

Rivals At War

Judy Barrett Litoff,David Clayton Smith

Gods of War James Lacey,Williamson Murray,2021-05-18 Hannibal vs. Scipio. Grant vs. Lee. Rommel vs. Patton. The greatest battles, commanders, and rivalries of all time come to life in this engrossing guide to the geniuses of military history. “A compelling study of military leadership.”—James M. McPherson, Pulitzer Prize-winning author of *Battle Cry of Freedom* Any meeting of genius may create sparks, but when military geniuses meet, their confrontations play out upon a vast panorama of states or civilizations at war, wielding the full destructive power of a mighty nation’s armies. *Gods of War* is the first single-volume, in-depth examination of the most celebrated military rivalries of all time, and of the rare, world-changing battles in which these great commanders in history matched themselves against true equals. From Caesar and Pompey deciding the fate of the Roman Republic, to Grant and Lee battling for a year during the American Civil War, to Rommel and Montgomery and Patton meeting in battle after battle as Hitler strove for European domination, these match-ups and their corresponding strategies are among the most memorable in history. A thrilling look into both the generals’ lives and their hardest-fought battles, *Gods of War* is also a thought-provoking analysis of the qualities that make a strong commander and a deep exploration of the historical context in which the contestants were required to wage war, all told with rousing narrative flair. And in a time when technology has made the potential costs of war even greater, it is a masterful look at how military strategy has evolved and what it will take for leaders to guide their nations to peace in the future.

Nationalism and War in the Near East George Young,1915

Ulysses S. Grant and Robert E. Lee: Rivals of the Civil War Lindsey Lowe,2023-07-30 Ulysses S. Grant was the general of the Union army who led the North to victory in the Civil War. But at one time, he wasn't thought to be fit to serve in the military at all! Robert E. Lee has a similarly confounding story: he was asked to command the Union army! This book offers a look at the two looming personalities that fought each other for the future of a nation. Biographical information and historical facts are intertwined in this engaging volume, which also features a timeline of the war and historical images to complement the text.

Financial Market Meltdown Kevin Mellyn,2009-10-22 This is the only book the general reader will ever need in order to understand the workings of money, banking, and finance as a citizen and consumer.

Financial Market Meltdown: Everything You Need to Know to Understand and Survive the Global Credit Crisis makes the arcane world of finance easily understood in concrete terms. This is not simply a quick recap of the current crisis. It is a guide designed to develop a real and lasting understanding of money and finance—an understanding readers can use to come to their own conclusions regarding the 2008 meltdown and any further economic events. *Financial Market Meltdown* explains the nature and workings of money, credit, financial instruments, and markets, from the beginnings of integrated finance in Medieval Italy up to the panic of 2008. It then describes how the modern global financial ecology evolved through a series of historical accidents and how this limits what can actually be done to make the system safe. Throughout, author Kevin Mellyn uses simple examples, analogies, and the real history of institutions to make abstract financial concepts concrete and comprehensible.

The Rivals of Versailles Sally Christie,2016-04-05 And you thought sisters were a thing to fear. In this scandalous follow-up to Sally Christie's clever and absorbing debut, we meet none other than the Marquise de Pompadour, one of the greatest beauties of her generation and the first bourgeois mistress ever to grace the hallowed halls of Versailles. I write this before her blood is even cold. She is dead, suddenly, from a high fever. The King is inconsolable, but the way is now clear. The way is now clear. The year is 1745. Marie-Anne, the youngest of the infamous Nesle sisters and King Louis XV's most beloved mistress, is gone, making room for the next Royal Favorite. Enter Jeanne-Antoinette Poisson, a stunningly beautiful girl from the middle classes. Fifteen years prior, a fortune teller had mapped out young Jeanne's destiny: she would become the lover of a king and the most powerful woman in the land. Eventually connections, luck, and a little scheming pave her way to Versailles and into the King's arms. All too soon, conniving politicians and hopeful beauties seek to replace the bourgeois interloper with a more suitable mistress. As Jeanne, now the Marquise de Pompadour, takes on her many rivals--including a lustful lady-in-waiting; a precocious fourteen-year-old prostitute, and even a cousin of the notorious Nesle sisters--she helps the king give himself over to a life of luxury and depravity. Around them, war rages, discontent grows, and France inches ever closer to the Revolution. Enigmatic beauty, social climber, actress, trendsetter, patron of the arts, spendthrift, whoremonger, friend, lover, foe. History books may say many things about the famous Marquise de Pompadour, but one thing is clear: for almost twenty years, she ruled France and the King's heart. Told in Christie's witty and modern style, this second book in the *Mistresses of Versailles* trilogy will delight and entrance fans as it once again brings to life the world of eighteenth century Versailles in all its pride, pestilence and glory--

Hamilton vs. Jefferson Curtis Slepian,2022-01-21 In this nonfiction text, *Hamilton Vs. Jefferson*, readers will study the differences between two very important but distinct founding fathers: Alexander Hamilton and Thomas Jefferson. Through the use of dynamic primary sources like maps and letters, middle school students will be engaged as they read about history and build their literacy skills. Supporting current social studies standards, this full-color text includes intriguing images, interesting sidebars, a glossary, and other important text features to support learning and strengthen key comprehension skills. Challenging activities require students to use text evidence to connect back to what they've read.

Ulysses S. Grant vs. Robert E. Lee Ellis Roxburgh,2014-12-15 General Ulysses S. Grant led the North's Union army to victory, but Confederate general Robert E. Lee proved time and again he was a brilliant military strategist. Readers may be surprised at what they don't know about these two historic American Civil War leaders. For example, Lee was offered command of the Union armies, and Grant was once thought not fit for military duty at all. Readers will review battles that decided the conflict and consider the heavy toll of the deadly war. Vivid paintings, photographs, and illustrations bring this time period to life, while interesting quotations offer primary-source recollections of the topic, an essential part of the elementary social studies and history curriculum.

Never at War Spencer R. Weart,1998-01-01 This lively survey of the history of conflict between democracies reveals a remarkable--and tremendously important--finding: fully democratic nations have never made war on other democracies. Furthermore, historian Spencer R. Weart concludes in this thought-provoking book, they probably never will. Building his argument on some forty case studies ranging through history from ancient Athens to Renaissance Italy to modern America, the author analyzes for the first time every instance in which democracies or regimes like democracies have confronted each other with military force. Weart establishes a consistent set of definitions of democracy and other key terms, then draws on an array of international sources to demonstrate the absence of war among states of a particular democratic type. His survey also reveals the new and unexpected finding of a still broader zone of peace among oligarchic republics, even though there are more of such minority-controlled governments than democracies in history. In addition, Weart discovers that peaceful leagues and confederations--the converse of war--endure only when member states are democracies or oligarchies. With the help of related findings in political science, anthropology, and social psychology, the author explores how the political culture of democratic leaders prevents them from warring against others who are recognized as fellow democrats and how certain beliefs and behaviors lead to peace or war. Weart identifies danger points for democracies, and he offers crucial, practical information to help safeguard peace in the future.

Organizations at War in Afghanistan and Beyond Abdulkader H. Sinno,2011-03-15 After we had exchanged the requisite formalities over tea in his camp on the southern edge of Kabul's outer defense perimeter, the Afghan field commander told me that two of his bravest mujahideen were martyred because he did not have a pickup truck to take them to a Peshawar hospital. They had succumbed to their battle wounds. He asked me to tell his party's bureaucrats across the border that he needed such a vehicle desperately. I double-checked with my interpreter that he was indeed making this request. I wasn't puzzled because the request appeared unreasonable but because he was asking me, a twenty-year-old employee of a humanitarian organization, to intercede on his behalf with his own organization's bureaucracy. I understood on this dry summer day in Khurd Kabul that not all militant and political organizations are alike.—from *Organizations at War in Afghanistan and Beyond* While popular accounts of warfare, particularly of nontraditional conflicts such as guerrilla wars and insurgencies, favor the roles of leaders or ideology, social-scientific analyses of these wars focus on aggregate categories such as ethnic groups, religious affiliations, socioeconomic classes, or civilizations.

Challenging these constructions, Abdulkader H. Sinno closely examines the fortunes of the various factions in Afghanistan, including the mujahideen and the Taliban, that have been fighting each other and foreign armies since the 1979 Soviet invasion. Focusing on the organization of the combatants, Sinno offers a new understanding of the course and outcome of such conflicts. Employing a wide range of sources, including his own fieldwork in Afghanistan and statistical data on conflicts across the region, Sinno contends that in Afghanistan, the groups that have outperformed and outlasted their opponents have done so because of their successful organization. Each organization's ability to mobilize effectively, execute strategy, coordinate efforts, manage disunity, and process information depends on how well its structure matches its ability to keep its rivals at bay. Centralized organizations, Sinno finds, are generally more effective than noncentralized ones, but noncentralized ones are more resilient absent a safe haven. Sinno's organizational theory explains otherwise puzzling behavior found in group conflicts: the longevity of unpopular regimes, the demise of popular movements, and efforts of those who share a common cause to undermine their ideological or ethnic kin. The author argues that the organizational theory applies not only to Afghanistan—where he doubts the effectiveness of American state-building efforts—but also to other ethnic, revolutionary, independence, and secessionist conflicts in North Africa, the Middle East, and beyond.

Encyclopedia of the African Diaspora [3 volumes] Carole Boyce Davies, 2008-07-29 The authoritative source for information on the people, places, and events of the African Diaspora, spanning five continents and five centuries. The field of African Diaspora studies is rapidly growing. Until now there was no single, authoritative source for information on this broad, complex discipline. Drawing on the work of over 300 scholars, this encyclopedia fills that void. Now the researcher, from high school level up, can go to a single reference for information on the historical, political, economic, and cultural relations between people of African descent and the rest of the world community. Five hundred years of relocation and dislocation, of assimilation and separation have produced a rich tapestry of history and culture into which are woven people, places, and events. This authoritative, accessible work picks out the strands of the tapestry, telling the story of diverse peoples, separated by time and distance, but retaining a commonality of origin and experience. Organized in A-Z sections covering global topics, country of origin, and destination country, the work is designed for easy use by all.

Grant vs. Lee Wayne Vansant, 2013-09-30 DIVGrant vs. Leetells the dramatic story of the final year of the Civil War in Virginia—a bloody and unyielding fight for both sides—through the eyes of the two greatest Civil War generals: the North's Ulysses S. Grant and the South's Robert E. Lee. /divDIVThe long and violent campaigns that took place from 1864–1865 (the Overland Campaign, Petersburg Campaign, and Appomattox Campaign) represent the beginning of modern warfare. By this point of the war, both sides employed seasoned and hardened soldiers who looked past the Victorian sensibilities of the gentleman soldier and understood that there would be no falling back. By the end of 1864, both sides built trenches and mounted attacks to break each other's lines. There was a stalemate that winter. /divDIVGrant's forces had superior numbers and supplies and by March 1865 they pushed Lee's army out of the trenches at Petersburg and took Richmond, the Confederate capital. Lee's dwindling forces retreated west, looking for food and other Southern forces to help continue the fight. After a bitter final battle at Sailor's Creek, Lee's army was surrounded by Union forces at Appomattox Court House. On April 9, 1865, Lee surrendered to Grant and the Civil War was over. /divDIVBeautifully illustrated and vastly researched, Grant vs. Lee is a dramatic, illustrated introduction to one of the most pivotal years in American history. /div

Japan at War Louis G. Perez, 2013-01-08 This compelling reference focuses on the events, individuals, organizations, and ideas that shaped Japanese warfare from early times to the present day. Japan's military prowess is legendary. From the early samurai code of morals to the 20th-century battles in the Pacific theater, this island nation has a long history of duty, honor, and valor in warfare. This fascinating reference explores the relationship between military values and Japanese society, and traces the evolution of war in this country from 700 CE to modern times. In *Japan at War: An Encyclopedia*, author Louis G. Perez examines the people and ideas that led Japan into or out of war, analyzes the outcomes of battles, and presents theoretical alternatives to the strategic choices made during the conflicts. The book contains contributions from scholars in a wide range of disciplines, including history, political science, anthropology, sociology, language, literature, poetry, and psychology; and the content features internal rebellions and revolutions as well as wars with other countries and kingdoms. Entries are listed alphabetically and extensively cross-referenced to help readers quickly locate topics of interest.

Gods at War Oliver Thomson, 2019-08-15 The use and abuse of religious belief in the age-old history of conflict. *Gods at War* examines the role played by religions.

The ancient Greeks at war Louis Rawlings, 2013-07-19 The ancient Greeks experienced war in many forms. By land and by sea, they conducted raids, ambushes, battles and sieges; they embarked on campaigns of intimidation, conquest and annihilation; they fought against fellow Greeks and non-Greeks. Drawing on a wealth of literary, epigraphic and archaeological material, this wide-ranging synthesis looks at the practicalities of Greek warfare and its wider social ramifications. Alongside discussions of the nature and role of battle, logistics, strategy, and equipment are examinations of other fundamentals of war: religious and economic factors, militarism and martial values, and the relationships between the individual and the community, before, during and after wars. The book takes account of the main developments of modern scholarship in the field and engages with the many theories and interpretations that have been advanced in recent years, in a way that is stimulating and accessible to both specialist readers and a wider audience.

Rome at War AD 293–696 Michael Whitby, 2014-06-06 In the early third century AD the Roman Empire was a force to be reckoned with, controlling vast territories and wielding enormous political power from Scotland to the Sahara. 400 years later this mighty Empire was falling apart in the face of successive problems that the rulers failed to deal with. In this challenging new volume Michael Whitby tackles the fundamental issues (such as the rise of Christianity) that led to the 'decline and fall' of the Roman Empire, and offers a startling reassessment of the performance of the late Roman army.

Song of Songs Gianni Barbiero, 2011-04-26 The book puts forward a literal interpretation of the Song of Songs which the author sees as advancing a theology of human love. From the literary angle, particular importance is awarded to the structure of the poem, highlighting its strongly unitary character.

Romans at War Simon Elliott, 2020-11-25 A comprehensive guide to this remarkable ancient fighting force: “Groundbreaking insights into the Roman military . . . sumptuously illustrated.” —Love Reading The Roman military machine was pre-eminent in ancient times, projecting power across the known world over a vast chronology, and an increasingly huge and diverse geography. One of the most powerful instruments of war in the history of conflict, it proved uniquely adept at learning from setbacks, always coming back the stronger for it. In so doing, it displayed two of the most important traits associated with the world of Rome. Firstly grit, that key ability to remain steadfast and to overcome adversity even in the most challenging of circumstances, as faced for example by the Republic in the Second Punic War against Hannibal. Secondly, the ability to copy the successful technical and tactical innovations of their enemies, enabling the Roman military to always stay one step ahead of its opponents on campaign and in battle. In this grand tour, covering every aspect of the Roman military, leading expert Dr. Simon Elliott first provides a detailed background to the Roman Republic and Empire to provide context for all that follows. He then looks specifically at the Roman military in its three key chronological phases: the Republic, the Principate Empire, and the Dominate Empire. Next he forensically examines specific instances of the Roman military on campaign and in battle, and of its engineering prowess. Finally, he investigates the many enemies faced by the Roman Republic and Empire. This all provides a firm structure to enable the reader to come to grips with this incredible military machine, one whose exploits still resonate in the world to this very day.

The Roman Army at War Adrian Keith Goldsworthy, 1998 This detailed examination of the way in which the Roman army operated during a war and how it fought a battle breaks away from existing studies, which mostly concentrate on the army in peacetime, and attempts to understand the army as an institution whose ultimate purpose was to wage war. Adrian Goldsworthy explores the influence of the Roman army's organization on its behaviour during a campaign, emphasizing its great flexibility in comparison to most of its opponents. He considers the factors determining the result of a conflict and proposes, contrary to orthodox opinion, that the Roman army was able to adapt successfully to any type of warfare. Following the technique pioneered by John Keegan in *The Face of Battle* (1976), Dr Goldsworthy builds up a precise picture of what

happened during battle: tactics employed, weaponry, leadership, behaviour of individuals as well as groups of soldiers, and, of utmost importance, morale.

Why We Are at War University of Oxford. Faculty of Modern History,2023-08-12 Why We Are at War by University of Oxford. Faculty of Modern History. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

American Women in a World at War Judy Barrett Litoff,David Clayton Smith,1997 This title brings together twenty-five writings by women who share their rich and varied World War II experiences, from serving in the military to working on the home front to preparing for the postwar world. By providing evidence of their active and resourceful roles in the war effort as workers, wives, and mothers, these women offer eloquent testimony that World War II was indeed everybody's war. Litoff and Smith combine pieces by well-known writers, such as Margaret Culkin Banning and Nancy Wilson Ross, with important-but largely forgotten-personal accounts by ordinary women living in extraordinary times. This volume is divided into the six sections listed below: Preparing for War In the Military At 'Far-Flung' Fronts On the Home Front War Jobs Preparing for the Postwar World

Whispering the Secrets of Language: An Emotional Journey through **Rivals At War**

In a digitally-driven earth where displays reign supreme and instant conversation drowns out the subtleties of language, the profound strategies and emotional nuances hidden within words often go unheard. However, set within the pages of **Rivals At War** a fascinating literary value pulsating with organic emotions, lies an extraordinary quest waiting to be undertaken. Written by a skilled wordsmith, this enchanting opus attracts viewers on an introspective trip, lightly unraveling the veiled truths and profound affect resonating within ab muscles material of each word. Within the emotional depths of the moving evaluation, we can embark upon a heartfelt exploration of the book is core styles, dissect their captivating writing model, and yield to the strong resonance it evokes strong within the recesses of readers hearts.

Rivals At War Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to

physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Rivals At War PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal

growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Rivals At War PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Rivals At War free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Rivals At War Books

1. Where can I buy Rivals At War books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Rivals At War book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Rivals At War books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and

- Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Rivals At War audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
 8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
 9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
 10. Can I read Rivals At War books for free? Public Domain Books: Many classic books are available for free as theyre in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
