Ribbons Laurence Yep,1997-09 Ballet means everything to Robin Lee. But when her parents, who have brought Robin's grandmother from Hong Kong to America to live with them, can no longer afford her lessons, she is determined not to give up her dream even amidst family conflict. The French Ribbon Suzanne Slesin,2014 Introducing 'The French Ribbon', a unique sourcebook celebrating France's deep-rooted tradition of ribbon-making-from the time when ribbons were an essential and often functional fashion accessory used to express individuality and style in everyday life, from weddings to times of mourning. Following the closure of one of the oldest factories in the industrial town of Saint-Etienne, France, an incredible cache of old salesmen's sample books, cards, and packaging surfaced to be photographed for posterity. Over 600 of these documents are now included - ribbons made from cotton, silk, satin, velvet, metallic threads, and innovative synthetic materials. 'The French Ribbon' is a must-have book for every person interested in fashion, design, craft, art and the history of textiles.

The Crystal Ribbon Celeste Lim,2017-01-31 Wonder, mysticism, heartache, and joy are the stones that set the path to one girl's journey as her destiny unfolds. In the village of Huanan, in medieval China, the deity that rules is the Great Huli Jing. Though twelve-year-old Li Jing's name is a different character entirely from the Huli Jing, the sound is close enough to provide constant teasing-but maybe is also a source of greater destiny and power. Jing's life isn't easy. Her father is a poor tea farmer, and her family has come to the conclusion that in order for everyone to survive, Jing must be sacrificed for the common good. She is sold as a bride to the Koh family, where she will be the wife and nursemaid to their three-year-old son, Ju'nan. It's not fair, and Jing feels this bitterly, especially when she is treated poorly by the Koh's, and sold yet again into a worse situation that leads Jing to believe her only option is to run away, and find home again. With the help of a spider who weaves Jing a means to escape, and a nightingale who helps her find her way, Jing embarks on a quest back to Huanan--and to herself.

The Blue Ribbon Cook Book Jennie C. Benedict,2015-01-13 Jennie C. Benedict's The Blue Ribbon Cook Book represents the very best in the tradition of southern regional cooking. Recipes for such classic dishes as Parker House rolls, lamb chops, corn pudding, Waldorf salad, and cheese and nut sandwiches are nestled among longtime local favorites such as apple butter, rice pudding, griddle cakes, and Benedictine, the cucumber

sandwich spread bore Benedict's name. Throughout the cookbook, Benedict's delightful voice shines. Benedict, who was once the most famous caterer in Louisville and also operated a celebrated tea room and soda fountain, trained with Fannie Farmer at the Boston Cooking School. Five editions of Benedict's famous cookbook were published, and her aim in sharing her recipes was simple; as she mentions in the preface, I have tried to give the young housekeeper just what she needs, and for more experienced ones, the best that can be had in the culinary art. As a creative entrepreneur, Benedict had a significant influence on the local culture and foodways. Her sweet and savory dishes were the stars of many Derby parties, and yet she placed equal emphasis on simple luncheon and dinner recipes to satisfy the needs of home cooks. While her popular dishes graced genteel tables all over the Bluegrass, Benedict's chicken salad sandwiches, sold from a pushcart, offered Louisville children the first school lunches in the city. This new edition of *The Blue Ribbon Cook Book* will now welcome new generations of readers and cooks -- those who remember wearing white gloves and eating delicate tea sandwiches at the downtown department store as well as those who want to make satisfying regional classics such as blackberry jam cake like their grandmother used to make. Food writer Susan Reigler introduces the story of Benedict's life and cuisine, and this edition is the first to come complete with the now-famous spread that bears Benedict's name.

The Red Ribbon Lucy Adlington, 2017-09-21 'Captivates, inspires and ultimately enriches' Heather Morris, author of *The Tattooist of Auschwitz* Nominated for the CILIP CARNEGIE MEDAL 2019 As fourteen-year-old Ella begins her first day at work she steps into a world of silks, seams, scissors, pins, hems and trimmings. She is a dressmaker, but this is no ordinary sewing workshop. Hers are no ordinary clients. Ella has joined the seamstresses of Birkenau-Auschwitz, as readers may recognise it. Every dress she makes could mean the difference between life and death. And this place is all about survival. Ella seeks refuge from this reality, and from haunting memories, in her work and in the world of fashion and fabrics. She is faced with painful decisions about how far she is prepared to go to survive. Is her love of clothes and creativity nothing more than collaboration with her captors, or is it a means of staying alive? Will she fight for herself alone, or will she trust the importance of an ever-deepening friendship with Rose? One thing weaves through the colours of couture gowns and camp mud - a red ribbon, given to Ella as a symbol of hope.

The Ribbon at Olympia's Throat Michel Leiris, 2019-07-02 Short fragments and essays that explore how a seemingly irrelevant aesthetic detail may cause the eruption of sublimity within the mundane. That the nude painted by Manet (in a painting so conceptually new that it created a scandal in its day) achieves so much truth through such a minor detail, that ribbon that modernizes Olympia and, even more than a beauty mark or a patch of freckles would, renders her more precise and more immediately visible, making her a woman with ties to a particular milieu and era: that is what lends itself to reflection, if not divagation! —from *The Ribbon at Olympia's Throat* In *The Ribbon at Olympia's Throat*, Michel Leiris investigates what Lydia Davis has called the “expressive power of fetishism”: how a seemingly irrelevant aesthetic detail may cause the eruption of sublimity within the mundane. Written in 1981, toward the end of Leiris's life, *The Ribbon at Olympia's Throat* serves as a coda to his autobiographical masterwork, *The*

Rules of the Game, taking the form of both shorter fragments (poems, memory scraps, notes) that are as formally disarming as the fetishistic experiences they describe, and longer essays, more exhaustive critical meditations on writing, apprehension, and the nature of the modern. Rooted in remembrance, devoted to the kaleidoscopic intricacies of wordplay, Leiris draws from his own aesthetic experiences as writer and spectator to explore the fetish that “exposes and disarms the sinister passage of time,” conferring “an undeniable realness upon the whole by essentially causing it to crystallize in a reality it would never have possessed if that sturdy fragment hadn't acted as bait.”

The Purple Ribbon Sharelle Byars Moranville, 2003-04 Spring, a field mouse, and her four babies take up residence in a most unlikely place and are kept safe and happy by a special purple ribbon. Full-color & sepia illustrations.

The Ribbon of Green Robert H. Webb, S. A. Leake, Raymond M. Turner, 2007 Woody wetlands constitute a relatively small but extremely important part of the landscape in the southwestern United States. These riparian habitats support more than one-third of the region's vascular plant species, are home to a variety of wildlife, and provide essential havens for dozens of migratory animals. Because of their limited size and disproportionately high biological value, the goal of protecting wetland environments frequently takes priority over nearly all other habitat types. In *The Ribbon of Green*, hydrologists Robert H. Webb, and Stanley A. Leake and botanist Raymond M. Turner examine the factors that affect the stability of woody riparian vegetation, one of the largest components of riparian areas. Such factors include the diversion of surface water, flood control, and the excessive use of groundwater. Combining repeat photography with historical context and information on species composition, they document more than 140 years of change. Contrary to the common assumption of widespread losses of this type of ecosystem, the authors show that vegetation has increased on many river reaches as a result of flood control, favorable climatic conditions, and large winter floods that encourage ecosystem disturbance, germination, and the establishment of species in newly generated openings. Bringing well-documented and accessible insights to the ecological study of wetlands, this book will influence our perception of change in riparian ecosystems and how riparian restoration is practiced in the Southwest, and it will serve as an important reference in courses on plant ecology, riparian ecology, and ecosystem management.
