Burden of Proof: Using Known Concepts to Reveal Eternal Truths Brandon Russell,2015-11-28 Where is the proof? Why believe in something if there is no evidence? Also, why believe in something when there is evidence that runs contrary to a particular belief? This is basic logic and a reason why most deny a deity. Most who deny a deity argue there is no evidence. Also they point to scientific evidence to validate their skepticism. However, what if there is evidence and evidence that is overwhelming? Those who deny a deity have every right to demand evidence. Yet, what will they do when they are provided proof? The Bible advocates a God who is sovereign. If this is true everything points to his existence. God is not hiding, he wants to be known. **BURDEN OF PROOF: Using Known Concepts to Reveal Eternal Truths**, was written to identify the evidence of God's existence. The author answers forty thought-provoking questions that highlight the eternal truths of Scripture. Thus proving that the burden of proof does not lie with those who believe in God but with those who don't.

Ideas for Britain Hugh Salmon,2016-09-06 Recognised and respected throughout the advertising industry for blowing the whistle on fraud at a publicly quoted advertising agency of which he was managing director, Hugh Salmon's career was further affected by complications of a broken back caused by a rugby injury. He witnessed the suffering that disabled people are forced to endure and realised that the understanding of human behaviour and the creative talent in advertising agencies could be applied to improving society as a whole – particularly the poor, the underprivileged and the disabled. After standing as an independent MP in the 2010 general election, Hugh's challenging observations on life and human behaviour featured in his blog 'A Different Hat' on the marketing website Brand Republic and Huffington Post. *Ideas for Britain*, previously published as an ebook, is a compilation of some of these blog posts from 2009-2015. From Theresa May's ignorance of the most basic law of advertising to a call for the role of government to be redefined in a changing world; from the simple belief that every child has a talent at something to innovative proposals for the education system; from the realities of living as a disabled person to a radical new future for the NHS (including a call to separate care from cure and the launch of a new National Care Service); from the failure of immigration policy to the underlying tensions of an increasingly divided society (since evidenced by the 2016 EU referendum), *Ideas for Britain* takes an adman's innate understanding of human behaviour and challenges the political classes to seek more creative solutions to the core issues facing Britain today.

Globalization and Armed Conflict Gerald Schneider, Katherine Barbieri, Nils Petter Gleditsch,2003-06-11 Globalization and Armed Conflict addresses one of the most important and controversial issues of our time: Does global economic integration foster or suppress violent disputes within and between states? Here, cutting-edge research by leading figures in international relations shows that expanding commercial ties between states pacifies some, but not necessarily all, political relationships. The authors demonstrate that the pacific effect of economic integration hinges on democratic structures, the size of the global system, the nature of the trade goods, and a reduced influence of the military on political decisions. In sum, this book demonstrates how important the still fragile capitalist peace is.

Gender-Reveal Parties as Mediated Events Carly Gieseler,2019-11-22 A decade ago, it was difficult to imagine parents-to-be jumping from planes or dyeing their hair to publicly declare the sex of their unborn children. Yet gender-reveal parties have rapidly grown in popularity, saturating the public imagination surrounding pregnancy and parenthood. As a highly visible trend, gender-reveals correlate with our increased digital capacity for sharing, competitive consumerism, ritualized communitas, and social media currency. At the roots of this trend, there may be motivations to reassert binary identities against a climate of acceptance and progression surrounding gender fluidity. To analyze the divisive discourse surrounding this phenomenon, this book explores issues including technologies of reproduction and media; community and competition; visibility and signifying the unborn; consumerist imperatives; and those uninvited from this trend. In the process of selecting costumes of gender before birth, Gieseler argues, parents-to-be appropriate the unborn body as a contested, discursive site.

British Cinema of the 90s Robert Murphy,2019-07-25 This work examines major box office hits like 'The Full Monty' as well as critically acclaimed films like 'Under the Skin'. It explores the role of distribution and exhibition, the Americanisation of British film culture, Hollywood and Europe, changing representations of sexuality and ethnicity.

A History of Borno Vincent Hiribarren,2017-02-17 Borno (in northeast Nigeria) is notorious today as the home of an Islamist terrorist group, Boko Haram, whose insurgency is a major security threat, but it was once the heartland of the Kanuri-speaking royal empire of Kanem-Borno, renowned throughout Africa and beyond, which in its later incarnation, the Bornu Empire, lasted from 1380 to 1893. This book offers the reader the first modern history of Borno, drawing upon sources in London, Berlin, Paris, Kaduna and Maiduguri and recently released 'migrated archives'. As its longevity suggests, what is particularly remarkable about Borno is the permanence of its boundaries-its territorial integrity-which dates back centuries, and the political and social identities that such borders framed in the minds of its inhabitants.

Reveal Johnny Black,2004 Filled with reminiscences from band members, insiders, and fans, this loving portrait of the band from Athens, Georgia, explores the personalities in the band, the dynamics behind the music, and the truth behind the legend of R.E.M. Original.

Contemporary British Horror Cinema Walker Johnny Walker,2015-10-01 Combining industrial research and primary interview material with detailed textual analysis, Contemporary British Horror Cinema looks beyond the dominant paradigms which have explained away British horror in the past, and sheds light on one of the most dynamic and distinctive - yet scarcely talked about - areas of contemporary British film production. Considering high-profile theatrical releases, including *The Descent*, *Shaun of the Dead* and *The Woman in Black*, as well as more obscure films such as *The Devil's Chair*, *Resurrecting the Street Walker* and *Cherry Tree Lane*, Contemporary British Horror Cinema provides a thorough examination of British horror film production in the twenty-first century.

The Big Reveal Jen Larsen,2021-12-07 A dazzling YA novel about a girl who isn't afraid to be big and sexy and dance her heart out, and a discussion-provoking exploration of the mixed messages our society gives young women about their bodies and sexuality. Addie is a talented dancer, a true-blue friend, and a fat, fierce, and driven young woman. When she's accepted into the prestigious dance company of her dreams, she thinks nothing can bring her down—until she realizes she doesn't have enough money to go. Refusing to give up, Addie and her friends decide to put on a top-secret, invitation-only burlesque show to raise funds. But word soon gets out, and the slut- and body-shaming begin. Has Addie been resisting the patriarchy, or playing right into its hands? The Big

Reveal asks hard-hitting feminist questions while reveling in some of life's greatest joys: chasing your passions, falling in love, and embracing yourself exactly as you are.

The Fulfilling Workplace Ronald J. Burke,2016-03-09 It is very easy for organizations to ignore or overlook the impact of social and commercial change-of increased pressure to deliver profit (above all else) and of transformation in the ways in which we are now working-on the mental health and, consequently, the performance of their employees. And yet there is plenty of evidence that in many workplaces, performance is down, stress is up and professional employees are struggling to balance their home and work lives. This collection, while looking at individuals, places the spotlight on organizational initiatives to support the development of attitudes, values, character and behaviors in employees. The aim of these initiatives is to increase our resilience to those experiences and events which impact on performance. There is a particular focus on managerial and professional jobs where employee discretion and commitment are critical. The Fulfilling Workplace extends the themes developed in early titles in the Psychological and Behavioral Aspects of Risk Series deeper into organizations; to explore the organization's role in coming to grips both with human frailties and toxic workplaces-both destructive to individual and organizational health.

Early Childhood Studies: Enhancing Employability and Professional Practice Ewan Ingleby,Geraldine Oliver,Rita Winstone,2014-12-18 Early Childhood Studies: Enhancing Employability and Professional Practice explores essential aspects of best practice within children's services in order to enhance employability skills, identifying how and why key aspects of best practice have emerged within children's services. The key elements of professional practice at the centre of the multidisciplinary work in today's children's services are considered, including: • different childhoods; • child development; • enhanced learning; • professional skills; • inclusion; • holistic practice. Each chapter draws together practical teaching experience with sound academic analysis to support those training to work in the early childhood sector, and those already practising, to raise their employability potential by identifying and evaluating best practice.

A Sociolinguistic Insight into the Italian Community in the UK Siria Guzzo,2014-11-19 The Italian diaspora throughout the world navigate and negotiate various complex and multidirectional language dynamics. In order to account for the sociolinguistic processes that have taken place, this book provides a detailed observation of these linguistic dynamics from the point of view of the Italian diaspora in Bedford, in the UK. This study on the language behaviour of three generations of Italian residents in Bedford provides empirical data on, and highlights the importance of, the sociolinguistic examination of English in service encounters. What comes to light in most of the cases analysed, is that audience design has a proven influence on the choice of language and repertoire within the speech of the Bedford Italian community. There are not only switches from one language to another, but also style shifts in the linguistic repertoire. Throughout this study, it becomes clear that speakers freely use the two languages available to their speech community, and, thanks to their active and passive repertoire, they apply a range of linguistic resources from both Italian and English. The volume also uncovers some especially interesting traits in 3rd generation speech, involving in particular a rather widespread use of mixed pronunciation. Upon moving past the initial assumption that the adoption of this mixed pronunciation is used to show the younger generation's sense of belonging to the BI community, a quite different reason emerges. Closer analysis reveals that, due to an increasing feeling of 'non-Britishness', this linguistic choice may be linked to a deliberate and conscious attempt on their part not to accommodate to British culture, and in so doing to distance themselves further from it. Preface by David Britain.

The New Cultures of Food Martin K. Hingley,2016-03-03 Food is an extraordinary expression of culture; the assortment of flavours, smells, colours and appearance match the diversity of the cultures from which they come and provide very visible evidence of the migration of populations and of the growing multiculturalism of many countries. Adam Lindgreen and Martin K. Hingley draw on research into European, Latin American and (Near and Far) Eastern markets to provide a comprehensive collection of original, cutting-edge research on the opportunities that the changing landscapes of ethnic, religious and cultural populations present for businesses and marketers. The New Cultures of Food uses the perspective of food culture to explore the role of food as a social agent and attitudes to new foodstuffs amongst indigenous populations and to indigenous food amongst immigrant communities. Opportunities and routes to market for exploiting growing demand for ethnic food are also investigated. This is an important book for food and consumer businesses, policy makers and researchers seeking to understand changing global markets and the significance of food as an indicator of social and religious attitude, diet and ethnic identity.

Suicide Club Rachel Heng,2018-07-10 A provocative new author. A fascinating debut novel. Read it!" —Jeff VanderMeer In Rachel Heng's debut set in near future New York City—where lives last three hundred years and the pursuit of immortality is all-consuming—Lea must choose between her estranged father and her chance to live forever. Lea Kirino is a "Lifer," which means that a roll of the genetic dice has given her the potential to live forever—if she does everything right. And Lea is an overachiever. She's a successful trader on the New York exchange—where instead of stocks, human organs are now bought and sold—she has a beautiful apartment, and a fiancé who rivals her in genetic perfection. And with the right balance of HealthTech™, rigorous juicing, and low-impact exercise, she might never die. But Lea's perfect life is turned upside down when she spots her estranged father on a crowded sidewalk. His return marks the beginning of her downfall as she is drawn into his mysterious world of the Suicide Club, a network of powerful individuals and rebels who reject society's pursuit of immortality, and instead choose to live—and die—on their own terms. In this future world, death is not only taboo; it's also highly illegal. Soon Lea is forced to choose between a sanitized immortal existence and a short, bittersweet time with a man she has never really known, but who is the only family she has left in the world.

AI in Language Teaching, Learning, and Assessment Pan, Fang,2024-02-12 The introduction of Artificial Intelligence (AI) has ignited a fervent academic discourse. AI's role is as both a powerful ally and a potential adversary in education. For instance, ChatGPT is a generative AI which mimics human conversation with impressive precision. Its capabilities span the educational spectrum, from answering questions and generating essays to composing music and coding. Yet, as with any innovation, its advent has sparked a spirited academic dialogue. AI in Language Teaching, Learning, and Assessment seeks to address these concerns with rigor and thoughtfulness. It explores the undeniable drawbacks of AI in language education and offers strategic insights into their prevention. It scrutinizes the resources and safeguards required to ensure the ethical and secure integration of AI in academic settings. This book lays out the multifaceted benefits of incorporating AI into language teaching, learning, and assessment. Its chapters dissect the transformative impact of AI on pedagogy, teaching materials, assessment methodologies, applied linguistics, and the broader landscape of language education development. This book is a valuable resource for language learners, educators, researchers, and scholars alike. It beckons to those who are keen on exploring and implementing AI in education, as well as AI developers and experts seeking to bridge the chasm between technology and language education.

The SAGE Handbook of the 21st Century City Suzanne Hall,Ricky Burdett,2017-04-27 The SAGE Handbook of the 21st Century City focuses on the dynamics and disruptions of the contemporary city in relation to capricious processes of global urbanisation, mutation and resistance. An international range of scholars engage with emerging urban conditions and inequalities in experimental ways, speaking to new ideas of what constitutes the urban, highlighting empirical explorations and expanding on contributions to policy and design. The handbook is organised around nine key themes, through which familiar analytic categories of race, gender and class, as well as binaries such as the urban/rural, are readdressed. These thematic sections together capture the volatile processes and intricacies of urbanisation that reveal the turbulent nature of our early twenty-first century: Hierarchy: Elites and Evictions Productivity: Over-investment and Abandonment Authority: Governance and Mobilisations Volatility: Disruption and Adaptation Conflict: Vulnerability and Insurgency Provisionality: Infrastructure and Incrementalism Mobility: Re-bordering and De-bordering Civility: Contestation and Encounter Design: Speculation and Imagination This is a provocative, inter-disciplinary handbook for all academics and researchers interested in contemporary urban studies.

The Nightsilver Promise (Celestial Mechanism Cycle #1) Annaliese Avery,2022-02-01 The first book in a brand-new, richly-immersive, magical fantasy trilogy from debut author Annaliese Avery, perfect for fans of Philip Pullman, Cornelia Funke, and Diana Wynn Jones. London, the Empire of Albion. The Great Dragons of old are long-gone. Now the world is governed by the science of Celestial Physicists, and everyone's life is foretold by the track on their wrist. When thirteen-year-old Paisley discovers from her track that she is destined to die, the race is on to protect her dragon-touched brother and find her missing mother. But an ancient power stalks the sewers of London, and the Dark Dragon is rising, intent on restoring the Great Dragons and destroying Paisley's family and her world forever. In a world where science rules and dragons fear to tread, Paisley must trust her instincts and forge new friends, as she attempts to outrun fate itself.
