**What Does China Think?** Mark Leonard,2008-04-29 We know everything and nothing about China. We know that China is changing so fast that the maps in Shanghai need to be redrawn every two weeks. We know that China has brought 300 million people from agricultural backwardness into modernity in just thirty years, and that its impact on the global economy is growing at unprecedented speed. We have an image of China as a dictatorship; a nationalist empire that threatens its neighbors and global peace. But how many people know about the debates raging within China? What do we really know about the kind of society China wants to become? What ideas are motivating its citizens? We can name America's neo-cons and the religious right, but cannot name Chinese writers, thinkers, or journalists—what is the future they dream of for their country, or for the world? Because China's rise— like the fall of Rome or the British Raj—will echo down generations to come, these are the questions we increasingly need to ask. Mark Leonard asks us to forget everything we thought we knew about China and start again. He introduces us to the thinkers who are shaping China's wide open future and opens up a hidden world of intellectual debate that is driving a new Chinese revolution and changing the face of the world.

*Rabbit Is Rich* John Updike,2010-08-26 Winner of the Pulitzer Prize, the National Book Award, and the National Book Critics Circle Award The hero of John Updike's *Rabbit, Run*, ten years after the events of *Rabbit Redux*, has come to enjoy considerable prosperity as the chief sales representative of Springer Motors, a Toyota agency in Brewer, Pennsylvania. The time is 1979: Skylab is falling, gas lines are lengthening, and double-digit inflation coincides with a deflation of national self-confidence. Nevertheless, Harry "Rabbit" Angstrom feels in good shape, ready to enjoy life at last—until his wayward son, Nelson, returns from the West, and the image of an old love pays a visit to the lot. New characters and old populate these scenes from Rabbit's middle age as he continues to pursue, in his zigzagging fashion, the rainbow of happiness.

*Ruined by the Pirate* Wendi Zwaduk,2014-07-11 Two adventurous souls will always find their way together. Pirates aren't in vogue in 1910, but that's not stopping Captain Killian Thomas. His exploits have been splashed all over the newspapers for more than ten years. He takes what he wants, no questions asked. He's happy with life on the water—until he sees her. Sarah Moyer, heir to the Moyer real estate fortune, is a rare jewel among the upper crust. Her independent ways are notorious. She's driven a car, traveled to England on her own, and now she flatly refuses to marry the man her father's picked out for her. The chance encounter with Captain Thomas changes her perspectives. Will she follow the ways of a proper lady or will she allow herself to be ruined by the pirate?

**Looting or Missioning** Egil Mikkelsen,2019-09-15 Until now insular and continental material, mostly metal-work, found in pagan Viking Age graves in Norway, has been interpreted as looted material from churches and monasteries on the British Isles and the Continent. The raiding Vikings

brought these objects back to their homeland where they were often broken up and used as jewellery or got alternative functions. Looting or Missioning looks at the use and functions of these sacred objects in their original Christian contexts. Based on such an analysis the author proposes an alternative interpretation of these objects: they were brought by Christian missionaries from different parts of the British Isles and the Continent to Norway. The objects were either personal (crosses, croziers, portable reliquaries etc.), objects used for baptism (hanging bowls), equipment to officiate a mass (mountings from books or reading equipment, altars or crosses) or to give the communion (pitchers, glass vessels, chalices, paten). We know from contemporary sources (Ansgar in Birka, Sweden in the ninth century) that missionaries brought this sort of equipment on their mission journeys. We also hear that missionaries were robbed, killed or chased off. Mikkelsen interprets the sacred objects found in Viking Age pagan graves as objects that originate from the many unsuccessful mission attempts in Norway throughout the Viking Age. They changed function and were integrated in the pagan tradition. The conversion and Christianisation of Norway can thus be seen as a long-lasting process, at least from about 800 (but probably earlier) to the beginning of the eleventh century. As we must assume that the written sources on the subject are incomplete, the archaeological evidences are the main source. In addition to metal work and written sources, the dating and interpretation of stone crosses, rune stones, manuscript fragments and early Christian graves and churches are discussed. The main part of the manuscript regards the context of all these sources, studied in each part of Norway separately: Where do we find concentrations of objects that could support the interpretation of these being the result of mission attempts, and where can we combine archaeological and written sources to tentatively create more complete stories related to mission? One analysis is of special interest to British and Norwegian scholars and even a broader audience. It refers to the chieftain Ohthere from Northern Norway, who visited King Alfred the Great in Winchester in 890. The author finds a link between Alfred's court and Ohthere's farm which, it is argued, for was Borg at Vestvågøy, Lofoten, where the biggest Viking Age house in Northern Europe has been excavated. In the hall of this house were found a rare glass beaker with gold cross decorations, a Continental or British made pitcher, pieces of a bronze bowl and an æstel of gold. This last piece is only found in Northern Norway and in England, with Wessex and Mercia as the core areas. "The Alfred Jewel" (Ashmolean Museum) is also an æstel of the same main type, but much more splendid and with an inscription relating it to King Alfred. Mikkelsen argues for a bishop being sent from Wessex and Alfred's court on Ohthere's ship back to Northern Norway as a missionary.

Smith, where a teen uses her gift of foreknowledge to help a lifeguard save a drowning man—only to discover that her actions have suddenly put his life at risk. It was supposed to be an ordinary day at the pool, but when lifeguard Nick hesitates during a save, seventeen-year-old December uses her gift of foreknowledge to rescue the drowning man instead. The action comes at a cost. Not only will Nick and December fall in love, but also, she envisions that his own life is now at risk. The other problem? They're basically strangers. As they grow closer, December's gift starts playing tricks, and Nick's family gets closer to an ugly truth about him. They both must

**City of Devils** Paul French, 2018-07-03 In the 1930s, Shanghai was a haven for outlaws from all over the world: a place where pasts could be forgotten, fascism and communism outrun, names invented, fortunes made--and lost. 'Lucky' Jack Riley was the most notorious of those outlaws. An ex-Navy boxing champion, he escaped from prison in the States, spotted a craze for gambling and rose to become the Slot King of Shanghai. 'Dapper' Joe Farren--a Jewish boy who fled Vienna's ghetto with a dream of dance halls--ruled the nightclubs. His chorus lines rivaled Ziegfeld's. In 1940 they bestrode the Shanghai Badlands like kings, while all around the Solitary Island was poverty, starvation and genocide. They thought they ruled Shanghai; but the city had other ideas. This is the story of their rise to power, their downfall, and the trail of destruction they left in their wake.--Jacket

AMORALMAN Derek DelGaudio, 2022-02-01 Truth and lies are two sides of the same coin. But who's flipping it? A thought-provoking and brilliantly entertaining work of nonfiction from one of the world's leading deceivers, the creator and star of the astonishing theater show and forthcoming film *In & Of Itself*. Derek DelGaudio believed he was a decent, honest man. But when irrefutable evidence to the contrary is found in an old journal, his memories are reawakened and Derek is forced to confront--and try to understand--his role in a significant act of deception from his past. Using his youthful notebook entries as a road map, Derek embarks on a soulful, often funny, sometimes dark journey, retracing the path that led him to a world populated by charlatans, card cheats, and con artists. As stories are peeled away and artifices are revealed, Derek examines the mystery behind his father's vanishing act, the secret he inherited from his mother, the obsession he developed with sleight-of-hand that shaped his future, and the affinity he felt for the professional swindlers who taught him how to deceive others. And once he finds himself working as a crooked dealer in a big-money Hollywood card game, Derek begins to question his own sense of morality, and discovers that even a master of deception can find himself trapped inside an illusion. *A M O R A L M A N* is a wildly engaging exploration of the fictions we live as truths. It is ultimately a book about the lies we tell ourselves and the realities we manufacture in others.

**Storming Las Vegas** John Huddy, 2009-04-28 On September 20, 1998, Jose Vigoa, a child of Fidel Castro's revolution, launched what would be the most audacious and ruthless series of high-profile casino and armored car robberies that Las Vegas had ever seen. In a brazen sixteen-month reign of terror, he and his crew would hit the crème de la crème of Vegas hotels: the MGM, the Desert Inn, the New York--New York, the Mandalay Bay, and the Bellagio. The robberies were well planned and executed, and the police--"the stupids," as Vigoa contemptuously referred to them--were all but helpless to stop them. But Lt. John Alamshaw, the twenty-three-year veteran in charge of robbery detectives, was not giving up so easily. For him, Vigoa's rampage was a personal affront. And he would do whatever it took, even risk his badge, to bring Vigoa down.

Contemporary Sino-Japanese Relations on Screen Griseldis Kirsch, 2015-05-28 Japan and China look back on a history of friendship as well as friction, particularly in recent decades. As the People's Republic of China's economy began to grow in the 1990s, so did its political weight within Asia and its economical relevance for Japan. Covering the years from 1989 to 2005, this book looks at Sino-Japanese relations through film and television drama in the crucial time of China's ascent to an economic superpower in opposition to Japan's own ailing economy. It provides an overview of how

Japan views China through its visual media, offers explanations as to how oppositions between the two countries came to exist, and how and why certain myths about China have been conveyed. Griseldis Kirsch argues that the influence of visual media within society cannot be underestimated, nor should their value be lessened by them being perceived as part of 'popular culture'. Drawing on examples from a crucial 16 years in the history of post-war Japan and China, she explores to what extent these media were influenced by the political discourse of their time. In doing so, she adds another layer to the on-going debate on Sino-Japanese relations, bringing together disciplines such as media studies, history and area studies and thus filling a gap in existing research.

**Monopoly Restored** Jack Lawrence Luzkow, 2018-07-16 This book is a work of contemporary economic history focusing primarily on the US and the UK. It shows that, historically, much of the wealth of the ultra-wealthy has been based on inheritance, tax evasion, political influence, or wage theft. Today, much of the wealth of the rentier class—the super-rich—is based on income from ownership or control of scarce assets, or assets artificially made scarce. As a result, the super-rich reap much of their wealth from patents, monopolies, and subsidies. Their banks retain the right to speculate on risky derivatives, and their credit-card companies are not limited by usury laws that reduce interest rates. The super-rich have lowered (or escaped) inheritance taxes, shifted much of their income to lower taxed capital gains, practiced wage theft, fought minimum wage laws, outsourced jobs, and resorted to temps and contract labor to avoid unions and decent wages. They use tax havens where trillions of dollars remain untaxed, transfer profits of their intellectual and financial property to subsidiaries in low-tax regimes, and defend for-profit health insurance that is unaffordable and inequitable for millions. This book states in qualitative and quantitative terms how expensive the super-rich have become, why they are unsustainable for the rest of us, and what the way forward to greater economic equality may be. In sum, the super-rich are unaffordable.

**Putting People Back in Politics** Edward Schneier, 2018-02-27 Seldom in America has there been a greater outburst of activism than that following the 2016 elections. Many millions have demonstrated, organized, and contributed to the causes of peace, justice, and good government. Most of them are wasting their time. This short book offers a guide to effective political action. While there are few clear rules of political efficacy, there are ways of doing things that manifestly work better than others. What I have tried to do in this short book is to make the sometimes arcane works of scholars and practitioners accessible to a wider audience. As campaigns and elections become increasingly professionalized and money-oriented, real reform is possible when we put ordinary people back in politics. Here is how.

Renowned experts and authors in the field, James Alan Fox, Jack Levin, and Emma Fridel bring their years of research and experience to create distinctions between serial and mass murders, address characteristics of both killers and their victims, and recognize the special concerns around multiple murder victims and their survivors. Students will examine the latest theories of criminal behavior and apply them to mass and serial murderers from around the world, such as the mass shooting at a country music festival in Las Vegas, the Grim Sleeper in Los Angeles, the Pulse nightclub massacre in Orlando, the shooting of nine African Americans by a white supremacist in a Charleston church, and more.
