Human Rights Culture in Indonesia Maksimus Regus, 2021-06-08 Drawing on human rights discourse and a study of the difficulties faced by religious minority groups (using the Ahmadiyya minority group as a case study), this book presents three interconnected challenges to human rights culture in Indonesia. First, it presents a normative challenge, describing the gap between philosophical and normative principles of human rights on one side and the overall problems and critical issues of human rights at national and local levels on the other. Second, it considers the political problems in developing and strengthening human rights culture. The political challenge addresses the ability (or inability) of the state to guarantee the rights of certain individuals and minority groups. Third, it examines the sociological challenge of majority-minority group relationships in human rights discourse and practices. This book describes the background of human rights in Indonesia and reviews the previous literature on the issue. It also presents a comprehensive review of the discourses about human rights and political changes in contemporary Indonesia. The analysis focuses on how human rights challenges affect the situation of religious minorities, looking in particular at the Ahmadiyya as a minority group that experiences human rights violations such as discrimination, persecution, and violence. The study fills out its treatment of these issues by examining the involvement of actors both from the state and society, addressing also the politics of human rights protection.

Hardcastle John Yount, 2014-10-14 "From now on, there are bound to be two classics of the Great Depression—The Grapes of Wrath and Hardcastle." —Los Angeles Times In 1931 William Music is making his way back home to Virginia when he hops off a freight train in Switch County, Kentucky, to find something to eat. For eleven cents—all the money in his pocket—he buys a soda bottle's worth of moonshine. Farther down the road, he takes two turnips and a handful of string beans from a kitchen garden and beds down for the night in a haystack. It is still dark out when he wakes up to a dog licking his forehead and a man pointing a pistol in his face. Despite the awkward introduction, Music and Regus Bone are soon friends. Bone is a guard at Hardcastle Coal Co., whose owner will do anything to keep his employees from unionizing. For the irresistible wage of three dollars a day, Music—outfitted with an ancient, misfiring revolver and a holster made from a feed sack—hires on as a watchman despite his queasy feelings about the job. His attraction to the young widow of a miner killed by a former guard only deepens his discomfort, and when he and Bone catch a pair of union organizers, they make a decision that will change their lives and Switch County forever. Inspired by real events, Hardcastle is a stirring tribute to the power of friendship and family in a time and place in which the price of integrity is more than a man on his own can bear.

The Mystery of Table Mountain William Post, 2009-12-29 The Mystery of Table Mountain is a fast moving action packed epic of a young college man, James Raymond, who is framed for murder by his uncle, aunt and her brother. The story takes James out west as he eludes lawmen. It is here he sees the inaccessible Table Mountain and is enamored with its beauty and security. Through his ingenuity James finds a way to the top of the mountain and discovers a paradise. The day after he discovers an access to the mountain top he miraculously rescues a young woman from Indians and shares his Garden of Eden with her in a clandestine relationship. The story has several romances threaded through its fabric adding spice as it unfolds. The story

is told in first person to enable the reader to feel James pain and ecstasy more intimately. The Mystery of Table Mountain is the first part of a trilogy. Each story stands alone as it takes the reader through different eras of James Raymonds life. The other two books in chronological order are: The Miracle and A Call To Duty. Both of these books will be available shortly. William Post was reared in the West Texas town of Colorado City. He was educated at Texas A. & M. then served in the United States Navy. After his service he became a land surveyor for the Southern Pacific Railroad. This took him to the wilds of New Mexico, Arizona and California where he immersed himself in the lore of those areas. This becomes apparent throughout the stories in these settings. William has always had a wander lust. At the age of fifteen he traveled by himself to New York City then caught an oil tanker down to South America to visit his aunt, uncle and cousins who lived on the island of Aruba. He has traveled nearly every interstate in America visiting most of the national parks and their mysteries. He has actually lived in seven of the fifty states. William is a professional engineer and holds licenses with the state of California in Land Surveying and Civil Engineering. He retired as the Chief Engineer of the Long Beach Water Department. Taking an early retirement he moved his family to northern California near Nevada City, the heart of gold country. He dredged and sniped for gold in the Merced and Yuba rivers. He has been in the gold mines and explored much of that country. William is an evangelic Christian and this thread is seen throughout the fiber of his stories. He is married to Brigitte Wittstock, a German immigrant, and through visits with her German family was inspired to write two novels with Germany as the central setting. William now lives in Las Vegas, Nevada with his extended family. The Mystery of Table Mountain William Post

The Maverick Luke Johnson, 2010-08-27 For eight years between 1998 and 2006, Luke Johnson wrote a regular column as 'The Maverick' in The Sunday Telegraph. His short, pithy essays tackled subjects ranging from rich lists to bankrupt companies, from high finance to investment techniques, from philanthropy to trophy wives, bringing a practitioner's eye to the commercial world and the people in it. The Maverick quickly developed a cult following among readers who wanted to understand the blunt truth about investment, entrepreneurs, business history, and corporate life. This book brings together 84 of the best articles, with updates, in a single volume. What makes them unique is that Luke Johnson is not just a first-class writer, he is also one of Britain's most successful entrepreneurs. He made his name with PizzaExpress, has run and owned businesses in many different sectors, and now takes stakes in fast-growing businesses through his company, Risk Capital Partners. He is also Chairman of Channel 4. The diversity of his experience enables him to write with insight and perspective about the very serious matter of making and losing money. If you are in business, you will find The Maverick entertaining, informative and inspiring. If you are not in business, you will discover what makes business people tick, the hurdles they have to overcome to succeed, and the substantial benefits they bring to society.

Setting Up a Business in Europe Corine Moriou, 1999 A country-by-country guide to the practicalities of setting up a new business venture

The Cult of We Eliot Brown, Maureen Farrell, 2022-03-15 WALL STREET JOURNAL BESTSELLER • A FINANCIAL TIMES, FORTUNE, AND NPR BEST BOOK OF THE YEAR • “The riveting, definitive account of WeWork, one of the wildest business stories of our time.”—Matt Levine, Money Stuff columnist, Bloomberg Opinion The definitive story of the rise and fall of WeWork (also depicted in the upcoming Apple TV+ series WeCrashed, starring Jared Leto and Anne Hathaway), by the real-life journalists whose Wall Street Journal reporting rocked the company and exposed a financial system drunk on the elixir of Silicon Valley innovation. LONGLISTED FOR THE FINANCIAL TIMES AND MCKINSEY BUSINESS BOOK OF THE YEAR AWARD WeWork would be worth \$10 trillion, more than any other company in the world. It wasn't just an office space provider. It was a tech company—an AI startup, even. Its WeGrow schools and WeLive residences would revolutionize education and housing. One day, mused founder Adam Neumann, a Middle East peace accord would be signed in a WeWork. The company might help colonize Mars. And Neumann would become the world's first trillionaire. This was the vision of Neumann and his primary cheerleader, SoftBank's Masayoshi

Son. In hindsight, their ambition for the company, whose primary business was subletting desks in slickly designed offices, seems like madness. Why did so many intelligent people—from venture capitalists to Wall Street elite—fall for the hype? And how did WeWork go so wrong? In little more than a decade, Neumann transformed himself from a struggling baby clothes salesman into the charismatic, hard-partying CEO of a company worth \$47 billion—on paper. With his long hair and feel-good mantras, the six-foot-five Israeli transplant looked the part of a messianic truth teller. Investors swooned, and billions poured in. Neumann dined with the CEOs of JPMorgan and Goldman Sachs, entertaining a parade of power brokers desperate to get a slice of what he was selling: the country's most valuable startup, a once-in-a-lifetime opportunity and a generation-defining moment. Soon, however, WeWork was burning through cash faster than Neumann could bring it in. From his private jet, sometimes clouded with marijuana smoke, he scoured the globe for more capital. Then, as WeWork readied a Hail Mary IPO, it all fell apart. Nearly \$40 billion of value vaporized in one of corporate America's most spectacular meltdowns. Peppered with eye-popping, never-before-reported details, *The Cult of We* is the gripping story of careless and often absurd people—and the financial system they have made.

Reaching Angelica Peter Riva, 2023-09-26 In this science fiction sequel to *The Path*, the crew of a ship bound to colonize another planet must first save the universe from a deadly entity. Life has changed for computer wrangler Simon Bank when he awakens from a hundred-year coma. To start, he's on board a massive spaceship on a mission to colonize Alpha Centauri B. The crew includes his former adversary Cramer, a computer entity named Ra (now in a human form and going by Aten), and a telepathic dog named Zip. Everyone believes Simon is a hero, and there's no time to disagree . . . Simon accidentally awakened a powerful entity that believes human life to be a virus worthy of annihilation. Before it destroys all life on Earth and the spaceship, Simon must find a way to stop it. Once again, Simon must rely on his computer skills and his motley group of friends to save the universe before his crew finds themselves on a journey to nowhere . . . Praise for *The Path* "Excellent mix of both empathic human behavior with high-tech sci-fi knowledge in a complex main character that holds up a mirror to all of us human beings." —Bavo Dhooge, Diamond Bullet Award-winning author of *Styx*
