**A Guide to Scholarly Resources on the Russian Empire and the Soviet Union in the New York Metropolitan Area** Robert A. Karlowich,2019-07-12 Identifies collections held by public and university libraries, historical societies, and other institutions, as well as private collections, with material relating to any subject and historical period, and to the widest geographical area under imperial or Soviet rule. Includes movements for example

**Travel Guide** Johannes Bach Rasmussen,2010 This travel guide describes selected important historical relics,sites and museums in the Baltic Sea region telling the history of the Cold War period. There is public access to nearly all the sites included in the book. It covers places such as missile bases, large artillery batteries, secret police prisons, closed military towns, partisan bunkers, execution and burial sites, nuclear bunker complexes, secret printing houses, former Soviet sculptures and architecture along with many of the sites where important events took place, such as demonstrations, freedom struggles etc. The museums described recount the histories of the Berlin Wall, the military build-up in both East and West, the military crises, the terror of Stalin and the Communist secret police, the armed and unarmed resistance in former Soviet countries and its satellite states, the deportations of slave labourers to remote parts of the Soviet Union, the deportations to the GULAG camps and the struggles for freedom from Communist regimes in Estonia, Latvia, Lithuania, Poland, East Germany and Russia.

World Guide to Special Libraries Marlies Janson,Helmut Opitz,2011-12-22 The World Guide to Special Libraries lists about 35,000 libraries world wide categorized by more than 800 key words - including libraries of departments, institutes, hospitals, schools, companies, administrative bodies, foundations, associations and religious communities. It provides complete details of the libraries and their holdings, and alphabetical indexes of subjects and institutions.

The Ultimate Backup Guide Jeff Blum,2023-05-20 \*\*\* NEW EDITION: UPDATED MAY 2023 \*\*\* You've probably been hearing a lot about data backup these days, thanks to the increasing popularity of services like Dropbox, Google Drive, OneDrive, Carbonite, etc. This guide—the result of months of research and writing—will cover all of those and much more. While at first glance backup seems like a straightforward topic, it can be complicated by the following common situations: - Having more data than you can fit on your computer - Using multiple computers that need access to the same files - Making some files accessible on the Web for times when you can't use your own computer - Syncing and accessing some files with your mobile devices (phones, tablets) - Protecting yourself from a major system crash, theft or disaster - Keeping copies of different versions of some files - Syncing or backing up only selected files instead of everything My goal is to help you understand everything you need to know about protecting your data with backups. I will also show you how to sync your files across all your computing devices and how to share selected files or collaborate with others. At its core, this is a technology guide, but securing your digital data is about more than just technology. Thus, I will provide a unique framework to help you organize and more easily work with your data. You will learn how to match different techniques to different data types and hopefully become more productive in the process. I have tried to make this guide complete, which means it must appeal to the tech-savvy and technophobe alike. Thus, you will read—in simple terms—about the different types of backup (full, incremental, differential, delta), cloud services, how to protect your files with encryption, the importance of file systems when working with different types of computers, permanently assigning drive letters to external drives, and other useful tips. In many sections of the guide I present a fairly complete listing of backup and syncing tools and services. I do this to be thorough and for those who may have special needs or an above-average interest in the topic. However, I recognize you will most likely be more interested in personal suggestions than a full listing of choices which will require time to investigate. Accordingly, I highlight the tools I have used and recommend. Moreover, I lay out my complete backup and syncing system, which you are free to copy if it suits you. Note: I am a Windows user and this bias shows in parts of the guide. Most of the concepts are independent of operating system, and many of the recommended programs are available for Macs as well as Windows, but some details (e.g., the discussion of Windows Libraries) and some highlighted software and services, are Windows-only. I think if you are a Mac user you are already used to this common bias, but I wish to make it clear before you decide to read this guide.

Feminisms is Still Our Name Malin Hedley Hayden, Jessica Sjöholm Skrubbe, 2020-05-22 Feminisms have played a crucial part in art, art history and curatorial practices over the last forty years. Hence, it is by now imperative to scrutinize the history of feminist theories and methods within both fields. *Feminisms is Still Our Name* is an anthology that critically debates the current status of feminisms in visual art and its relation to past art histories and possible feminist futures. It brings together essays by leading scholars in order to meet the urgent need both for a critical historiography and for re-vitalizations of feminist practices within written as well as visual narratives of modern and contemporary art. From a variety of perspectives, the editors and contributors to this book initiate a much-needed debate about possible strategies for a renewal of feminisms in art history and curating. At the same time, it demonstrates the necessity of further explorations and research into the diversity of feminist pasts. Indeed, this volume provides strong arguments that historiographical critique is an inevitable part of any future feminism(s). In providing fresh approaches to such important fields as feminist art history and feminist curating, the essays assembled in *Feminisms is Still Our Name* will provoke fruitful discussion about the relation between academic and curatorial feminist practices. Contributors: Renee Baert, Malin Hedlin Hayden, Lolita Jablonskiene, Amelia Jones, Mary Kelly, Griselda Pollock, and Jessica Sjöholm Skrubbe.

**Jewish Travel Guide 2005**, 2005-02 For almost fifty years the Jewish Travel Guide has been the essential reference book for all Jewish travellers worldwide - whether travelling on business, for pleasure or to seek their historical roots. Rigorously edited and up-dated every year, each country has a short commentary including demographic details, emergency numbers and dialling codes. Other information includes restaurants, mikvaot, synagogues, theatres, embassies, museums, hotels, booksellers, cultural festivals, media, community organizations, groceries, bakeries, kosher food, butchers, delicatessens, libraries and tourist sites. There's even a guide to kosher fish across the world. The Jewish Travel Guide is universally recognized as the ultimate source of information for the Jew abroad. The Jewish Review says, It is a must for every traveller, the Jewish Chronicle observes, The book validates its motto: 'Don't go without it', while The Jerusalem Post comments, The Guide offers a well-rounded demographic portrait of world Jewry today, serving as much as a handbook and resource for professionals in the Jewish world, as a travel guide. The Jewish Travel Guide is the essential travelling companion, making your journey even easier and more pleasurable!

**Handbook of Research on Contemporary Storytelling Methods Across New Media and Disciplines** Mih?e?, Lorena Clara, Andreescu, Raluca, Dimitriu, Anda, 2021-01-15 Stories are everywhere around us, from the ads on TV or music video clips to the more sophisticated stories told by books or movies. Everything comes wrapped in a story, and the means employed to weave the narrative thread are just as important as the story itself. In this context, there is a need to understand the role storytelling plays in contemporary society, which has changed drastically in recent decades. Modern global society is no longer exclusively dominated by the time-tested narrative media such as literature or films because new media such as videogames or social platforms have changed the way we understand, create, and replicate stories. The *Handbook of Research on Contemporary Storytelling Methods Across New Media and Disciplines* is a comprehensive reference book that provides the relevant theoretical framework that concerns storytelling in modern society, as well as the newest and most varied analyses and case studies in the field. The chapters of this extensive volume follow the construction and interpretation of stories across a plethora of contemporary media and disciplines. By bringing together radical forms of storytelling in traditional disciplines and methods of telling stories across newer media, this book intersects themes that include interactive storytelling and narrative theory across advertisements, social media, and knowledge-sharing platforms, among others. It is targeted towards professionals, researchers, and students working or studying in the fields of narratology, literature, media studies, marketing and communication, anthropology, religion, or film studies. Moreover, for interested executives and entrepreneurs or prospective influencers, the chapters dedicated to marketing and social media may also provide insights into both the theoretical and the practical aspects of harnessing the power of storytelling in order to create a cohesive and impactful online image.

European Silent Films on Video William B. Parrill, 2015-06-08 This book is a critical encyclopedia of silent European films currently available on DVD, laser disc, and VHS. It provides concise and accurate summaries of the films, evaluates the quality of the prints, discusses the changing reputations of both films and filmmakers, and considers how the techniques developed during the silent period continue to influence filmmaking today. The book cites contemporary and recent criticism of the films and includes an extensive bibliography as well as a list of films by director. Numerous photos are also included.

**Jewish Travel Guide 2007** Vallentine Mitchell Publishers, 2007-01-08 For almost fifty years the Jewish Travel Guide has been the essential reference book for all Jewish travellers worldwide - whether travelling on business, for pleasure, or to seek their historical roots. Rigorously edited and up-dated every year, each country has a short commentary including demographic details, emergency numbers, and dialling codes. Other information includes restaurants, mikvaot, synagogues, theatres, embassies, museums, hotels, booksellers, cultural festivals, media, community organisations, groceries, bakeries, kosher food, butchers, delicatessens, libraries, and tourist sites. There's even a guide to kosher fish across the world. The Jewish Travel Guide is universally recognised as the ultimate source of information for the Jew abroad. The Jewish Review says, It is a must for every traveller, the Jewish Chronicle observes, The book validates its motto: 'Don't go without it', while The Jerusalem Post comments, The Guide offers a well-rounded demographic portrait of world Jewry today, serving as much as a handbook and resource for professionals in the Jewish world, as a travel guide. The Jewish Travel Guide is the essential travelling companion, making your journey even easier and more pleasurable!

*Canadian Film and Video* Loren R. Lerner, 1997-01-01 This extensive bibliography and reference guide is an invaluable resource for researchers, practitioners, students, and anyone with an interest in Canadian film and video. With over 24,500 entries, of which 10,500 are annotated, it opens up the literature devoted to Canadian film and video, at last making it readily accessible to scholars and researchers. Drawing on both English and French sources, it identifies books, catalogues, government reports, theses, and periodical and newspaper articles from Canadian and non-Canadian publications from the first decade of the twentieth century to 1989. The work is bilingual; descriptive annotations are presented in the language(s) of the original publication. *Canadian Film and Video / Film et vidéo canadiens* provides an in-depth guide to the work of over 4000 individuals working in film and video and 5000 films and videos. The entries in Volume I cover topics such as film types, the role of government, laws and legislation, censorship, festivals and awards, production and distribution companies, education, cinema buildings, women and film, and video art. A major section covers filmmakers, video artists, cinematographers, actors, producers, and various other film people. Volume II presents an author index, a film and video title index, and a name and subject index. In the tradition of the highly acclaimed publication *Art and Architecture in Canada* these volumes fill a long-standing need for a comprehensive reference tool for Canadian film and video. This bibliography guides and supports the work of film historians and practitioners, media librarians and visual curators, students and researchers, and members of the general public with an interest in film and video.

**Riga Photo Video Guide Virtual Tour Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Riga Photo Video Guide Virtual Tour has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Riga Photo Video Guide Virtual Tour has opened up a world of possibilities. Downloading Riga Photo Video Guide Virtual Tour provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Riga Photo Video Guide Virtual Tour has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Riga Photo Video Guide Virtual Tour. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Riga Photo Video Guide Virtual Tour. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Riga Photo Video Guide Virtual Tour, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Riga Photo Video Guide Virtual Tour has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of

continuous learning and intellectual growth.
