Fogg und Passepartout reisen mit verschiedenen Transportmitteln, wie Schiffen und Zügen. Auf ihrer Reise erleben sie viele Abenteuer. Sie treffen interessante Menschen und haben manchmal Probleme. Zum Beispiel werden sie fälschlicherweise für Verbrecher gehalten. Auch gibt es einen Detektiv, der sie verfolgt. Der Detektiv denkt, dass Fogg ein Bankräuber ist. Am Ende kommen Fogg und Passepartout zurück nach London. Sie sind zu spät. Sie denken, sie haben die Wette verloren.

The 'Made in Germany' Champion Brands Ugesh A. Joseph, 2016-03-09 Germany's economic miracle is a widely-known phenomenon, and the world-leading, innovative products and services associated with German companies are something that others seek to imitate. In The 'Made in Germany' Champion Brands, Ugesh A. Joseph provides an extensively researched, insightful look at over 200 of Germany's best brands to see what they stand for, what has made them what they are today, and what might be transferable. The way Germany is branded as a nation carries across into the branding of its companies and services, particularly the global superstar brands - truly world-class in size, performance and reputation. Just as important are the medium-sized and small enterprises, known as the 'Mittelstand'. These

innovative and successful enterprises from a wide range of industries and product / service categories are amongst the World market leaders in their own niche and play a huge part in making Germany what it is today. The book also focuses on German industrial entrepreneurship and a selection of innovative and emergent stars. All these companies are supported and encouraged by a sophisticated infrastructure of facilitators, influencers and enhancers - the research, industry, trade and standards organizations, the fairs and exhibitions and all the social and cultural factors that influence, enhance and add positive value to the country's image. Professionals or academics interested in business; entrepreneurship; branding and marketing; product or service development; international trade and business development policy, will find fascinating insights in this book; while those with an interest in Germany from emerging industrial economies will learn something of the secrets of German success.
