Red Weather Janet McAdams,2012-04-01 This trip wasn't about her, her need to escape. She had been too young when it happened. Too young to understand what could be worth risking everything for. Even now they seemed naive, foolish in their belief that anything could change. They had tried to save a generation. If she couldn't save them, she might find a way to finish their story. • Neva Greene is seeking answers. • The daughter of American Indian activists, Neva hasn't seen or heard from her parents since they vanished a decade earlier, after planning an act of resistance that went terribly wrong. Discovering a long-overlooked clue to their disappearance, Neva follows their trail to Central America, leaving behind an uncaring husband, an estranged brother, and a life of lukewarm commitments. • Determined to solve the mystery of her parents' disappearance, Neva finds work teaching English in the capital city of tiny Coatepeque, a country torn by its government's escalating war on its Indigenous population. As the violence and political unrest grow around her, Neva meets a man whose tenderness toward her seems to contradict his shadowy political connections. • Against the backdrop of Central American politics, this suspenseful first novel from award-winning poet Janet McAdams explores an important chapter in American Indian history. Through finely drawn, compelling characters and lucidly beautiful prose, Red Weather explores the journey from loss to possibility, from the secrets of the past to the longings of the present.

Red House Sarah Messer,2005-06-28 In her critically acclaimed, ingenious memoir, Sarah Messer explores America's fascination with history, family, and Great Houses. Her Massachusetts childhood home had sheltered the Hatch family for 325 years when her parents bought it in 1965. The will of the house's original owner, Walter Hatch—which stipulated Red House was to be passed down, never to be sold or mortgaged from my children and grandchildren forever—still hung in the living room. In Red House, Messer explores the strange and enriching consequences of growing up with another family's birthright. Answering the riddle of when shelter becomes first a home and then an identity, Messer has created a classic exploration of heritage, community, and the role architecture plays in our national identity.

Red 1-2-3 John Katzenbach,2014-01-07 A psycho turns fairy-tale endings into nightmares in this “vivid cat-and-mice game” from the New York Times–bestselling author (William Bayer, Edgar Award–winning author). Karen is a lonely middle-aged doctor with a house in the woods. Sarah is a grief-stricken suburban widow who has turned to booze and barbiturates. Jordan is a directionless high school student and a child of divorce. They are three women with nothing in common but their red hair—until a stranger who calls himself the Big Bad Wolf sends each one the same chilling letter. Just like vulnerable Little Red Riding Hood, they are going to be stalked and killed—but in three distinct ways, in three different locations, all on the same fateful day. The one thing this devious madman didn't count on was the Reds discovering each other. When authorities refuse to help, Karen, Sarah, and Jordan band together. But as they discover their power in numbers, how far are they're willing to go to beat the Wolf at his own game. From the New York Times–bestselling author of Day of Reckoning comes a “twisted riff” on a Grimm tale (Publishers Weekly). “Must read for thriller fans.”—Booklist, starred review “Few writers of crime fiction seem to understand the criminal mind as well as Katzenbach.” —People

The Poetry Alarm Clock Jill Jennings,2008-05 In The Poetry Alarm Clock, you will meet a drunk with smeared lipstick who shows up only at midnight; a lady enshrined forever on a restaurant wall; a little boy with Shaken Child Syndrome who just wants a home; a backyard with magical properties; a colonel in the Army who wears orange socks; and a factory worker in a drug plant who runs out of pills for herself. Images like these you won't be able to get out of your mind, and they are on every page of this volume. Poems set like jewels in a jester's crown of the ironic, the ridiculous and the tragic, The Poetry Alarm Clock brings you people you feel you already know as well as new ones you want to know more about.
