A History of the Trombone David M. Guion,2010-06-21 A History of the Trombone, the first title in the new series American Wind Band, is a comprehensive account of the development of the trombone from its initial form as a 14th-century Medieval trumpet to its alterations in the 15th century; from its marginalized use in a particular Renaissance ensemble to its acceptance in various kinds of artistic and popular music in the 19th and 20th centuries. David M. Guion accesses new and important primary source materials to present the full sweep of the instrument's history, placing particular emphasis on the people who played the instrument, the music they performed, and the relevant cultural contexts. After a general overview, the material is presented in two main sections: the first traces the development of the trombone itself and examines the literature written about it, and the second investigates the history of performance on the instrument—the ensembles it participated in, the occasions in which it took part, the people who played it, and the social, intellectual, political, economic, and technological forces that impinged on that history. Guion analyzes the trombone's place in countries all over the world and in many styles of music, such as art, opera, popular, and world music. An appendix of transcriptions of selected primary source documents, including translations, and a comprehensive bibliography round out this important reference. Fully illustrated with more than 80 images, A History of the Trombone appeals not just to trombonists but to students, scholars, and fans of all musical instruments.

Brass Music of Black Composers Aaron Horne,1996-05-16 Aaron Horne provides the most comprehensive guide to brass music written by black composers. He covers composers from around the world in the 19th and 20th centuries. Included in the book is biographical information; commission, duration, instrumentation, date of publication, premiere, publisher, discography for each piece; bibliographical sources; and an index which groups the music by numbers, medium, and ensemble. This is the fourth volume in Aaron Horne's monumental effort to provide the most comprehensive guide to music composed by black composers. In this volume he covers composers from around the world in the 19th and 20th centuries, including William Grant Still, Ulysses Kay, Anthony Davis, John Coltrane, and other major figures from the world of classical, jazz, and popular music. The main body of the book is divided into sections devoted to African, African American, Afro-European, and Afro-Latino composers. Within each section composers are arranged alphabetically; each entry provides biographical information as well as commission, duration, instrumentation, date of

publication, premiere, publisher, discography for each composition. Backmatter includes a Brass Music Index which groups the music by numbers, medium, and ensembles; a title index; discography; and bibliography. As with the earlier volumes, this is an essential reference tool for anyone with an interest in researching and/or performing the music of black composers.

Encyclopedia of the Blues Edward M. Komara, 2006 This comprehensive two-volume set brings together all aspects of the blues from performers and musical styles to record labels and cultural issues, including regional evolution and history. Organized in an accessible A-to-Z format, the Encyclopedia of the Blues is an essential reference resource for information on this unique American music genre. For a full list of entries, contributors, and more, visit the Encyclopedia of the Blues website.

The Blues Encyclopedia Edward Komara, Peter Lee, 2004-07-01 The Blues Encyclopedia is the first full-length authoritative Encyclopedia on the Blues as a musical form. While other books have collected biographies of blues performers, none have taken a scholarly approach. A to Z in format, this Encyclopedia covers not only the performers, but also musical styles, regions, record labels and cultural aspects of the blues, including race and gender issues. Special attention is paid to discographies and bibliographies.

The Instruments of Samuel Green David C Wickens, 1987-12-01 A detailed survey and catalogue of the life and works of the English organ builder Samuel Green (1740-1796). A short biographical survey traces Green's career to the period when he established himself as the foremost English builder of organs of the late 18th century. This is followed by a detailed account of the design and construction method of his chamber instruments and church organs. A chronological survey of his entire output gives the specification and history of each instrument and a reassessment of earlier sources. The text is illustrated with photographs and line drawings showing the characteristic features of Green's organ construction.

A Biographical Guide to the Great Jazz and Pop Singers Will Friedwald, 2010-11-02 Will Friedwald's illuminating, opinionated essays—provocative, funny, and personal—on the lives and careers of more than three hundred singers anatomize the work of the

most important jazz and popular performers of the twentieth century. From giants like Ella Fitzgerald, Louis Armstrong, Frank Sinatra, and Judy Garland to lesser-known artists like Jeri Southern and Joe Mooney, they have created a body of work that continues to please and inspire. Here is the most extensive biographical and critical survey of these singers ever written, as well as an essential guide to the Great American Songbook and those who shaped the way it has been sung. The music crosses from jazz to pop and back again, from the songs of Irving Berlin and W. C. Handy through Stephen Sondheim and beyond, bringing together straightforward jazz and pop singers (Billie Holiday, Perry Como); hybrid artists who moved among genres and combined them (Peggy Lee, Mel Tormé); the leading men and women of Broadway and Hollywood (Ethel Merman, Al Jolson); yesterday's vaudeville and radio stars (Sophie Tucker, Eddie Cantor); and today's cabaret artists and hit-makers (Diana Krall, Michael Bublé). Friedwald has also written extended pieces on the most representative artists of five significant genres that lie outside the songbook: Bessie Smith (blues), Mahalia Jackson (gospel), Hank Williams (country and western), Elvis Presley (rock 'n' roll), and Bob Dylan (folk-rock). Friedwald reconsiders the personal stories and professional successes and failures of all these artists, their songs, and their performances, appraising both the singers and their music by balancing his opinions with those of fellow musicians, listeners, and critics. This magisterial reference book—ten years in the making—will delight and inform anyone with a passion for the iconic music of America, which continues to resonate throughout our popular culture.
