RedHanded Suruthi Bala,Hannah Maguire,2021-09-14 2021 Listeners' Choice British Podcast Awards Winner What is it about killers, cult leaders, cannibals, cults, and criminals that capture our imaginations even as they terrify and disturb us? How do we responsibly consume these kinds of stories as entertainment, and more importantly, what can we learn from them? RedHanded rejects the narrative of killers as monsters and that a victim was in the wrong place at the wrong time, and instead tells the stories we want to hear in a way that challenges perceptions and asks the hard questions about society, gender, poverty, culture, and even our politics. After meeting at a party in London where they both discovered they listened to the same murder podcasts, Hannah Maguire and Suruthi Bala drunkenly promised to one day start their own true crime podcast together and the rest is history. From the hosts of the hit true crime podcast RedHanded (dubbed by Rick & Morty creator Dan Harmon as the best true crime podcast I've heard, ever), Hannah Maguire and Suruthi Bala have amassed a cult following of spooky bitches amounting to an incredibly strong 63k downloads per episode and 728k backlist downloads every month in the US alone. With candor, humor, interviews with experts, research on real-life cases, and an unflinching dissection of what makes a killer tick, Bala and Maguire take us through the societal, behavioral, and cultural phenomena that make victims -- and their murderers -- our collective responsibility and to find out once and for all: what makes a killer tick?

Red Handed Gena Showalter,2007-06-19 She's been chosen to fight the elusive enemy among us.... Phoenix Germaine has been trying to earn back her mother's trust after going into rehab and kicking Onadyn -- the drug of choice for New Chicago teens. But when a party in the woods turns into an all-out battle with the most ferocious aliens Phoenix has never seen, she's brought home in what appears to be an Onadyn-induced state. Hello, reform school. Except, what her mother doesn't know is that Phoenix has just been recruited to join the elite Alien Investigation and Removal agency, where she'll learn to fight dirty, track hard, and destroy the enemy. Her professional training will be rigorous and dangerous, and the fact that one of her instructors is Ryan Stone -- the drop-dead gorgeous, nineteen-year-old agent she met in the woods that night -- doesn't make things any easier. Especially when dating him is totally against the rules.... Wildly imaginative, action-packed, and thrilling, Red Handed launches Gena Showalter's stunning new alien huntress series.

Red Handed Matt Kindt,2013-05-07 Detective Gould has yet to meet the crime he can't solve, but lately there has been a rash of crimes so eccentric and random that even Gould is stumped. The compulsive chair thief, the novelist who uses purloined street signs to write her magnum opus, and the photographer who secretly documents peoples' most anguished personal moments -- what can they possibly have in common? Can Detective Gould untangle the strange crimes of Red Wheelbarrow or will he finally meet his match in a shadowy criminal conspiracy aimed at discrediting the very idea of criminal justice?

Redhanded Michael Cadnum,2015-09-29 A teenage boxer learns how to fight dirty—in and out of the ring As soon as the bell chimes, Steven knows he's in trouble. Del Toro is stronger, faster, and in better shape; he's by far the better boxer. But Steven has been learning to fight dirty. He steps on Del Toro's toes, whips his head into the bigger man's chin, and throws a straight right just wide enough to send his elbow crashing into his nose. It isn't pretty, and it isn't honest, but it works. In the boxing ring, and in life, Steven is never afraid to cheat. Invited to San Diego for a prestigious Golden Gloves West Coast tournament, Steven needs \$600 to make the trip. A friend convinces him to get the money the easy way—by robbing a liquor store, and Steven soon learns there are fights where throwing in the towel means death.

Red Handed Kate King,Jessa Wilder,2021-06-23 Coming August 2021 I need her.

Name your price. At twenty-three, you would think I could say no to being traded to the enemy, but that's not how life works when you grow up in an organized crime family. I consider myself lucky to have grown up at all. Ten years ago, my brother was murdered in the gang war that split the city of St. Adrian down the middle. My family took the South Side, and the North Side went to them. The Gentlemen. Now the leader of the Gentlemen is asking for my help and my father has been nice enough to agree to his terms. In exchange for my sister's protection, I need to cross the divide and live with the family that killed my brother. Too bad I've never been great at playing nice. Nico, Beck and Rush are the enemy. The leaders of the Gentlemen. They're conceited, lying, murderous assholes and they're the reason I've been trained all my life to cheat, steal, and shoot my way to the top. I'm ready to take them down from the inside. I just hope they don't get to me first. After all, a truce between two enemies is a promise waiting to be broken. Red Handed is an enemies to lovers contemporary mafia romance where the female main character will end up with multiple love interests by the end of the series. All the characters are in their mid-twenties. There are dark themes and graphic violence, but no bullying or violence toward the main character. This is book one of three.

Rise of the Red Hand Olivia Chadha, 2021-02-02 A rare, searing portrayal of the future of climate change in South Asia. A streetrat turned revolutionary and the disillusioned hacker son of a politician try to take down a ruthlessly technocratic government that sacrifices its poorest citizens to build its utopia. The South Asian Province is split in two. Uplanders lead luxurious lives inside a climate-controlled biodome, dependent on technology and gene therapy to keep them healthy and youthful forever. Outside, the poor and forgotten scrape by with discarded black-market robotics, a society of poverty-stricken cyborgs struggling to survive in slums threatened by rising sea levels, unbreathable air, and deadly superbugs. Ashiva works for the Red Hand, an underground network of revolutionaries fighting the government, which is run by a merciless computer algorithm that dictates every citizen's fate. She's a smuggler with the best robotic arm and cybernetic enhancements the slums can offer, and her cargo includes the most vulnerable of the city's abandoned children. When Ashiva crosses paths with the brilliant hacker Riz-Ali, a privileged Uplander who finds himself embroiled in the Red Hand's dangerous activities, they uncover a horrifying conspiracy that the government will do anything to bury. From armed guardians kidnapping children to massive robots flattening the slums, to a pandemic that threatens to sweep through the city like wildfire, Ashiva and Riz-Ali will have to put aside their differences in order to fight the system and save the communities they love from destruction.

The Berenstain Bears and the Red-Handed Thief Stan Berenstain, Jan Berenstain, 2013-02-19 After a series of crimes sweeps the Bear Country School, the cubs begin to jump to conclusions. Who could it have been? *The Berenstain Bears Chapter Books* are the perfect next step for increasingly independent young readers.

Caught Red-Handed Jan Burke, 2014-01-20 This e-short story collection from New York Times bestselling suspense author Jan Burke features a brand new Irene Kelly short story, "The Privileged," plus three unforgettable stories from the print anthology *Eighteen*. Before Frank Harriman and Irene Kelly got married, Frank was a rookie cop in Bakersfield, California. When he investigates one of the worst types of calls a policeman can get—a bad smell coming from a closed trailer on a hot day—Frank and his training officer are not surprised to find a dead body. But everyone is stunned when the corpse leads to the police chief's downfall...

The Red Hand Steve Bruce, 1992 Self-proclaimed defenders of Ulster, condemned by their opponents as thugs and murderers, Protestant paramilitaries have been responsible

for around half of the civilian casualties in Ulster. Their operations have succeeded on occasion in subverting major political initiatives and have even brought down a government. Yet despite the familiarity of such names as the UDA, the UVF, the Red Hand commando, and the Shankhill Butchers, such groups remain little studied and poorly understood. This book, the first comprehensive study of loyalist terrorism in Ulster, draws on extensive interviews with terrorists conducted by the author, to assemble the most accurate picture possible of their methods and motives. Steve Bruce examines all aspects of their organizations from their origins and background, to the way in which they recruit their members, raise funds, and select and execute their terrorist operations. He also discusses claims that the security forces have at times turned a blind eye to the Protestant paramilitaries' activities. Bruce concludes by arguing that the paradoxical nature of pro-state terrorism - which seeks to maintain, rather than overturn, state power by violent means - informs every significant aspect of the loyalists' activities. In addition to being an important contribution to our understanding of the relationship between terrorism and the modern state, *The Red Hand* is essential reading for anyone who wishes to gain a fuller understanding of Northern Ireland's present Troubles.

Profiles in Corruption Peter Schweizer, 2020-01-21 NEW YORK TIMES BESTSELLER! Washington insiders operate by a proven credo: When a Peter Schweizer book drops, duck and brace for impact. For over a decade, the work of six-time New York Times bestselling investigative reporter Peter Schweizer has sent shockwaves through the political universe. Clinton Cash revealed the Clintons' international money flow, exposed global corruption, and sparked an FBI investigation. *Secret Empires* exposed bipartisan corruption and launched congressional investigations. And *Throw Them All Out* and *Extortion* prompted passage of the STOCK Act. Indeed, Schweizer's "follow the money" bombshell revelations have been featured on the front pages of the New York Times and the Wall Street Journal, and regularly appear on national news programs, including 60 Minutes. Now Schweizer and his team of seasoned investigators turn their focus to the nation's top progressives—politicians who strive to acquire more government power to achieve their political ends. Can they be trusted with more power? In *Profiles in Corruption*, Schweizer offers a deep-dive investigation into the private finances, and secrets deals of some of America's top political leaders. And, as usual, he doesn't disappoint, with never-before-reported revelations that uncover corruption and abuse of power—all backed up by a mountain of corporate documents and legal filings from around the globe. Learn about how they are making sweetheart deals, generating side income, bending the law to their own benefits, using legislation to advance their own interests, and much more. *Profiles in Corruption* contains tomorrow's headlines.

RED RIGHT HAND Chris Holm, 2016-09-13 If the good guys can't save you, call a bad guy. When viral video of an explosive terrorist attack on San Francisco's Golden Gate Bridge reveals that a Federal witness long thought dead is still alive, the organization he'd agreed to testify against will stop at nothing to put him in the ground. FBI Special Agent Charlie Thompson is determined to protect him, but her hands are tied; the FBI's sole priority is catching the terrorists before they strike again. So Charlie calls the only person on the planet who can keep her witness safe: Michael Hendricks. Once a covert operative for the US military, Hendricks makes his living hitting hitmen... or he did, until the very organization hunting Charlie's witness -- the Council -- caught wind and targeted the people he loves. Teaming up with a young but determined tech whiz, Cameron, on the condition she leave him alone after the case, Hendricks reluctantly takes the job. Of course, finding a man desperate to stay hidden is challenging enough without deadly competition, let alone when the competition's shadowy corporate backer is tangled in the terrorist conspiracy playing out around them. And now Hendricks is determined to take the Council down, even if that means wading into the center of a terror plot whose

perpetrators are not what they seem.

American Muckraker James O’Keefe, 2022-01-25 This seminal work of nonfiction recounts the new journalistic mass movement of today. Compiled from over a decade of investigative reporting coupled with a vast reference of philosophical research, *American Muckraker* is the definitive guide of truth-telling in the video age. ON POWER They do have tremendous power. But in part it is because we give it to them. We are nothing, but we are not alone. Awe cannot live in fear. The moment you stop caring about what the media establishment thinks of you, is the moment you become truly free. ON INSIDERS The USPS whistleblower, a Marine Corp combat veteran said, “I would rather be back in Afghanistan, getting shot at by Afghans, honest to God,” than be interrogated by federal agent Russell Strasser—who coerced him by saying, “I am trying to twist you a little bit because your mind will kick in.... I am not scaring you, but I am scaring you.” ON PRIVACY The right to record is closely tied to the right to speak or even to take contemporaneous notes about what one sees and hears. As 60 Minutes producer Don Hewitt quipped, “People committing malfeasance don’t have any right to privacy.... What are we saying—that Upton Sinclair shouldn’t have smuggled his pencil in?” ON MEANS & ENDS Whereas the novelist Ernest Hemingway said, “What is moral is what you feel good after and what is immoral is what you feel bad after,” Thomas B. Morgan of the 1960s New Journalism contends, “Morally defensible journalism is rarely what you feel good about afterward; it is only that which makes you feel better than you would otherwise.” ON LITIGATION “Polling does not decide the truth nor speak to evidence.... The New York Times have not met their burden to prove that Veritas is deceptive...claiming protections from an upstart competitor armed with a cell phone and a website. There is a substantial basis in law to proceed, to permit Project Veritas, to conduct discovery into The New York Times.” —Project Veritas v. New York Times Company; New York Supreme Court, March 18, 2021

The Hundred-Year Marathon Michael Pillsbury, 2015-02-03 One of the U.S. government's leading China experts reveals the hidden strategy fueling that country's rise – and how Americans have been seduced into helping China overtake us as the world's leading superpower. For more than forty years, the United States has played an indispensable role helping the Chinese government build a booming economy, develop its scientific and military capabilities, and take its place on the world stage, in the belief that China's rise will bring us cooperation, diplomacy, and free trade. But what if the China Dream is to replace us, just as America replaced the British Empire, without firing a shot? Based on interviews with Chinese defectors and newly declassified, previously undisclosed national security documents, *The Hundred-Year Marathon* reveals China's secret strategy to supplant the United States as the world's dominant power, and to do so by 2049, the one-hundredth anniversary of the founding of the People's Republic. Michael Pillsbury, a fluent Mandarin speaker who has served in senior national security positions in the U.S. government since the days of Richard Nixon and Henry Kissinger, draws on his decades of contact with the hawks in China's military and intelligence agencies and translates their documents, speeches, and books to show how the teachings of traditional Chinese statecraft underpin their actions. He offers an inside look at how the Chinese really view America and its leaders – as barbarians who will be the architects of their own demise. Pillsbury also explains how the U.S. government has helped – sometimes unwittingly and sometimes deliberately – to make this China Dream come true, and he calls for the United States to implement a new, more competitive strategy toward China as it really is, and not as we might wish it to be. *The Hundred-Year Marathon* is a wake-up call as we face the greatest national security challenge of the twenty-first century.

Throw Them All Out Peter Schweizer, 2011 Schweizer, a research fellow at the Hoover Institution at Stanford University, discusses the state of government and the depths of its

political corruption.
