And fifteen more tales of humor, romance, whimsy, cultural commentary, and crushing emotional vulnerability.

Scarface Nation Ken Tucker,2008-11-11 Don't get high on your own supply. Brian de Palma's brash, bloody version of Scarface was trashed by critics when it came out twenty-five years ago and didn't do well at the box office, but has become a spectacular fan favorite and enduring pop culture classic since. Never underestimate the greed of the other guy. What makes millions of people obsess over this movie? Why has Al Pacino's Tony Montana become the drug kingpin whose pugnacity and philosophy are revered in boardrooms and bedrooms across America? Who were the people that made the movie, influencing hip-hop style and swagger to this day? The world is yours. Scarface Nation is Ken Tucker's homage to all things Scarface—from the stars that acted in it to the influence it's had on all of us, from facts, figures and stories about the making of the movie to a witty and comprehensive look at Scarface's traces in today's pop and political culture. Say hello to my li'l fren! You know you love the line. You know you've seen the movie more than once. Now dive into the ultimate book of Scarface—mounded as high as the pile of cocaine on Tony's desk with delicious details and stimulating observations. You know what capitalism is? F--- you!

The Big Payback Dan Charnas,2011-11-01 “There has never been a better book about hip-hop...a record-biz portrait that jumps off the page.”—A.V. Club THE INSPIRATION FOR THE VH1 SERIES THE BREAKS The Big Payback takes readers from the first \$15 made by a “rapping DJ” in 1970s New York to the multi-million-dollar sales of the Phat Farm and Roc-a-Wear clothing companies in 2004 and 2007. On this four-decade-long journey from the studios where the first rap records were made to the boardrooms where the big deals were inked, The Big Payback tallies the list of who lost and who won. Read the secret histories of the early long-shot successes of Sugar Hill Records and Grandmaster Flash, Run DMC's crossover breakthrough on MTV, the marketing of gangsta rap, and the rise of artist/ entrepreneurs like Jay-Z and Sean “Diddy” Combs. 300 industry giants like Def Jam founders Rick Rubin and Russell Simmons gave their stories to renowned hip-hop journalist Dan Charnas, who provides a compelling, never-before-seen, myth-debunking view into the victories, defeats, corporate clashes, and street battles along the 40-year road to hip-hop's dominance. The Other End of the Leash Patricia McConnell, Ph.D.,2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.
