Making Rent in Bed-Stuy Brandon Harris, 2017-06-06 A young African American millennial filmmaker's funny, sometimes painful, true-life coming-of-age story of trying to make it in New York City—a chronicle of poverty and wealth, creativity and commerce, struggle and insecurity, and the economic and cultural forces intertwined with the serious, life-threatening process of gentrification. Making Rent in Bed-Stuy explores the history and sociocultural importance of Bedford-Stuyvesant, Brooklyn's largest historically black community, through the lens of a coming-of-age young American negro artist living at the dawn of an era in which urban class warfare is politely referred to as gentrification. Bookended by accounts of two different breakups, from a roommate and a lover, both who come from the white American elite, the book oscillates between chapters of urban bildungsroman and a historical examination of some of Bed-Stuy's most salient aesthetic and political legacies. Filled with personal stories and a vibrant cast of iconoclastic characters—friends and acquaintances such as Spike Lee; Lena Dunham; and Paul MacCleod, who made a living charging \$5 for a tour of his extensive Elvis collection—Making Rent in Bed-Stuy poignantly captures what happens when youthful idealism clashes head-on with adult reality. Melding in-depth reportage and personal narrative that investigates the disappointments and ironies of the Obama era, the book describes Brandon Harris's radicalization, and the things he lost, and gained, along the way.

Netflixed Gina Keating,2012-10-11 Netflix has come a long way since 1997, when two Silicon Valley entrepreneurs, Marc Randolph and Reed Hastings,

decided to start an online DVD store before most people owned a DVD player. They were surprised and elated when launch-day traffic in April 1998 crashed their server and resulted in 150 sales. Today, Netflix has more than 25 million subscribers and annual revenues above \$3 billion. Yet long-term success-or even survival-is still far from guaranteed. Journalist Gina Keating recounts the absorbing, fast-paced drama of the company's turbulent rise to the top and its attempt to invent two new kinds of business. First it engaged in a grueling war against video-store behemoth Blockbuster, transforming movie rental forever. Then it jumped into an even bigger battle for online video streaming against Google, Hulu, Amazon, and the big cable companies. Netflix ushered in such innovations as DVD rental by mail, a patented online queue of upcoming rentals, and a recommendation algorithm called Cinematch that proved crucial in its struggle against bigger rivals. Yet for all its success, Netflix is still a polarizing company. Hastings is often heralded as a visionary-he was named Business Person of the Year in 2010 by Fortune-even as he has been called the nation's worst CEO. Netflix also faces disgruntled customers after price increases and other stumbles that could tarnish the brand forever. The quest to become the world's portal for premium video on demand will determine nothing less than the future of entertainment and the Internet. Drawing on extensive new interviews and her years covering Netflix as a financial and entertainment reporter, Keating makes this tale as absorbing as it is important.
