Redline #1 Neal Holman,2017-03-08 MARS. The near future-  
ish. A bomb takes out a city block on Harrison Station. The media  
rush to blame the local terrestrials (re:aliens,) however  
Superintendent Denton Coyle has a feeling that it may not be so  
simple... or maybe that feeling is Coyle's hangover gut bomb. It's  
unclear... like a 50/50 shot, it's a mistake or explosive diarrhea.  
Maybe it's both? In other words, it's yet another Tuesday on Mars.

This book also presents the pharmacology of one xanthine derivative, propentofylline, as an example of a xanthine that has gone through extensive development for a novel therapeutic area.

### **How to Slow Your Inner Flash** Kenneth Rogers, Jr.,2021-09-16

How to Slow Your Inner Flash was written to help survivors of childhood sexual abuse to conquer their dependence on workaholism as a coping mechanism. Using characters from DC comics “The Flash” (such as hero Barry Allen and villain Reverse Flash) as an extended metaphor, this guide helps male and female survivors understand what it means to be a workaholic, survive hedonism and imposter syndrome, and tells how everyone has the potential to become a pessimist without proper healing. Similar to other guides in the How to Heal Your Inner Superhero series, this book helps survivors understand that the only way to overcome the need to rely on these coping mechanisms is by recognizing their own cognitive distortions, and by reframing their negative automatic thoughts to slow and heal their inner Flash. This is the author’s twelfth book and the fifth in the How to Heal Your Inner Superhero series.

### *Freedom's Rush II: More Tales from the Biker and the Beast*

Foster Kinn,2017-06-19

**Redline** Skye Callahan,2021-09-08 From the Sins of Ashville world comes an explosive novella series where two worlds collide in pain, pleasure, lust, and danger.... Redline includes all five

novellas and can be read as a standalone. Aubrey I screwed up. Indebted to a vile businessman, he offers one chance to pay back my debt, but only if I spend the next two years stripping in his club. Stripping. Catering to the most debauched men I can imagine. Until I meet Colt. A man just as twisted. Just as dangerous. But once I willingly climb into his car, I know there's no turning back. Now, I'm indebted to a car thief. And he has no intent of letting me forget our deal. Once the fuse is ignited, I have no choice but to watch my world burn. Colt I prefer cars to people. Simple as that. There's nothing like the roar of a V8 engine, especially if I just stole it and I'm barreling down the highway past every oblivious cop in town. I need adrenaline. The rush. The never-ending pull. It's the only thing that keeps me away from my other vice... And then, I decided to bring a stripper home. Someone I can introduce to my love of pain. And even better, a pawn in my ultimate plan for revenge against my brother. Call me cliché. Call me petty. But once this plan is set into action. Ashville will never be the same. Sins of Ashville Irrevocable Unbreakable Insurmountable Redline She-Devil

□ All Sins of Ashville works contain dark elements, themes, or situations that may be triggering for some readers, so proceed with that in mind. The heroes and heroines (or anti-hero and anti-

heroines, as the case may be) must fight and sacrifice for their survival and happy endings. If you're looking for rainbows and sweet nothings, Ashville is not the place for you, but if you want to explore the nature of human resilience and emotional extremes, jump in and enjoy the ride.

**Redline** Lisa Nowak,2013-04-14 Now that Jess DeLand has escaped her alcoholic mother's grip, all she wants is a chance to be normal. To hang out with her wisecracking-but-intuitive boyfriend, Cody, learn as much she can about restoring cars from her mentor, Kasey, and fill in as substitute big sister to Rhett when her friend Teri Sue goes off to college. But when her past crashes headlong into her present, all hopes of normal go spinning off into the weeds. Jess's attempts to spare her friends—and herself—from the things she'd rather keep secret threaten to destroy the new life she's built. Maybe normal is too much to ask for. This gripping sequel to *Driven* is perfect for fans of Chris Crutcher, Laurie Halse Anderson, and John Green. Book 4 in the Full Throttle series.

*How to Build Honda Horsepower* Richard Holdener,2003-02-09 Honda performance enthusiasts all have one basic question when it comes to making their cars faster: What parts work, and what parts don't? The only way to answer that question is to install various parts on a car and test the power output on a dynamometer (dyno). Richard Holdener has done that in High Performance Honda Dyno Tests. Holdener's extensive testing provides dyno-proven data for all popular Honda performance parts, from air intake systems to exhausts, cams and cylinder heads to nitrous, turbos, and superchargers. There is even a

chapter on engine build-ups. In addition, dyno tests on nearly every Honda model, from the single-cam DX to the 2.2L Prelude, are included. Acura models are covered as well, from the 1.8L LS through the GSR and Type R all the way up to exotic NSX. There is no better place to find performance answers than in this book.
