FinTech in Germany Gregor Dorfleitner,Lars Hornuf,Matthias Schmitt,Martina Weber,2017-03-17 This book focuses on market developments of crowdfunding, crowdfinancing, crowdlending, social trading, robo-advice, personal financial management, online payment and mobile payment in Germany. FinTech companies are an important driver of innovation in the financial industry. By making financial transactions more user-friendly and transparent, these firms potentially contribute to financial stability and economic growth. The authors define and categorize the different market segments that have emerged. They further provide an assessment of current market volumes and make forecasts for the next 5, 10 and 20 years. Particular attention is given to the empirical findings resulting from scholarly research. Furthermore, the authors evaluate how the German FinTech market ranks relative to international standards. This book will appeal to finance and entrepreneurship researchers as well as practitioners from banking and tech industries. "This book offers a fresh and fascinating look at the FinTech market. The authors provide a rigorous economic analysis of the FinTech market in Germany and offer many insights that are of interest to practitioners, academics, and policymakers alike." –Professor Douglas Cumming, Schulich School of Business "Germany is one of the fastest growing FinTech markets in Europe. This book not only provides a comprehensive and systematic overview on the developments and actors, but undertakes a visionary outlook on the forthcoming decades based on scientific methods." –Dr. Thomas Puschmann, Head of Swiss FinTech Innovation Lab

Light Henri Barbusse,2020-04-26 At seven in the evening one hears the clock strike gently, and then the instant tumult of the bell. I close the desk, wipe my pen, and put it down. I take my hat and muffler, after a glance at the mirror-a glance which shows me the regular oval of my face, my glossy hair and fine mustache. (It is obvious that I am rather more than a workman.) I put out the light and descend from my little glass-partitioned office. I cross the boiler-house, myself in the grip of the thronging, echoing peal which has set it free. From among the dark and hurrying crowd, which increases in the corridors and rolls down the stairways like a cloud, some passing voices cry to me, Good-night, Monsieur Simon, or, with less familiarity, Good-night, Monsieur Paulin. I answer here and there, and allow myself to be borne away by everybody else.

Shafts of Light Rob Hicks,2020-01-09 The sun elbowed its way through the clouds. Thin, bright shafts of light shone down, selecting, as if by some divine providence, various significant sites around the district. Today it shone on the little bridge just out of town.A town that is brimming with all sorts of characters from all walks of life - a town where people settle down after searching for a place to call home. Even though not everything is smooth between the characters, each of them has something different to tell us about the complexities of friendships and relationships, all the while invoking a sense of community that comes together at the opening day at the museum.

A Light Between Darkness Darren Ramon,2017-12-06 No one knows what occurs behind closed doors. There are many cries in the dark that no one can hear. Sometimes entire communities ignore what they see or accept outright abuse without lifting a finger. When family members or an entire town refuse to act, they are all guilty of negligence as reminders that abuse can only stop when people who have the ability to act do so. Terrible acts of violence can be prevented when individuals remove their blinders or ear plugs to provide help when needed. Jimmy, was such a victim and it could have been worse had it not been for his mother. She herself had experienced abuse and eventually scummed to a life of compliance. Faced with threats and physical abuse could make anyone fearful to run and hide. What saved Jimmy was more than his wit or character, it was his love of family. Her attempts to protect him when as far as placing him under the care of her parents at the farm for a few months at a time. The fact that he had an uncle, just a few years older than Jimmy, made Jimmy's stay at the farm the core of his humanity. Jimmy was not a perfect child but a kid with a good heart. Both Tommy and Jimmy never expected to hear the story of John the Dom but grandma had to tell itbecause time was running out for Jimmy. She had a way of telling the story that

captivated Jimmy and mentally transported him to a far away place. Like Jimmy, John faced a difficult life, an orphan without parents. There was no one to help guide him but there was a system that was ready to destroy him. Yet, unlike Jimmy, his parents loved him. John was street wise, strong and fearless. He too had a good heart and was ready to forgive offenses. John lived in a world different than Jimmy's but with people who could be just as vicious as in Jimmy's world. Jimmy needed to conquer his fears of the dark, fears of his father, fears of being dislike and fears of the unknown. Grandma provided a light between the darkness of despair in a story she about a boy similar to Jimmy. He only had a short period of time to become a different person before he returned home to face the monster there. Mother wouldn't always be there to protect him but perhaps if the story was right, he could stand up against a tyrant and be the John Dom he could be. The world is very dark and very few lights to lead the way. When we find those lights, treasure them, protect them so that when the time comes we too can be the light between the darkness.
