Resurrection in the New Testament Jan Lambrecht,2002

Resurrection in the New Testament is a Festschrift offered to J.

Lambrecht on the occasion of his seventy-fifth birthday. Among the many scholarly interests of Professor Lambrecht the theme of the resurrection seemed best suited to honour his academic achievement. The 27 contributions cover many of the books of the New Testament. The first two articles in this volume discuss influences on the New Testament treatment of resurrection from the Greco-Roman (Dieter Zeller) and Jewish (Daniel J. Harrington)

backgrounds. H.J. de Jonge considers visionary experiences of the Old Testament as an interpretive clue for understanding New Testament references to appearances. The articles by Martin Rese, Benoit Standaert, Otfried Hofius, and Gergely Juhasz deal with interpretive questions that range through several books of the New Testament and to varying degrees again bring into discussion previously debated issues. From this point, with the exception of the final two, the articles appear in canonical order. Adelbert Denaux and Wim J.C. Weren treat issues in Matthew, John Gillman in Luke-Acts, Maarten J.J. Menken and Thomas Soding in John, John J. Kilgallen and Florence Morgan Gillman in Acts, Veronica Koperski, Margaret E. Thrall, and Johan S. Vos in the Pauline letters in general, Morna D. Hooker and Eduard Lohse in Romans, Joel Delobel and Peter J. Tomson in 1 Corinthians, Frank J. Matera in 2 Corinthians, John Reumann in Philippians, Raymond F. Collins in the Pastoral Epistles, and Jacques Schlosser in 1 Peter. Joseph Verheyden discusses the witness of Mary Magdalene and the Women at the tomb in the extra-canonical Gospel of Peter. Finally, Barbara Baert contributes a discussion on how the Resurrection was portrayed in visual art during the Middle Ages, with striking illustrative examples.

Annuaire Europeen 1999/European Yearbook 1999 Francis
Rosenstiel,Edith Lejard-Boutsavath,Jean-Jacques Martz,2001-08-01
The European Yearbook promotes the scientific study of nineteen
European supranational organisations and the Organisation for
Economic Co-operation and Development (OECD). Each volume
contains a detailed survey of the history, structure and yearly

activities of each organisation and an up-to-date chart providing a clear overview of the member states of each organisation. Each volume contains a comprehensive bibliography covering the year's relevant publications. This is an indispensable work of reference for anyone dealing with the European institutions.
