The book presents one format that works for everyone, rather than individual formats for different levels in the corporate hierarchy. How to use the book is explained in four steps with examples at each step to show the writer exactly what to do, & how the resume should look when each step is completed. A 30-page section covering job descriptions supplies the writer with the appropriate words to select from when describing job experience. This section is designed to be copied so the descriptions can be cut out & arranged in the writer's personalized order of importance. The following pages instruct the writer how to pull all the information together into a 1-page resume.--Bruce Homer, The Writers Connection.
