Red Line Joby Warrick,2021-02-23 In Red Line, Joby Warrick, the Pulitzer Prize-winning author of Black Flags, shares the thrilling unknown story of America's mission in Syria: to find and destroy Syria's chemical weapons and keep them out of the hands of the Islamic State. In August 2012, Syrian president Bashar al-Assad was clinging to power in a vicious civil war. When secret intelligence revealed that the dictator might resort to using chemical weapons, President Obama warned that doing so would cross "a red line." Assad did it anyway, bombing the Damascus suburb of Ghouta with sarin gas, killing hundreds of civilians, and forcing Obama to decide if he would mire America in another unpopular war in the Middle East. When Russia offered to broker the removal of Syria's chemical weapons, Obama leapt at the out. So began an electrifying race to find, remove, and destroy 1,300 tons of chemical weapons in the midst of a raging civil war. The extraordinary little-known effort is a triumph for the Americans, but soon Russia's long game becomes clear: it will do anything to preserve Assad's rule. As America's ability to control events in Syria shrinks, the White House learns that ISIS, building its caliphate in Syria's war-tossed territory, is seeking chemical weapons for itself, with an eye to attack the West. Drawing on astonishing original reporting, Warrick crafts a character-driven narrative that reveals how the United States embarked on a bold adventure to prevent one catastrophe but could not avoid a tragic chain of events that led to another.

Redline Lisa Nowak,2013-04-14 Now that Jess DeLand has escaped her alcoholic mother's grip, all she wants is a chance to be normal. To hang out with her wisecracking-but-intuitive boyfriend, Cody, learn as much she can about restoring cars from her mentor, Kasey, and fill in as substitute big sister to Rhett when her friend Teri Sue goes off to college. But when her past crashes headlong into her present, all hopes of normal go spinning off into the weeds. Jess's attempts to spare her

friends—and herself—from the things she'd rather keep secret threaten to destroy the new life she's built. Maybe normal is too much to ask for. This gripping sequel to Driven is perfect for fans of Chris Crutcher, Laurie Halse Anderson, and John Green. Book 4 in the Full Throttle series.

Redline #1 Neal Holman, 2017-03-08 MARS. The near future-ish. A bomb takes out a city block on Harrison Station. The media rush to blame the local terrestrials (re:aliens,) however Superintendent Denton Coyle has a feeling that it may not be so simple... or maybe that feeling is Coyle's hangover gut bomb. It's unclear... like a 50/50 shot, it's a mistake or explosive diarrhea. Maybe it's both? In other words, it's yet another Tuesday on Mars.

Redline the Stars Andre Norton, P. M. Griffin, 1994-03-15

Redline Skye Callahan, 2021-09-08 From the Sins of Ashville world comes an explosive novella series where two worlds collide in pain, pleasure, lust, and danger.... Redline includes all five novellas and can be read as a standalone. Aubrey I screwed up. Indebted to a vile businessman, he offers one chance to pay back my debt, but only if I spend the next two years stripping in his club. Stripping. Catering to the most debauched men I can imagine. Until I meet Colt. A man just as twisted. Just as dangerous. But once I willingly climb into his car, I know there's no turning back. Now, I'm indebted to a car thief. And he has no intent of letting me forget our deal. Once the fuse is ignited, I have no choice but to watch my world burn. Colt I prefer cars to people. Simple as that. There's nothing like the roar of a V8 engine, especially if I just stole it and I'm barreling down the highway past every oblivious cop in town. I need adrenaline. The rush. The never-ending pull. It's the only thing that keeps me away from my other vice... And then, I decided to bring a stripper home. Someone I can introduce to my love of pain. And even better, a pawn in my ultimate plan for revenge against my brother. Call me cliche. Call me petty. But once this plan is set

into action. Ashville will never be the same. Sins of Ashville Irrevocable Unbreakable Insurmountable Redline She-Devil ☐ All Sins of Ashville works contain dark elements, themes, or situations that may be triggering for some readers, so proceed with that in mind. The heroes and heroines (or anti-hero and anti-heroines, as the case may be) must fight and sacrifice for their survival and happy endings. If you're looking for rainbows and sweet nothings, Ashville is not the place for you, but if you want to explore the nature of human resilience and emotional extremes, jump in and enjoy the ride.

Redline #2 Neal Holman, 2017-04-12 It's Mars, and it's Mardi Gras, and it is blowing up. Literally. (Again.) Coyle and his team investigate a suicide bombing outside the gates of Vantage Solutions, Inc., a crime that may possibly/probably have ties to Coyle's past. Guest starring a giant wiener.

Redline Neal Holman, 2018-02-13 MARS. The near future-ish. For now, mostly a military base, a place where people like Superintendent Denton Coyle get stuck doing the same thing every day. Until a bomb goes off, killing hundreds of humans. The easy explanation is to say the Locals did it—they haven't been so happy with the human population moving in. But Coyle doesn't think it's that simple... especially after he finds a key piece of evidence linking the present events to those of his past. This hilarious and never introspective mystery should either leave you satisfied or feeling like you're about to crap your pants. Ideally, both.

Redline Alex Van Tol, 2011-10-01 Jenessa escapes to the sanctuary of her car and the freedom of the open road, where she can outrun her memories...if only for a while. She finds a kindred spirit in Dmitri, a warm-hearted speed demon who races at the track. But when Jenessa falls in with a group of street racers—and its irresistible leader, Cody—she finds herself caught up in a web of escalating danger. When her penchant for risk-taking spirals out of control, Jenessa has to find a way to break the self-

destructive patterns she's built—before anyone else gets hurt.

Redline #5 Neal Holman, 2017-07-05 Everybody's dead and everything basically sucks, so it's a good time for Superintendent Coyle to start actually getting some leads into just whatever the hell is going on on Mars. Plus a robot armor guy fights a limousine. Plus some answers to questions you may have been wondering about. Plus shenanigans. HOOORAY!

Redline Dave Rigby, 2018-05-15 Redline is the second thriller featuring Harry Los, a private investigator in his mid-60's who lives in a small town near Antwerp in Belgium. Wow, what a ride. A great ending to a

complex and interesting series. Deep complex, wonderful world building and character development. ...it was what happened to the cast of characters that made this series so enthralling for me. Everything that has been happening in the series up to this point comes to a gratifying conclusion. I can highly recommend this last book in the Iron Hammer series and especially advocate reading all the books in order. ...it was one helluva run. The ending is an extraordinary coming together of the people. An incredible set of stories. There is nothing else out there like this. Such a great end. I really don't know how we got here, the story is so amazing and realistic. Book 8 in a sprawling epic space opera spanning many long decades, this is the culmination of everything set into motion in those earlier books. _____ Cameron Cooper is the author of the Imperial Hammer series, an Amazon best-selling space opera series, among others. Stuck in a bad assignment, Hope reaches out to Tyler. He's in. The two must be careful, however,

to avoid alerting the gang and their mysterious, elusive leader. When the crew turns on Hope, it's up to Tyler to save them both. And he's going to push the criminals right to the redline and beyond. Redline is the 8th high octane action thriller in the John Tyler series.

Hot Wheels Classic Redline Era Angelo Von

Bogart, 2009-08-31 Combining candy-colored paint jobs with muscle car attitudes and southern California cool, Hot Wheels cars changed the toy world forever in 1968. For the next 10 years as millions of kids discovered the joy of these miniature marvels, one small characteristic came to define this radical die-cast era: the thin red line on the cars tires. Hot Wheels Classics: The Redline Era proudly showcases more than 500 spectacular color photos (so come of the finest cars of this groundbreaking time.)

Sprinkled throughout the visual and historical feast, you'll enjoy the commentary from legendary car designer Larry Wood and other Mattel designers. More than 40 years of introduction, Hot Wheels cars have experienced a multitude of changes, incredible success, trials and tribulations, and ultimately crafted one of the greatest American toy stories of all time. Yet is one single feature from decades past that skill defines for many their greatest: the Redline.

The Red Line Walt Gragg, 2017-05-02 WWIII explodes in this electrifying debut military thriller in the tradition of Red Storm Rising and The Third World War. "Delta-Two, I've got tanks through the wire! They're everywhere!" World War III explodes in seconds when a resurgent Russian Empire launches a deadly armored thrust into the heart of Germany. With a powerful

blizzard providing cover, Russian tanks thunder down the autobahns while undercover Spetsnaz teams strike at vulnerable command points. Standing against them are the woefully undermanned American forces. What they lack in numbers they make up for in superior weapons and training. But before the sun rises they are on the run across a smoking battlefield crowded with corpses. Any slim hope for victory rests with one unlikely hero. Army Staff Sergeant George O'Neill, a communications specialist, may be able to reestablish links that have been severed by hostile forces, but that will take time. While he works, it's up to hundreds of individual American soldiers to hold back the enemy flood. There's one thing that's certain. The thin line between victory and defeat is also the red line between life and death.

Redline TPB Neal Holman, 2018-01-31 MARS. The near future-ish. For now, mostly a military base, a place where people like Superintendent Denton Coyle get stuck doing the same thing every day. This hilarious and never introspective mystery should either leave you satisfied or feeling like you're about to crap your pants. Ideally, both.

Redline #4 Neal Holman, 2017-06-07 THE PENULTIMATE ISSUE—More questions! A few answers! Just as Coyle begins to piece together the sliding puzzle of the Mars bombings and the jewelry made from dead Locals, the whole mystery Jenga tower falls down upon him in a mixed-metaphor bag of fun. Plus, agents Simon Kim and Christopher Peck continue their budding bromance (or whatever the antithesis of a bromance is called).

A Red Line in the Sand David A. Andelman, 2021-01-05 A longtime CNN columnist astutely combines history and global

politics to help us better understand the exploding number of military, political, and diplomatic crises around the globe. The riveting and illuminating behind-the-scenes stories of the world's most intense "red lines, from diplomatic and military challenges at particular turning points in history to the ones that set the tone of geopolitics today. Whether it was the red line in Munich that led to the start of the Second World War, to the red lines in the South China Sea, the Korean Peninsula, Syria and the Middle East. As we traverse the globe, Andelman uses original documentary research, previously classified material, and interviews with key players, to help us understand the growth, the successes and frequent failures that have shaped our world today. Andelman provides not just vivid historical context, but a political anatomy of these red lines. How might their failures be prevented going forward? When and how can such lines in the sand help preserve peace rather than tempt conflict? A Red Line in the Sand is a vital examination of our present and the future—where does diplomacy end and war begin? It is an object lesson of tantamount importance to every leader, diplomat, citizen, and voter. As America establishes more red lines than it has pledged to defend, every American should understand the volatile atmosphere and the existential stakes of the red web that encompasses the globe.
