**Women Redefining the Experience of Food Insecurity**

Janet Page-Reeves, 2014-07-03 *Women Redefining the Experience of Food Insecurity: Life Off the Edge of the Table* is about understanding the relationship between food insecurity and women's agency. The contributors explore both the structural constraints that limit what and how much people eat, and the myriad ways that women creatively and strategically re-structure their own fields of action in relation to food, demonstrating that the nature of food insecurity is multi-dimensional. The chapters portray how women develop strategies to make it possible to have food in the cupboard and on the table to be able to feed their families. Exploring these themes, this book offers a lens for thinking about the food system that incorporates women as agentive actors and links women's everyday food-related activities with ideas about food justice, food sovereignty, and food citizenship. Taken together, the chapters provide a unique perspective on how we can think broadly about the issue of food insecurity in relation to gender, culture, inequality, poverty, and health disparity. By problematizing the mundane world of how women procure and prepare food in a context of scarcity, this book reveals dynamics, relationships and experiences that would otherwise go unremarked. Normally under the radar, these processes are embedded in power relations that demand analysis, and demonstrate strategic individual action that requires recognition. All of the chapters provide a counter to caricatured notions that the choices women make are irresponsible or ignorant, or that the lives of women from low-income, low-wealth communities are predicated on impotence and weakness. Yet, the authors do not romanticize women as uniformly resilient or

consistently heroic. Instead, they explore the contradictions inherent in the ways that marginalized, seemingly powerless women ignore, resist, embrace and challenge hegemonic, patriarchal systems through their relationship with food.

The Roadrunner Cafe Jamie Zerndt,2016-06-21 Zerndt's jewel-like tale of a family grieving after the father's suicide strikes every note right. The novel deserves rich praise and many readers. - from Publisher's Weekly's The BookLife Prize in Fiction Every character has his or her particular preoccupations and Zerndt handles them with aplomb, using his large cast to shine varied lights on the themes of family, grieving, and hope after loss. -

Kirkus Reviews One year after the suicide, Carson Long still hates his father. He hates him for abandoning his sister, Georgie, and for turning his mother into a young widow. And he hates his father for leaving behind his stupid tree. Four of them are planted outside the restaurant, one for each family member. That is until Carson's mother hires a local landscaper to remove them in the middle of the night. This seemingly unremarkable act soon sets in motion a series of events that leaves more than just young Carson groping in the dark for answers. Set in a small Colorado ski town, The Roadrunner Café is a unique novel told from multiple points of view about loss and the lengths some will go to heal the human heart.

**Roadrunner** Joshua Clover,2021-07-13 Jonathan Richman and the Modern Lovers' 1972 song "Roadrunner" captures the freedom and wonder of cruising down the highway late at night with the radio on. Although the song circles Boston's beltway, its significance reaches far beyond Richman's deceptively simple declarations of love for modern moonlight, the made world, and rock & roll. In *Roadrunner*, cultural theorist and poet Joshua Clover charts both the song's emotional power and its elaborate history, tracing its place in popular music from Chuck Berry to M.I.A. He also locates "Roadrunner" at the intersection of car culture, industrialization, consumption, mobility, and politics. Like the song itself, Clover tells a story about a particular time and place—the American era that rock & roll signifies—that becomes a story about love and the modern world.
