He tries everything to hide his condition, but his navel garden just keeps growing. What on earth will Billy do to finally get the plant out? **The Button Boy** Lawrence Kadow,2011-03-18 By 2029, the effects of global warming and the depletion of oil had drastically reduced the world's population. Then an unforgiving winter storm arrived in the Pacific Northwest. Through that period of unrelenting winds and sub-zero temperatures, the few survivors formed together in 'families' for protection. Their plight is made even more difficult by a military patrol assigned to guard the last gasoline reserves on the west coast. This is the story of a young boy that unites two families together to fight back against the tyranny of these soldiers.
