**Gladiators** M.C. Bishop, 2017-09-19 A concise history of ancient Roman gladiators—how they lived, fought, and died in the Colosseum—by the archeologist, author, and Roman military expert. Heroic despite their lowly status, the gladiators of ancient Rome fought vicious duels in large arenas filled with baying crowds. Few lasted more than a dozen fights, yet they were a valuable asset to their owners. *Gladiators* reveals the fascinating history of these men, how they fought, and how their weapons and techniques developed—debunking myths along the way. Historian M. C. Bishop examines the different forms of gladiator combat, including simulated naval battles held on large artificial lakes. He also discusses how gladiators were carefully paired against each other to balance their strengths and weaknesses. Although their lives were brutal and short, gladiators were the celebrities of their day, admired for their bravery. This short history reveals what we know about the gladiators and how we know it: ancient remains, contemporary literature, graffiti, modern attempts to reconstruct ancient fighting techniques, and the astonishing discovery at Pompeii where a complete gladiator barracks was found alongside multiple skeletons, telling their story.

*Rome Travel Guide* Angela Pierce, 2015-08-28 Rome may not be built in a day, however one can unquestionably fall in love with the beauty of the city in a single day. The magnificence, glory, history, architecture will make the beholder travel through time and live in the era of greatness. The echoes of Roman Empire can still be heard in the city premises; the clash of swords, arguments of senators, battle cries, political barges, artistic pleasures, philosophic tendencies, strife for inventions, etc. makes Rome the microcosmic predecessor of the modern world.

*When in Rome* Matthew Sturgis, 2011-06-06 This “dashing chronicle” reveals what tourists have been visiting in Rome, from the era of the Roman Republic to contemporary times (The Independent). There is no place like Rome. Throughout its long, long history, its many changes in form and fortune, Rome has always been a tourist centre. In every age—Classical, Christian, Medieval, Renaissance, Baroque, Neoclassical, Romantic, Modern—people have flocked to see its wonders. This is the story of what Rome's visitors have looked at over the past two thousand years, the buildings, the statues, the paintings, the artifacts that have most impressed each generation of travellers from the time of the Roman Republic in the second century BC up to the present age of mass tourism. It is the history both of how Rome has changed with the centuries and how the taste of those who have visited the city has changed with it.

**A Guide to Rome: Five Walking Tours** P S Quick, 2016-03-07 This fantastic book gives readers an opportunity to visit and enjoy not only the major attractions that a guided tour usually includes, but also many other interesting sights that are not as commonly featured. By providing five different walking routes and detailed information about each attraction passed, the book allows the reader to choose how much time to spend at a particular place, rather than rushing to keep up with a guide. With detailed instructions of how to get from one place to another, including the nearest metro stations for the beginning and end of each walking tour, this excellent guide gives the reader a flavour of the many attractions Rome has to offer without having to join costly tours.

**Time Out Rome** Editors of Time Out, 2013-04-22 History in Rome is not confined to museums, basilicas and galleries: it tumbles out everywhere. And though the city is reassuringly compact, this doesn't stop the cultural onslaught from being utterly bewildering and exhausting. It is best to approach the city knowing you will not see everything. It is also important not to shut oneself up inside all day looking at collections and sites or you will miss all that the outdoor scene has to offer. Time Out Rome helps you navigate through the cobblestone streets, so that you can eat, drink and shop like the natives. Suggested side trips out of town are also explored.
