Roll Red Roll Nancy Schwartzman, 2022-07-12 **A New York Times Book Review Editor's Choice selection** An incisive narrative about a teen rape case that divided a Rust Belt town, exposing the hostile and systemic undercurrents that enable sexual violence, and spotlighting ways to make change. In football-obsessed Steubenville, Ohio, on a summer night in 2012, an incapacitated sixteen-year-old girl was repeatedly assaulted by members of the “Big Red” high school football team. They took turns documenting the crime and sharing on Facebook, Twitter, and YouTube. The victim, Jane Doe, learned the details via social media at a time when teens didn’t yet understand the lasting trail of their digital breadcrumbs. Crime blogger Alexandria Goddard, along with hacker collective Anonymous, exposed the photos, Tweets, and videos, making this the first rape case ever to go viral and catapulting Steubenville onto the national stage. Filmmaker Nancy Schwartzman spent four years embedded in the town, documenting the case and its reverberations. Ten years after the assault, *Roll Red Roll* is the culmination of that research, weaving in new interviews and personal reflections to take readers beyond Steubenville to examine rape culture in everything from sports to teen dynamics. *Roll Red Roll* explores the factors that normalize sexual assault in our communities. Through inter-views with sportswriter David Zirin, victim’s rights attorney Gloria Allred and more, Schwartzman untangles the societal norms in which we too often sacrifice our daughters to protect our sons. With the Steubenville case as a flashpoint that helped spark the #MeToo movement, a decade later, *Roll Red Roll* focuses on the perpetrators and asks, can our society truly change?

Climatology of the United States Alfred Judson Henry,1906 While climatological observations have been steadily accumulating for the last quarter of a century, the general results are inaccessible, not only to the general public but also to the great majority of students and investigators interested in the advancement of scientific agriculture in the United States. The work herewith aims to present in form for ready reference comparative climatic statistics for the different portions of the United States, accompanied by explanatory charts and text. The charts and text figures are necessary to a proper understanding of the text--Letter of transmittal.

Rolling Thunder Scott Stephens,2019-10-14 Scott Stephens received his first set of roller skates at age six in 1966 - and soon he was staging Roller Derby games in his backyard. Growing up in Los Angeles in the 1960s and 1970s, it was impossible not to have heard about Roller Derby and the Los Angeles Thunderbirds, whose games were televised. In fact, many of the T-Birds were just as popular as those on traditional sports teams such as the Dodgers, Lakers, and Rams. When Stephens started training at the new T-Bird Rollerdrome in Pico Rivera, it was mainly because he loved roller skating on a banked track. He had no idea that the Roller Games league was low on skaters. From

1978 to 1981, from his seat on the infield of the track and on the track itself, Stephens was part of everything the games had to offer, including its underground scene of shadowy characters and venues, adrenalin seekers, and alternative lifestyles. He loved it! Trace the history of Roller Derby and Los Angeles' flagship team, the T-Birds, with this brilliant account highlighting the sport's booms and busts.
