and markets.

Throughout the volume, Rosenthal shares the expertise of actual filmmakers on such subjects as film school and starting a career; pitching and funding projects; contract negotiation; effective marketing; and commissioning editors and legal help. Not limiting himself to merely the documentary world, the author also offers valuable information and advice for filmmakers interested in other genres of nonfiction movies - such as industrial, public relations, travel, and educational films - to provide a truly comprehensive and one-of-a-kind guide for readers. Packed with useful tips for novices, film students, and practitioners alike, *Succeeding as a Documentary Filmmaker* is an indispensable addition to the library of anyone involved in the world of nonfiction filmmaking.

Realer Than Reel David Hogarth, 2009-11-20 Television and globalization have transformed the traditional documentary almost beyond recognition, converting what was once a film genre devoted to public service and education into a popular televisual commodity with productions ranging from serious public affairs programming to TV reality shows and docusoaps. *Realer Than Reel* offers a state-of-the-art overview of international documentary programming that investigates the possibilities documentary offers for local and public representation in a global age, as well as what actually constitutes documentary in a time of increasing digitalization and manipulation of visual media. David Hogarth focuses on public affairs, nature, and reality shows from around the world, drawing upon industry data, producer interviews, analyses of selected documentary programs, and firsthand observations of market sites. He looks at how documentary has become a transnational product through exports, co-ventures, and festival contacts; how local and regional place is represented in global documentary, especially by producers such as Discovery Networks International and the National Geographic Channel; how documentary addresses the needs of its viewers as citizens through public service broadcasting; and how documentary is challenging accepted conventions of factuality, sense, and taste. The concluding chapter considers the future of both documentary as a genre and television as a global factual medium, asking whether TV will continue to document the world in any meaningful sense of the term.

Real Sister Jervette R. Ward, 2015-11-02 From *The Real Housewives of Atlanta* to *Flavor of Love*, reality shows with predominantly black casts have often been criticized for their negative representation of African American women as loud, angry, and violent. Yet even as these programs appear to be rehashing old stereotypes of black women, the critiques of them are arguably problematic in their own way, as the notion of "respectability" has historically been used to police black women's behaviors. The first book of scholarship devoted to the issue of how black women are depicted on reality television, *Real Sister* offers an even-handed consideration of the genre. The book's ten contributors—black female scholars from a variety of disciplines—provide a wide range of perspectives, while considering everything from *Basketball Wives* to *Say Yes to the Dress*. As regular viewers of reality television, these scholars are able to note ways in which the genre presents positive images of black womanhood, even as they catalog a litany of stereotypes about race, class, and gender that it tends to reinforce. Rather than simply dismissing reality television as "trash," this collection takes the genre seriously, as an important touchstone in ongoing cultural debates about what constitutes "trashiness" and "respectability." Written in an accessible style that will appeal to reality TV fans both inside and outside of academia, *Real Sister* thus seeks to inspire a more nuanced, thoughtful conversation about the genre's representations and their effects on the black community.

Hanging Out, Messing Around, and Geeking Out, Tenth Anniversary Edition Mizuko Ito, Sonja Baumer, Matteo Bittanti, Danah Boyd, Rachel Cody, 2019-10-01 The tenth-anniversary edition of a foundational text in digital media and learning, examining new media practices that range from podcasting to online romantic breakups. *Hanging Out, Messing Around, and Geeking Out*, first published in 2009, has become a foundational text in the field of digital media and learning. Reporting on an ambitious three-year ethnographic investigation into how young people live and learn with new media in varied settings—at home, in after-school programs, and in online spaces—it presents a flexible and useful framework for understanding the ways that young people engage with and through online platforms: hanging out, messing around, and geeking out, otherwise known as HOMAGO. Integrating twenty-three case studies—which include Harry Potter podcasting, video-game playing, music sharing, and online romantic breakups—in a unique collaborative authorship style, *Hanging Out, Messing Around, and Geeking Out* combines in-depth descriptions of specific group dynamics with conceptual analysis. Since its original publication, digital learning labs in libraries and museums around the country have been designed around the HOMAGO mode and educators have created HOMAGO guidebooks and toolkits. This tenth-anniversary edition features a new introduction by Mizuko Ito and Heather Horst that discusses how digital youth culture evolved in the intervening decade, and looks at how HOMAGO has been put into practice. This book was written as a collaborative effort by members of the Digital Youth

Project, a three-year research effort funded by the John D. and Catherine T. MacArthur Foundation and conducted at the University of California, Berkeley, and the University of Southern California.

Hanging Out, Messing Around, and Geeking Out Mizuko Ito, Sonja Baumer, Matteo Bittanti, Danah Boyd, Rachel Cody, 2009-10-30 An examination of young people's everyday new media practices—including video-game playing, text-messaging, digital media production, and social media use. Conventional wisdom about young people's use of digital technology often equates generational identity with technology identity: today's teens seem constantly plugged in to video games, social networking sites, and text messaging. Yet there is little actual research that investigates the intricate dynamics of youths' social and recreational use of digital media. *Hanging Out, Messing Around, and Geeking Out* fills this gap, reporting on an ambitious three-year ethnographic investigation into how young people are living and learning with new media in varied settings—at home, in after-school programs, and in online spaces. Integrating twenty-three case studies—which include Harry Potter podcasting, video-game playing, music sharing, and online romantic breakups—in a unique collaborative authorship style, *Hanging Out, Messing Around, and Geeking Out* is distinctive for its combination of in-depth description of specific group dynamics with conceptual analysis.

Almost Hollywood, Nearly New Orleans Vicki Mayer, 2017-02-24 A free ebook version of this title is available through Luminos, University of California Press's Open Access publishing program. Visit www.luminosoa.org to learn more. Early in the twenty-first century, Louisiana, one of the poorest states in the United States, redirected millions in tax dollars from the public coffers in an effort to become the top location site globally for the production of Hollywood films and television series. Why would lawmakers support such a policy? Why would citizens accept the policy's uncomfortable effects on their economy and culture? *Almost Hollywood, Nearly New Orleans* addresses these questions through a study of the local and everyday experiences of the film economy in New Orleans, Louisiana—a city that has twice pursued the goal of becoming a movie production capital. From the silent era to today's Hollywood South, Vicki Mayer explains that the aura of a film economy is inseparable from a prevailing sense of home, even as it changes that place irrevocably.

The Essential HBO Reader Gary R. Edgerton, Jeffrey P. Jones, 2013-07-24 Essays on the history of HBO, a company designed to please audiences instead of advertisers, and the impact of its distinctive programming: "Recommended." –Choice The founding of Home Box Office in the early 1970s—when it debuted by telecasting a Paul Newman movie and an NHL game to 365 households in Wilkes-Barre, Pennsylvania—was a harbinger of the innovations that would transform television as an industry and a technology in the decades that followed. HBO quickly became synonymous with subscription television—and the leading force in cable programming. Over decades, it's grown from a domestic movie channel to an international powerhouse with a presence in over seventy countries. It is now a full-service content provider with a distinctive brand of original programming, famed for such landmark shows as *The Sopranos* and *Sex and the City*. It's brought us *Six Feet Under* and *The Wire*, *Band of Brothers* and *Angels in America*, *Curb Your Enthusiasm* and *Def Comedy Jam*, *Inside the NFL* and *Real Sports with Bryant Gumbel*, *Taxicab Confessions* and *Autopsy*, and multiple Oscar-winning documentaries. The *Essential HBO Reader* brings together an accomplished group of scholars to explain how HBO's programming transformed the world of television and popular culture, and provides a comprehensive and compelling examination of HBO's development into the prototypical entertainment corporation of the twenty-first century. "An important assessment of the original programming HBO has created in the past few decades?how these programs are derived and what impact they have had." –Choice "A thorough treatment of HBO's programming . . . a useful addition to a growing number of books about American television in the 'post-network' era." –American Studies
