Chicken Soup for the Teenage Soul: The Real Deal
Friends Jack Canfield, Mark Victor

Hansen, 2012-10-09 Friends. You gotta have 'em, but sometimes they drive you crazy. You love 'em, but sometimes they make you mad. They'll help you through a crisis...unless they are the crisis. So What's the Deal? Friends are more than just the people you hang out with. They make you laugh, they keep your secrets, they offer advice (some good, some bad), they give you a shoulder to cry on. Sometimes they move away, or betray your trust, or flake out, but mostly they are the people who are always there for you. And they know you'll be there when they need you most. Because that's what it means to be a friend. Sometimes friendship is overwhelming, sometimes it's confusing, sometimes you feel like you don't have a friend in the world, but don't worry, it's like that for everyone. That's what the stories in this book are all about. They're from real teens, and they're about the bizarre, difficult and wonderful things that really happened to them and their friends. Put that together with weird facts, cool graphics, fun advice and quizzes designed to help you figure out what you and your friends are all about, and you've got the real deal on friendship!

Arctic Solitaire Paul Souders, 2018-09-01

Photographer Paul Souders considered himself a lucky guy. He traveled the world and got paid to take pictures. Yet at age fifty he seemed an unlikely explorer. Recently married, he was leading a generally contented life as an urban homebody, ending most days with a cold martini and

a home-cooked meal. So how did he find himself alone aboard a tiny boat, enduring bad weather and worse cooking, while struggling to find his way across more than a thousand miles of Hudson Bay? It was all for a picture. He dreamed of photographing the Arctic's most iconic animal, the polar bear, in its natural habitat. It was a seemingly simple plan: Haul a 22-foot fishing boat northeast a few thousand miles, launch, and shoot the perfect polar bear photo. After an inauspicious start and endless days spent driving to the end of northern Canada's road system, he backed his C-Dory, C-Sick, into a small tributary of Hudson Bay. Battered by winds and plagued by questionable navigation, Paul slowly motored C-Sick north in the hopes of finding the melting summer ice that should be home to more than a thousand polar bears. He struggled along for weeks, grounding on rocks, hiding from storms, and stopping in isolated Inuit villages, until finally, he found the ice and the world was transformed. The ice had brought hundreds of walrus into the bay and dozens of polar bears arrived to hunt and feed. For a few magical days, he was surrounded by incredible wildlife photo ops. He was hooked. A hilarious and evocative misadventure, *Arctic Solitaire* shares Paul Souders exploits across four summers, six hundred miles of a vast inland sea, and the unpredictable Arctic wilderness—and also offers an insightful look at what compels a person to embark on adventure. The accompanying images of the landscape, people, and wildlife of the remote Hudson Bay region are, in a word, stunning.

The Routledge International Handbook of C. Wright Mills Studies Jon Frauley, 2021-09-22 The Routledge International Handbook of C. Wright Mills Studies brings together leading scholars of the work of radical sociologist C. Wright Mills to showcase its impact across the social sciences. Showing how Mills' thought can be taken up - and in some cases, sympathetically reformulated - to tackle problems of power and politics, it presents an authoritative state-of-the-art overview of Mills' groundbreaking ideas and his far-reaching theoretical and methodological impact. Crucially, the volume also illustrates the value of thinking with Mills in addressing the complexities of contemporary capitalist democracies. As such, it will appeal to scholars of sociology,

anthropology, organization studies, peace and conflict studies, criminology, politics and public administration.

Shooting Stars of the Small Screen Douglas Brode,2010-01-01 Since the beginning of television, Westerns have been playing on the small screen. From the mid-1950s until the early 1960s, they were one of TV's most popular genres, with millions of viewers tuning in to such popular shows as *Rawhide*, *Gunsmoke*, and Disney's *Davy Crockett*. Though the cultural revolution of the later 1960s contributed to the demise of traditional Western programs, the Western never actually disappeared from TV. Instead, it took on new forms, such as the highly popular *Lonesome Dove* and *Deadwood*, while exploring the lives of characters who never before had a starring role, including anti-heroes, mountain men, farmers, Native and African Americans, Latinos, and women. *Shooting Stars of the Small Screen* is a comprehensive encyclopedia of more than 450 actors who received star billing or played a recurring character role in a TV Western series or a made-for-TV Western movie or miniseries from the late 1940s up to 2008. Douglas Brode covers the highlights of each actor's career, including Western movie work, if significant, to give a full

sense of the actor's screen persona(s). Within the entries are discussions of scores of popular Western TV shows that explore how these programs both reflected and impacted the social world in which they aired. Brode opens the encyclopedia with a fascinating history of the TV Western that traces its roots in B Western movies, while also showing how TV Westerns developed their own unique storytelling conventions.

The Bloom Girls Amy Pine, 2021-08-03 Gilmore Girls meets My Big Fat Greek Wedding in this humorous, multi-generational story about a mother and daughter who discover that life happens when you least expect it. Gabi Bloom doesn't believe in signs. She believes in photographic evidence, the view through her camera lens, and the snap of the shutter. It's why she traveled to Europe—to satisfy her wanderlust and to kick off her photography career. But in Ireland, all of that changed when Gabi gazed into the impossibly blue eyes of an American bartender. She wasn't prepared for their intense and immediate attraction, or the fact that she'd be bringing Ethan home with her . . . as her fiancé. Gabi's upcoming marriage is the cherry on top of her mother's current predicament. Stumbling toward forty, Alissa is a pastry chef who raised her daughter single-handedly while Gabi's father traveled the globe. Now her baby girl is getting married after a whirlwind romance and Alissa—well, Alissa is pregnant. Again. And not only is her ex the father, he wants her back. For good. Until she can figure out that part of the puzzle, Alissa is hiding her big little secret even as she helps Gabi plan a happily-ever-after wedding. But somewhere between disaster and hope, life might just bloom in a way that is breathtakingly unexpected . . .
