*Blade Lord* S J Hartland,2021-01-15 SHE CAN SAVE HIS SOUL IF SHE SACRIFICES HER OWN- BUT HE'S DESTINED TO NEVER EVEN REMEMBER HER NAME... A FATED WARRIOR Decallion is the only blade lord whose soul is not tethered to one of the rulers of the Circle Kingdoms. That makes him the most valuable warrior in the realm... it also makes him the most vulnerable. When the Valour

Corp escorting him to the temple for the tethering ceremony is ambushed, Decallion is abducted and sold in the lawless Guildlands-an act that will change the fate of kingdoms. For in a land where women control the power of words, a single blade lord can turn the tide of battle. And whoever controls Decallion's soul can own the world. **AN ASSASSIN AFTER VENGEANCE** Sinnabar is a temple fura; an assassin sent after men who unlawfully learn to read and write. To save Decallion, she'll take down the Citadel of the Blade Lords, betray everyone and everything she believes in, and destroy the Circle Kingdoms. But he has no idea who she is. **A KINGDOM IN PERIL** Across the abyss where the undying fire protects the Circle Kingdoms from the mysterious and corrupt Shadow Kingdom, an immortal tyrant is preparing for his return. If Sinnabar kills the citadel master, no one will stand in Kayarax the Destroyer's way. For what can one temple fura, a young blade lord, and an outlaw with poisoned blood do against a sorcerer who cannot be killed. **BLADE LORD** You can own his skill and even his soul if you're prepared to pay the price.

Oudry's Painted Menagerie Mary Morton, 2007-06-25 In the 1720s and 1730s, Jean-Baptiste Oudry established himself as the preeminent painter in France of hunts, animals, still lifes, and landscapes. Oudry's Painted Menagerie focuses on a suite of eleven life-size portraits of exotic animals from the royal menagerie at Versailles, painted by Oudry between 1739 and 1752. These paintings eventually found their way into the ducal collection in Schwerin, Germany. Among them is the magnificent portrait of Clara, an Indian rhinoceros who became a celebrity in mid-eighteenth-century Europe. Her portrait has been out of public view for more than a century, and it is presented here in its newly conserved state.

Consider the Damn Lily Susan Duty, 2018-02-09 Depression, growing up in a southern Baptist church, getting sober, and single-parenthood are just a few things she highlights in this short read. Life is short, and most people are lying, she says. Consider the Damn Lily is a brutally honest look at the struggles of fearlessly searching for a silver lining in a world full of dismal statistics.

**Best Practices for Credit-Bearing Information Literacy Courses** Christopher Vance Hollister, 2010 This work is a collection of previously unpublished papers in which contributing authors describe and recommend best practices for creating, developing and teaching credit-bearing information literacy (IL) courses at the college and university level. Contributors include academic librarians from universities, four-year colleges and community colleges to demonstrate successful IL course endeavors at their respective institutions. It includes several case studies of both classroom and online IL courses; some are elective and some required, some are discipline-specific and others are integrated into academic programs or departments. Contributors discuss useful and effective methods for developing, teaching, assessing and marketing courses. Also included are chapters on theoretical approaches to credit bearing IL courses and their history in higher education. Organized around three themes, create, develop and teach, this book provides practitioners and administrators with a start-to-finish guide to best practices for credit-bearing IL courses.

**Achtung-Panzer!** Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land

warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

A Mission from God James Meredith, 2012-08-07 "I am not a civil rights hero. I am a warrior, and I am on a mission from God." —James Meredith James Meredith engineered two of the most epic events of the American civil rights era: the desegregation of the University of Mississippi in 1962, which helped open the doors of education to all Americans; and the March Against Fear in 1966, which helped open the floodgates of voter registration in the South. Part memoir, part manifesto, A Mission from God is James Meredith's look back at his courageous and action-packed life and his challenge to America to address the most critical issue of our day: how to educate and uplift the millions of black and white Americans who remain locked in the chains of poverty by improving our public education system. Born on a small farm in Mississippi, Meredith returned home in 1960 after nine years in the U.S. Air Force, with a master plan to shatter the system of state terror and white supremacy in America. He waged a fourteen-month legal campaign to force the state of Mississippi to honor his rights as an American citizen and admit him to the

University of Mississippi. He fought the case all the way to the Supreme Court and won. Meredith endured months of death threats, daily verbal abuse, and round-the-clock protection from federal marshals and thousands of troops to become the first black graduate of the University of Mississippi in 1963. In 1966 he was shot by a sniper on the second day of his “Walk Against Fear” to inspire voter registration in Mississippi. Though Meredith never allied with traditional civil rights groups, leaders of civil rights organizations flocked to help him complete the march, one of the last great marches of the civil rights era. Decades later, Meredith says, “Now it is time for our next great mission from God. . . . You and I have a divine responsibility to transform America.”

**We Wear Masks** Marla Lesage,2020-10-22 *We Wear Masks* is a fun tool to help children make sense of this new reality and make wearing masks less scary and more relatable. During the COVID-19 pandemic, many children have been introduced to wearing face masks and seeing others in masks. Author and illustrator Marla Lesage normalizes mask-wearing by introducing young readers to artists, ranchers, pilots, welders, scientists and many more people who already wear masks in their day-to-day lives. This delightful, rhyming picture book will help explain to children why wearing a mask is important as we interact with others in our communities. Readers will learn that, when they put on their mask, they are choosing to be kind and considerate of others. This book can be used as a conversation starter about the pandemic, the spread of germs and viruses, and what families can do to keep themselves and the people they care about safe.
