Someone Who Will Love You in All Your Damaged Glory Raphael Bob-Waksberg, 2019-06-11 Written with all the scathing dark humor that is a hallmark of BoJack Horseman, Raphael Bob-Waksberg delivers a fabulously off-beat collection of short stories about love—the best and worst thing in the universe. Featuring: • A young engaged couple forced to deal with interfering relatives dictating the appropriate number of ritual goat sacrifices for their wedding. • A pair of lonely commuters who ride the subway in silence, forever, eternally failing to make that longed-for contact. • A struggling employee at a theme park of U.S. presidents who discovers that love can't be genetically modified. And fifteen more tales of humor, romance, whimsy,

cultural commentary, and crushing emotional vulnerability.

Scarface Nation Ken Tucker, 2008-11-11 Don't get high on your own supply. Brian de Palma's brash, bloody version of Scarface was trashed by critics when it came out twenty-five years ago and didn't do well at the box office, but has become a spectacular fan favorite and enduring pop culture classic since. Never underestimate the greed of the other guy. What makes millions of people obsess over this movie? Why has Al Pacino's Tony Montana become the drug kingpin whose pugnacity and philosophy are revered in boardrooms and

bedrooms across America? Who were the people that made the movie, influencing hip-hop style and swagger to this day? The world is yours. Scarface Nation is Ken Tucker's homage to all things Scarface—from the stars that acted in it to the influence it's had on all of us, from facts, figures and stories about the making of the movie to a witty and comprehensive look at Scarface's traces in today's pop and political culture. Say hello to my li'l fren! You know you love the line. You know you've seen the movie more than once. Now dive into the ultimate book of Scarface—mounded as high as the pile of cocaine on Tony's desk with delicious details and stimulating observations. You know what capitalism is? F--- you!

The Other End of the Leash Patricia McConnell, Ph.D., 2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years' experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man's best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous

guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover:

- How you can get your dog to come when called by acting less like a primate and more like a dog
- Why the advice to “get dominance” over your dog can cause problems
- Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief
- How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!”

Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

Multimedia Tay Vaughan, 1996 Thoroughly updated for new breakthroughs in multimedia The internationally bestselling *Multimedia: Making it Work* has been fully revised and expanded to cover the latest technological advances in multimedia. You will learn to plan and manage multimedia projects, from dynamic CD-ROMs and DVDs to professional websites. Each chapter includes step-by-step instructions, full-color illustrations and screenshots, self-quizzes, and hands-on projects.

Start-up Nation Dan Senor, Saul Singer, 2011-09-07 What the world can learn from Israel's meteoric economic success. *Start-Up Nation* addresses the trillion dollar question: How is it that Israel -- a country of 7.1 million, only 60 years old, surrounded by enemies, in a constant state of war since

its founding, with no natural resources-- produces more start-up companies than large, peaceful, and stable nations like Japan, China, India, Korea, Canada and the UK? With the savvy of foreign policy insiders, Senor and Singer examine the lessons of the country's adversity-driven culture, which flattens hierarchy and elevates informality-- all backed up by government policies focused on innovation. In a world where economies as diverse as Ireland, Singapore and Dubai have tried to re-create the Israel effect, there are entrepreneurial lessons well worth noting. As America reboots its own economy and can-do spirit, there's never been a better time to look at this remarkable and resilient nation for some impressive, surprising clues.
