Van Gogh Starry Night Vincent van Gogh,Federico Castelli Gattinara,2004 This title is one in a series presenting four masterpieces by four immortal nineteenth-century French painters. Each miniature book faithfully reproduces its title painting on the front cover, and is packaged in a handsome slipcase that doubles as a picture frame. The frame can stand up on a desk or tabletop or be hung on the wall to display the book cover's striking painting. Each book's interior discusses its title painting, describing the artist's approach to his work, analyzing the picture's fine points, and showing close-up details from the painting. A final two-page spread presents a timeline capsule biography that lists significant events in the painter's life. Van Gogh--Starry Night shows and discusses Vincent Van Gogh's masterpiece, which is a mystically glowing nighttime landscape, and ranks today as one of the artist's most popular and beloved paintings.

Word Freak Stefan Fatsis,2001-07-07 This “marvelously absorbing” book is “a walk on the wild side of words and ventures into the zone where language and mathematics intersect” (San Jose Mercury News). A former Wall Street Journal reporter and NPR regular, Stefan Fatsis recounts his remarkable rise through the ranks of elite Scrabble players while exploring the game’s strange, potent hold over them—and him. At least thirty million American homes have a Scrabble set—but the game’s most talented competitors inhabit a sphere far removed from the masses of “living room players.” Theirs is a surprisingly diverse subculture whose stars include a vitamin-popping standup comic; a former bank teller whose intestinal troubles earned him the nickname “G.I. Joel”; a burly, unemployed African American from Baltimore’s inner city; the three-time national champion who plays according to Zen principles; and the author himself, who over the course of the book is transformed from a curious reporter to a confirmed Scrabble nut. Fatsis begins by haunting the gritty corner of a Greenwich Village park where pickup Scrabble games can be found whenever weather permits. His curiosity soon morphs into compulsion, as he sets about memorizing thousands of obscure words and fills his evenings with solo Scrabble played on his living room floor. Before long he finds himself at tournaments, socializing—and competing—with Scrabble’s elite. But this book is about more than hardcore Scrabblers, for the game yields insights into realms as disparate as linguistics, psychology, and mathematics. Word Freak extends its reach even farther, pondering the light Scrabble throws on such notions as brilliance, memory, competition, failure, and hope. It is a geography of obsession that celebrates the uncanny powers locked in all of us, “a can’t-put-it-down narrative that dances between memoir and reportage” (Los Angeles Times). “Funny, thoughtful, character-rich, unchallengeably winning writing.” —The Atlantic Monthly This edition includes a new afterword by the author.

The Boat of a Million Years Poul Anderson,2018-09-18 A New York Times Notable Book and Hugo and Nebula Award Finalist: This epic chronicle of ten immortals over the course of history “succeeds admirably” (The New York Times). The immortals are ten individuals born in antiquity from various cultures. Immune to disease, able to heal themselves from injuries, they will never die of old age—although they can fall victim to catastrophic wounds. They have walked among mortals for millennia, traveling across the world, trying to understand their special gifts while searching for one another in the hope of finding some meaning in a life that may go on forever. Following their individual stories over the course of human history and beyond into a richly imagined future, “one of science fiction’s most revered writers” (USA Today) weaves a broad tapestry that is “ambitious in scope, meticulous in detail, polished in style” (Library Journal).

10 Days in December Eleanor Deckert,2015-10-21 I want to get married, go out west, build a log cabin, raise a bunch of kids, volunteer in my community, and then write a book about it. In 1978, during a golden age of middle-class prosperity, newly wed Kevin and Eleanor, like other young people at the time, felt

the irresistible pull of the Back-to-the-Land movement and left behind everything they knew and loved to live far from the city and off the grid. As they searched western Canada for a place to settle, abandoned homesteads warned that their dream would be hard won. 10 Days in December journals Kevin and Eleanor's adventures living for the first ten days in their wilderness cabin facing the demands of winter, where harsh reality and self-denial test their love and commitment. Along the way practical Kevin and idealistic Eleanor will learn if they have what it takes to live in the mountains and with each other. Eleanor shares her true 'coming-of-age' story exploring what resources from her sheltered childhood could help her endure the isolation, cold and darkness of this northern river valley.

The Woman I Wanted to Be Diane von Furstenberg,2014-10-28 One of the most influential, admired, and colorful women of our time: fashion designer and philanthropist Diane von Furstenberg tells the most personal stories from her life, about family, love, beauty and business: “It’s so good, you’ll want to take notes” (People). Diane von Furstenberg started with a suitcase full of jersey dresses and an idea of who she wanted to be—in her words, “the kind of woman who is independent and who doesn’t rely on a man to pay her bills.” She has since become that woman, establishing herself as a major force in the fashion industry, all the while raising a family, maintaining that “my children are my greatest creation.” In *The Woman I Wanted to Be*, “an intriguing page-turner filled with revelations” (More), von Furstenberg reflects on her extraordinary life—from her childhood in Brussels to her days as a young, jet-set princess, to creating the dress that came to symbolize independence and power for generations of women. With remarkable honesty and wisdom, von Furstenberg mines the rich territory of what it means to be a woman. She opens up about her family and career, overcoming cancer, building a global brand, and devoting herself to empowering other women. This “inspiring, compelling, deliciously detailed celebrity autobiography...is as much of a smashing success as the determined, savvy, well-intentioned woman who wrote it” (Chicago Tribune).

Minerva's Owl Carol Matthews,2017-11-20 Carol Matthews set out to discover what bereavement meant to her after the loss of her husband. In *Bereavement Days* she explores bereavement within the context of their larger relationship, from the courtship and on through the marriage. This examination not only helped her endure terrible grief and develop a new appreciation of her marriage, it also helped her to accept and integrate his death into the story of their life together. The Long Hello Cathie Borrie,2010 This sensuous memoir strips away all preconceptions about what it means to be, or to love, a person with Alzheimer's, giving comfort to those who have walked the caregiving path and offering insight, hope, and a compass to those embarking on the journey. -- Cover, p. [4].

DrawBridge Joan Boxall,2019-05-31 How do you establish trust and meaningful connection with a sibling who suffers from schizophrenia? In an attempt to rekindle her relationship with her estranged brother Steve, Joan meets him at the Art Studios in Vancouver, where he takes part in art classes for individuals with a mental illness in a safe, supportive environment. This marks the beginning of a remarkable journey into the healing power of art. Schizophrenia had already done its worst, confounding Steve with voices, hallucinations and delusions. At fifty-five, Steve was in a burn-out phase of schizophrenia with a hunger for creativity. Joan's efforts to connect with him through art soon become the vehicle of change. Over the next eight years, Steve progresses both artistically and personally. Together, Steve and Joan explore their art, drawing upon their own resources as they learn to trust one another. Steve's artwork provides a glimpse into his perspective, at once both troubled and beautiful. His paintings and drawings are eventually displayed in two solo exhibits at Basic Inquiry Gallery. He attended what would become his final solo show shortly before his death in 2013. Normal 0 false false false EN-CA X-NONE X-NONE

Nothing's for Nothing Rebekah Demirel,2017-09-20 In her haunting memoir, *Nothing's for Nothing*, Rebekah Demirel reveals a childhood of adversity and neglect, beginning at age three when her mother fled the violence of their home, through her years growing up in a chaotic and abusive household with her Pentecostal father and violent older brother, until leaving home at age thirteen for an uncertain life on the streets. Rebekah takes us on a soulful journey of heartbreak, loss and grief, her own difficult homeless teen years, and the resiliency gained from those experiences, with inspiring messages of hope, healing, forgiveness and personal transformation.

Take the Torch Ian Waddell,2018-10-27 *Take the Torch* is a compelling memoir from one of BC’s most widely accomplished and animated politicians, Ian Waddell, QC. Waddell takes us on a journey through his life and career as a storefront lawyer, an NDP Member of Parliament, a Minister of Culture, a writer, a teacher, a film producer and more—delivering a smart, humorous, endearing and impossible-to-forget exploration of public life. Following up Donna Macdonald’s *Surviving City Hall*, *Take the Torch* is Nightwood’s second publication in a campaign to promote participation in civic affairs and community activism to younger generations. Waddell endeavours “to pass on some of the lessons I learned about setting goals for social change and the methods to use to get there ... debating, protesting, and marching to ‘biting dogs’ at press conferences (following the old adage ‘dog bites man is not a story; man bites dog is a headline’), writing op-ed pieces for newspapers, getting elected, taking on prime ministers, dictators and kings, grabbing maces, lobbying diplomats in the lobby of the United Nations, and bucking your own party.” Waddell got his start through his involvement as a young lawyer, from an immigrant family, in both the first consumer class-action lawsuit in Canada and the Berger Inquiry into the Mackenzie Valley Pipeline. I have always had a revolutionary idea about law: that it is about justice and that it can be used to make change in society. That’s why I started as a criminal lawyer, and why I went on to be a storefront lawyer, assistant to Judge Berger, and then a member of both the federal Parliament and the BC legislative assembly. What I love about Canada is that we are still a young country and still a place where you can make change happen. In this book I describe some of those changes—many of them are big changes, historic events for our country and our people; others are tiny incidents that helped only one person or a small group, but they’re still important. Often I played a minor role, but my part was big enough to give me an inside look at how change happens.
