Ask a Manager Alison Green,2018-05-01 From the creator of the popular website Ask a Manager and New York’s work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There’s a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don’t know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You’ll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you’re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate’s loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green’s] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

Popular Science ,2004-09 Popular Science gives our readers the information and tools to improve their technology and their world. Behind the Line of Scrimmage Michael Huyghue,2018 The author’s journey as an athlete and lawyer provides a behind-the-scenes glimpse of what goes on behind closed doors in the world of professional sports and collegiate athletic programs. It is also a not often told chronicle of growing up black and male in white suburban America. While black athletes are ubiquitous on the playing field and front pages of tabloids, the challenge remains to gain true power in the multibillion-dollar sports industry. Huyghue details that struggle play by play.

Backpacker’s Editors’ Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Whispers of the Dead Spencer Kope,2018-04-17 A pair of severed feet, stored in a portable a cooler, is found in the house of a federal judge in El Paso. The special tracking unit soon discovers another - again, only the feet were left behind in an icebox. With few clues besides the body parts left behind, Magnus Steps Craig and his team find themselves enmeshed in the most difficult case of their careers. And the icebox killer has only just begun.

The Lion Tracker’s Guide To Life Boyd Varty,2019-10-22 Somewhere deep inside, you know what your gift, purpose, and mission are. Boyd Varty, a lion tracker and life coach, reveals how the wisdom from the ancient art of tracking can teach you how to recognize these essential ingredients in a meaningful life. Know how to navigate, don’t worry about the destination, and stay alert. These are just a few of the strategies that contribute to both successful lion tracking and a life of fulfillment. When we join Boyd Varty and his two friends tracking lions, we are immersed in the South African bush, and, although we learn some of the skills required for actual tracking, the takeaways are the strategies that can be applied to our everyday lives. Trackers learn how to use all of their senses to read the environment and enter into a state of “greater aliveness.” When we learn to find and follow our inner tracks, we learn to see what is deeply important to us. In the same way the trip in the classic Zen and the Art of Motorcycle Maintenance was a vehicle to examine how to live out our values, the story of this one-day adventure—with danger and suspense along the way—uses the ancient art of tracking to convey profound lessons on how to live a purposeful, meaningful life of greater harmony.
