Leave Tomorrow Dirk Weisiger,2017-10 For everyone thinking of a new adventure, a new life, or even a new venture: DO IT. - Jim Rogers, bestselling author of Investment Biker. After building a successful business, Dirk Weisiger was ready for something new. But he wasn't sure what. Maybe a motorcycle adventure, I've never done that! What followed was a fourteen-month, solo motorcycle journey from Austin, Texas to Ushuaia, Argentina, filled with unexpected adventures, surprises, and lessons about life and travel. I headed south to see new vistas on a solo journey, but ended up feeling more connected to the people I met along the way. In this book, you'll not only enjoy Dirk's adventure and insights, but find inspiration for your own journey. Dirk Weisiger is a travel trekker, trick roper, and storyteller. Dirk has always enjoyed speaking to groups, spinning tales, ropes, and offering lessons he's learned in adventures of life and business. He's travelled to five continents and climbed Mount Kilimanjaro. Most of all Dirk loves people and believes that making new friends is the best part of travel. (A portion of proceeds from this book help sponsor children at the Colegio Bautista El Calvario private school in Managua, Nicaragua.) www.DirkSpeaks.com This isn't the first book I've read on riding to Ushuaia, but it is probably the most enjoyable. - Muriel Farrington, Ambassador, BMW Motorcycles Of America

In Pursuit of the Traveling Salesman William J. Cook,2014-11-09 The story of one of the greatest unsolved problems in mathematics What is the shortest possible route for a traveling salesman seeking to visit each city on a list exactly once and return to his city of origin? It sounds simple enough, yet the traveling salesman problem is one of the most intensely studied puzzles in applied mathematics—and it has defied solution to this day. In this book, William Cook takes readers on a mathematical excursion, picking up the salesman's trail in the 1800s when Irish mathematician W. R. Hamilton first defined the problem, and venturing to the furthest limits of today's state-of-the-art attempts to solve it. He also explores its many important applications, from genome sequencing and designing computer processors to arranging music and hunting for planets. In Pursuit of the Traveling Salesman travels to the very threshold of our understanding about the nature of complexity, and challenges you yourself to discover the solution to this captivating mathematical problem.

In the Weeds Tom Vitale,2021-10-05 ****Nominated for the 2022 BookTube Prize in Nonfiction**** Anthony Bourdain's long time director and producer takes readers behind the scenes to reveal the insanity of filming television in some of the most volatile places in the world and what it was like to work with a legend. In the nearly two years since Anthony Bourdain's death, no one else has come close to filling the void he left. His passion for and genuine curiosity about the people and cultures he visited made the world feel smaller and more connected. Despite his affable, confident, and trademark snarky TV persona, the real Tony was intensely private,

deeply conflicted about his fame, and an enigma even to those close to him. Tony’s devoted crew knew him best, and no one else had a front-row seat for as long as his director and producer, Tom Vitale. Over the course of more than a decade traveling together, Tony became a boss, a friend, a hero and, sometimes, a tormentor.In the Weeds takes readers behind the scenes to reveal not just the insanity that went into filming in some of the most far-flung and volatile parts of the world, but what Tony was like unedited and off-camera. From the outside, the job looked like an all-expenses-paid adventure to places like Borneo, Vietnam, Iran, the Democratic Republic of Congo, and Libya. What happened off-camera was far more interesting than what made it to air. The more things went wrong, the better it was for the show. Fortunately, everything fell apart constantly.
