*Old Wires and New Waves* Alvin F. Harlow,2008-11 *Old Wires and New Waves- The History of the Telegraph, Telephone and Wireless* By Alvin F. Harlow. Originally published in 1936. FOREWORD: THERE may be those who will think that a disproportionate amount of space is given in this book to the early history of the telegraph, as against the remarkable technical developments of the past quarter or half century. May it be suggested that the birth and infancy of ideas are intrinsically more noteworthy, more important, than their middle age The centuries of groping for a method of quick communication, the one long century of mans striving to make electricity his servant, the pioneer days of the telegraph, when not only it but all America was simple and crude these are to most folk to-day so exotic, the last-named phase is to the student so significant a picture of the youth of American society and the nation, that, in the judgment of the author, they should be dealt with in detail for the benefit of a generation which knows them not. On the other hand, the rapid developments in telegraph, tele phone, and wireless in recent days are described at length in newspapers and magazines as they appear and they come so swiftly and we are so inured to them that the astounding invention of yesterday has to-day become a commonplace, and to morrow is superseded by something still more miraculous. It is therefore scarcely worth while for so slowly built and so final a publication as a book to attempt chronicling all the - minor details of recent progress in communication, especially since these matters become so complex and so abstruse that full explanation of their development and functioning would be too complicated for non-technically minded readers. Nevertheless, these modern developments have not been neglected, but are treated as fully as space limitations and the need for clarity seem to dictate. As usual, I have leaned heavily in my research upon the original documents and other materials in the collections of the New York Public Library and the New York Historical Society. The latter's Henry O'Reilly Collection is one of the most valuable telegraph sources in existence. The great communications companies have all been very helpful. Through the good offices of Mr. William P. Banning, Assistant Vice-President of the American Telephone and Telegraph Company, I spent many hours in personally conducted tours through that company's three huge operating buildings in New York City, any one of which is worth a trip to New York to see I was overwhelmed with pamphlets, reports, documents, magazine articles, and books and any and all photographs I desired for illustrations were at my disposal. Mr. Langdon, the librarian Miss Winburg, keeper of the photographs Messrs. Fowler and Mills of the Bell Telephone Laboratories, Rood and Lea of the Long Lines Building Carl and Sedgwick of the New York Telephone Company, all gave their assistance with the courtesy characteristic of the organization. Mr. E. W. Goode, of the publicity department of the International Telephone and Telegraph Corporation, supplied all the data at his command, loaned books not to be found elsewhere, procured permission for me to see the company's operating rooms, gave me whatever photographs I desired, and searched the country over for older ones which were not in his files. The Radio Corporation of America, through Messrs. Galvin, Wright, and Weaver, was also very helpful. I was conducted through its operating building and was supplied with photographs and technical information as needed...

**Abby Finds Her Calling** Naomi King,2012-02-28 Generations of Amish neighbors and friends enjoy the simple things in life in the lush countryside of Cedar Creek, Missouri. But matters of the heart have a way of complicating the most clear-cut plans.... Everyone knows the Lambright family, since they own a greenhouse and a dry goods store in which their eldest daughter, Abby, runs her own sewing shop. There Abby spends just as much time mending townspeople's torn relationships as their clothes. But the local maidel has sworn off any suitors of her own because of her unrequited love for James Graber, the buggy maker across the road—the man her younger sister, Zanna, is about to marry. Then the wedding day arrives and Zanna is nowhere to be found, breaking James' heart. Zanna has brought shame to her family, but there's more in store for them when they discover how far she has fallen. Long-buried secrets come to light, and they test the faith and friendship between the two families, as well as the bonds of the Cedar Creek community. Abby is at the center of it all, trying to maintain everyone's happiness. But will she ever find her own?

**American Constitutional Law** Louis Fisher,Katy Jean Harriger,2011 This paperback volume (subtitled *Constitutional Rights: Civil Rights and Civil Liberties*) includes chapters 10 through 19 of Fisher/Harriger, *American Constitutional Law*, Ninth Edition (hardback). Along with containing analyses and excerpts of court decisions, the book highlights the efforts of legislatures, executives, the states, and the general public to participate in an ongoing political dialogue rather than passively receive a series of unilateral judicial commands. It covers all new developments in case law, congressional statutes, presidential policies, and initiatives undertaken by states under their own constitutions. The book includes readings not only from cases but congressional floor debates, committee reports, committee hearings, presidential vetoes and other statements, state actions, Federalist papers, and professional journals. It also includes a chapter on equal protection that addresses immigration law and the rights of aliens.
