Rescue Ink Rescue Ink,2009-09-17 The true story of ten tough and tattooed bikers who rescue animals in danger Though Joe Panz, Johnny O, Batso, Big Ant, G, Angel, Des, and Eric initially met and formed their friendships at tattoo and motorcycle conventions, they soon learned that they shared another passion: animals. Each had been rescuing troubled animals on their own for years. They decided to form Rescue Ink to combat the problem of animal abuse on a larger scale. Working from tips from concerned neighbors and anonymous sources, they have rescued countless animals, including a dognapped bulldog and 180 cats from the home of a hoarder. In between rescues, they’ve protested the barbaric practices of a horse slaughterhouse, visited schools to educate children about animal kindness and that “abusers are losers,” and participated in Puppy Mill Awareness Day in Lancaster, Pennsylvania. Former Newsday writer Denise Flaim chronicles their adventurous tales, detailing just what these brawny bikers, who will stop at nothing within the bounds of the law, can teach us all about respecting the creatures in our midst.

**Going Commando** K. M. Neuhold,2017-05-14 I never thought I could want anyone as much as I wanted Nash, then I met you~Royal When I was sixteen I was afflicted with a terrible curse...I fell in love with my straight best friend. I never thought I'd move past my feelings for Nash and find someone who could love me in return, until the day a gorgeous marine plopped himself down in my chair and asked me to ink him. I'm falling fast for Zade, but my feelings for Nash are still very real. When life starts getting complicated and Nash speaks the words I never thought I'd hear, the only thing I want is for us to find a way to make this work...together. What if I told you, you'd never have to choose?~Zade I thought I'd stay in the marines for life, that was the plan. But after a traumatic event I couldn't make myself re-enlist when my contract was up. Confused and unsure what to do next I called up my best friend for a place to stay. What I didn't count on was my best friend's boyfriend practically throwing a sexy tattoo artist at me to keep me busy. Royal is everything I've ever wanted and his roommate, Nash, is starting to grow on me, too. A few weeks ago I thought I was straight. Now I'm sandwiched between two sweaty men. Can't say I do anything half-assed. ~Nash Of course I've noticed that my best friend, Royal is crazy good looking. I have eyes, that doesn't mean I'm into guys. Although, when I start to notice that his new boyfriend, Zade, is pretty hot too, that makes me start to question things a little. Not to mention the dreams I keep having of the three of us together. I'm willing to try if they are. \*\*This is NOT a love triangle, just good old fashioned man-on-man-on-man love \*\*Every book in the Heathens Ink series can be read as a stand-alone, but it's way more fun to read them in order.

**Surviving Logan** Erik Bjarnason,Cathi Shaw,2016 In May of 2005, North Shore Rescue put together a 40th Anniversary Expedition to Mount Logan. The team was made up of seven men and one woman - all experienced mountaineers and search & rescue personnel. The trip up the mountain was relatively standard, marked by good weather. But on May 25, 2005, their good fortune took a tragic turn. Three members of the team became trapped in an extratropical cyclone on Prospector's Col - an exposed ridge on the mountain. With nothing more than a tent for shelter, they prepared to wait out the storm in winds gusting up to 140 km/h. After 20 hours huddled in their tent in the high winds, the unthinkable happened when their shelter began to disintegrate. With little choice, the three men started to prepare for what they were trained for: survival. Don Jardine and Alex Snigurowicz prepared to dig a snow cave to take refuge in, and Bjarnason set about melting snow so they could rehydrate themselves. Suddenly their tent was ripped from its ice screws and blown over the edge of the mountain, just barely spitting Bjarnason out before it went. Left with no gear beyond two sleeping bags, a sleeping pad, a pot lid and an ice axe, they knew they were in grave trouble. In addition, Bjarnason's overmitts had blown off the mountain with the rest of their gear, exposing his hands to the elements. Snigurowicz and Jardine went to dig the shelter, leaving Bjarnason on his own to weather the storm as best he could. We will come back for you if we can, they told him. Six hours later they did come back for him, only to find that his hands had frozen to the small rock he'd been using for shelter. Breaking his grip from the rock, the three retreated to their small snow cave to wait out the storm or die. Whichever came first. The next morning, the storm passed. As the day wore on they were able to establish contact with their teammates above and below them, but with 3 feet of new snow and all of them suffering from hypothermia and severe frostbite, there was no way they could retreat off the mountain. Through the efforts of North Shore Rescue, the Alaskan Air Guard, Denali National Park and the Canadian Park Service, the three climbers were eventually airlifted off the mountain by a Lama high-altitude aircraft. For Bjarnason, however, surviving Logan was only the beginning of the adventure. He soon learned he would lose all of his fingers and one of his thumbs, making his future as a firefighter and mountaineer unimaginable. Amazingly, Bjarnason fought his way back. He retrained and requalified for his job as a firefighter, learning to adapt and use what was left of his hands in new ways. And a mere 13 months after being rescued off Mount Logan, he found himself in Russia, standing atop Mount Elbrus, Europe's highest peak. Not only had he reclaimed his career, he had been able to return to high-altitude climbing.
