Cutting Onions Bobby Shaw, 2019-12-03 *Cutting Onions* shares restaurant executive Bobby Shaw's journey from starting out as an hourly employee at McDonald's to becoming a senior executive in the restaurant industry, what he learned along the way, and how it changed the course of his life and countless others. The importance of culture is referenced by many leaders trying to build an organization, but it isn't always reflected in the day-to-day actions of that organization. This leadership guide chronicles the journey of one leader through one of the most challenging and rewarding industries,

eventually inspiring hundreds of other leaders along the way to do more than they ever thought possible. Bobby dives into the challenges he overcame and how, along the way, he learned the importance of building a strong culture in which people wanted more for each other than they wanted for themselves. Cutting Onions tells the story of a restaurant that figured it out and tied the results they achieved right back to their culture, represented by the simple, everyday things that, as all leaders learn, are the most important.

Dare to Serve Cheryl Bachelder, 2015-03-16 Become a Dare-to-Serve Leader! How do you transform an ailing company into an industry darling? Adopt servant leadership. When Cheryl Bachelder was named CEO of Popeyes in 2007, the stock price had slipped from \$34 in 2002 to \$13. The brand was stagnant, the team discouraged, and the franchisees were just plain angry. Nine years later, restaurant sales were up 45%, restaurant profits had doubled, and the stock price was over \$61. Some see servant leadership as incongruent with results, but this book confirms that challenging people to reach a daring destination, while treating them with dignity, creates the conditions for superior performance. In this updated edition, Bachelder includes

her post-Popeyes observations and new examples of how you can switch your leadership from self to serve.

Unreasonable Hospitality Will Guidara,2022-10-25 National Bestseller Essential lessons in hospitality for every business, from the former co-owner of legendary restaurant Eleven Madison Park. Will Guidara was twenty-six when he took the helm of Eleven Madison Park, a struggling two-star brasserie that had never quite lived up to its majestic room. Eleven years later, EMP was named the best restaurant in the world. How did Guidara pull off this unprecedented transformation? Radical reinvention, a true partnership between the kitchen and the dining room—and memorable, over-the-top, bespoke hospitality. Guidara's team surprised a family who had never seen snow with a magical sledding trip to Central Park after their dinner; they filled a private dining room with sand, complete with mai-tais and beach chairs, to console a couple with a cancelled vacation. And his hospitality extended beyond those dining at the restaurant to his own team, who learned to deliver praise and criticism with intention; why the answer to some of the most pernicious business dilemmas is to give more—not less; and the magic that can happen when a busser starts thinking like an owner. Today, every business can choose to be a hospitality business—and we can all transform ordinary transactions into extraordinary experiences. Featuring sparkling stories of his journey through restaurants, with the industry's most famous players like Daniel Boulud and Danny Meyer, Guidara urges us all to find the magic in what we do—for ourselves, the people we work with, and the people we serve.

Delivering the Digital Restaurant Carl Orsbourn,Meredith Sandland,2021-10-12 The omnichannel disruption that upended retail has finally come to the restaurant industry. Restaurateurs must shift how they think, behave, and invest to survive and thrive. Today's consumers are well-conditioned in their expectations: they want the same tech-savvy, on-demand, and frictionless interactions with restaurants that they get in every other vertical. If you

think your 1,000-unit restaurant chain is too big to fail, remember that 1,000-unit Sears closed nearly all of its stores after it filed for bankruptcy in February 2019. If you think your local family independent restaurant is too beloved to fail, remember the Amazon effect changed the face of main street and traditional retailing. Delivering the Digital Restaurant explores the massive disruption facing American restaurants through first-hand accounts of food industry veterans and start-up entrepreneurs innovating the future of food. Combining sociological observations, rich industry data, and insider knowledge, Delivering paints a picture of how food is evolving and how you as a leader, owner, or operator can successfully innovate and meet the new consumer demands to capitalize on the opportunities ahead. Those who understand this digital disruption will be better positioned to embrace the innovation that consumers are demanding. Those who resist will surely be left behind.

It's All About the Guest Steve Difillippo,2013-10-15 When's the last time you picked up a business book that was so engaging you couldn't put it down? Steve Difillippo was only 24 when he opened his first Davio's restaurant. Since then, he's wowed Julia Child with his pomodoro, overlooked some triple-X rated shenanigans at Table 7, taken on American Express, gotten himself into Time and Newsweek (for taking on American Express), cooked a rabbit for Stevie Ray Vaughn, inadvertently gotten a guest divorced, whipped up some tasty eats at the Super Bowl--and that's just the beginning. The money hasn't been bad, either: that first restaurant is now the hub of a rapidly growing \$50 million restaurant brand group and a \$10 million Davio's brand food line. With guests constantly asking how he did it, Steve has written the ultimate guide to starting a restaurant, running a

successful business, enjoying food, and living life. The 5.9 million restaurant workers who say they want to open their own restaurant will go nuts over this book, but so will anybody who loves food and the restaurant world--heck, anybody who wants to make money and have a blast doing it. As a special bonus, Steve includes twelve classic Davio's recipes.

Made From Scratch Kent Taylor, 2021-08-24 * An Instant Wall Street Journal Bestseller * From founder Kent Taylor, the incredible made-from-scratch success story of Texas Roadhouse. In *Made From Scratch*, the late business maverick Kent Taylor tells the legendary story of Texas Roadhouse and in the process reveals its recipe for success: embracing unorthodox business practices. Because isn't it a little unusual for a company to do almost no advertising? Is it wild to give away free peanuts and rolls and keep prices low, even as costs rise, or to keep the menu basically the same since it opened? Does it fly in the face of reason to prohibit coats and ties at headquarters and to have a CEO who dressed like he was part of the landscaping crew? These business practices might be unconventional, but for Kent and Texas Roadhouse, they worked. What Kent and his Roadies cooked up is an island of misfits who are cool with being different. They love to have fun, but are serious about following meticulous recipes to serve up hand-cut steaks, fall-off-the-bone ribs, made-from-scratch sides, ice-cold beer, and irresistible fresh-baked bread. It's Legendary Food, Legendary Service, the Texas Roadhouse way. To show how this company became a staple of American dining and survived a once-in-a-lifetime pandemic, Kent took a trip back in time to offer the lessons learned from his pathbreaking life, revealing how a distracted kid from Louisville, Kentucky, created anything worthwhile at all.
