Legendary Locals of Rome Rome Area History Museum, 2014-12-01 In 1834, three men chanced to meet at a spring near where the Oostanaula and Etowah converge to form the Coosa River. Looking at the freshwater spring surrounded by healthy hardwood, they mused that this would make a good place for a community. They got together with two other landowners in the area and decided to start a town. And, of course, they wanted a name for it. Following the democratic process still honored by citizens today, they each chose their favorite names, such as Pittsburg, Warsaw, and Hillsboro. The name drawn was Rome. If the last name had been drawn, which was Hamburg, the town would be full of "Hamburgers" instead of the Romans that reside there today.

The Segregated Georgia School for the Deaf Ron Knorr, Clemmie Whatley, 2015-07-24 In the years following the American Civil War, few educational opportunities were provided to newly-freed black citizens. The situation was compounded for black deaf children in the American South. Efforts to educate these children were delayed and deferred in most southern states. Even as the need for this education became obvious, southern legislatures frequently denied or deferred any real educational opportunities for black deaf children. In *The Segregated Georgia School for the Deaf*, Ron Knorr and Clemmie Whatley tell the story of one such institution designed to educate Georgia's black deaf children. Beginning with early efforts during Reconstruction, Knorr and Whatley trace the often tumultuous and neglectful history of the education for these students from the time of the Jim Crow South through efforts during the Progressive Era to improve the plight of these children. This history of the segregated school continues through two world wars and the struggle for civil rights, ending with the ultimate desegregation of the school. Rich with contemporary stories, firsthand

accounts and interviews, and photographs and illustrations of its history, *The Segregated Georgia School for the Deaf* is a compelling story of heroic efforts to improve the lot of these students along with the often shameful neglect of Georgia's most vulnerable children.

The Ethical Architect Tom Spector, 2012-04-17 Many believe that the moral mission of architecture has been in serious decline for the last 25 years. In this important new book, Tom Spector points out the dilemmas of architectural practice and offers a theoretical and practical basis for an examination and transformation of the quandaries the profession now faces. What makes a good building or a good architect? Are there limits to an architect's ethical or legal responsibilities in a building process where architecture plays an increasingly smaller role? Is preservation a moral imperative? What happens when building codes and ethical responsibilities are in conflict? In *The Ethical Architect*, Spector investigates the moral underpinnings and implications of leading architectural theories, subjecting them to the analytical techniques of moral philosophy. His conclusions provide a road map to help architects make the right decision in the difficult tradeoffs that confront designers on a daily basis: Spector estimates that more than 100,000 decisions go into the design of an average sized building. *The Ethical Architect* is a work of theory but refers to real buildings and real-world problems. It is Spector's call-to-arms for his profession and a must-read for practicing architects and students alike.

The Politics of Whiteness Michelle Brattain, 2021-09-14 *The Politics of Whiteness* presents the first sustained analysis of white racial identity among workers in what was the South's largest industry--the textile industry--for much of the twentieth century. Grounding her work in a study of Rome, Georgia, and surrounding Floyd County from the Great Depression to the 1970s, Michelle Brattain paints a richly textured local portrait of how the varied social benefits of whiteness shaped the experience of textile millhands and, as a result, Southern politics. In doing so, she challenges traditional views of Southern politics as dominated by elites and marked by passivity among Southern workers. Brattain uncovers considerable white working-class political influence and activism for decades starting in the 1930s--which, by re-creating and defending Southern institutions grounded in the idea of racial difference, helped pave the way for resistance to the civil rights movement. Structured chronologically, this book revises the current understanding, in the Southern working-class context, of paternalism, the New Deal, the 1934 General Textile Strike, the Second World War, and the Fair Employment Practices Commission. It addresses the vast influence of Eugene Talmadge and his son in twentieth-century Georgia politics, and the emergence of Republican influence in the South. Finally there came the moment when formerly explicit defenses of white supremacy were transformed into an intangible, but still powerful, politics of whiteness. *The Politics of Whiteness* will interest anyone concerned with the history of American politics, the labor movement, or race in America.

The Other Side of Air Jeanne Braselton, 2008-12-10 From Jeanne Braselton, author of the critically acclaimed *A False Sense of Well Being* comes an irresistible new novel about the power of enduring love, poignantly told by an unforgettable narrator who's watching from her place on "the other side of air." Katy Doyal has loved her husband, Ephraim, since their very first meeting in Rome, Georgia, when she was eight years old. Now, realizing that her time on earth is slipping away, Katy is determined to leave behind an orderly life and enlists the help of a stranger--a middle-aged, robust, wild-haired woman named Rose--to become a caretaker to her

dear, dotty curmudgeon. After Katy passes, Ephraim is surprised to notice that his grief is easier to bear thanks to the arrival of this outsider. Even Katy, observing the events from the great beyond, is pleased. If only Katy and Ephraim's only child, Wyatt, could be so accepting. After moving to California to start his own life, Wyatt is still unable to escape his feelings of insecurity and exclusion from his parent's ironclad union—a neediness that endangers his own marriage, and threatens to overshadow his mother's death and upstage his father's mourning. But Rose isn't about to let anything distract her from her sacred mission. And Katy—watching her family embracing life and love again—knows she needs to let go before she can earn “her wings.”

Tribune of Rome Robert Fabbri, 2014-04-01 One man, born in rural obscurity, destined to become one of Rome's greatest Emperors 26 AD: 16-year-old Vespasian leaves his family farm for Rome, his sights set on finding a patron and following his brother into the army, but he discovers a city in turmoil and an Empire on the brink. The aging emperor Tiberius is in seclusion on Capri, leaving Rome in the iron grip of Sejanus, commander of the Praetorian Guard. Sejanus is ruler of the Empire in all but name, but many fear that isn't enough for him. Sejanus' spies are everywhere—careless words at a dinner party can be as dangerous as a barbarian arrow. Vespasian is totally out of his depth, making dangerous enemies (and even more dangerous friends—like the young Caligula) and soon finds himself ensnared in a conspiracy against Tiberius. With the situation in Rome deteriorating, Vespasian flees the city to take up a position as tribune in an unfashionable legion on the Balkan frontier. Even here, rebellion is in the air and unblooded and inexperienced, Vespasian must lead his men in savage battle with hostile mountain tribes. Vespasian will soon realize that he can't escape Roman politics any more than he can escape his destiny.

Staging the People Elizabeth A. Osborne, 2011-06-20 The Federal Theatre Project, a New Deal plan to fund theatre and other live artistic performances during the Great Depression, had the primary goal of employing out-of-work artists, writers, and directors, with the secondary aim of entertaining poor families and creating relevant art. These case studies explore the ties between the Federal Theatre Project and regional communities throughout the United States.

An Evil Day in Georgia Robert Neil Smith, 2015-04-15 Follows a homicide case committed in Georgia in 1927 from the crime to the executions of those convicted of the crime almost a year later. Along the way, the narrative highlights a number of issues impacting the death penalty process, many of which are still relevant in the modern era of capital punishment in the United States ... Moreover, the case in question illustrates a range of themes prevalent in post-Progressive Georgia and brings them together to create a broader narrative. Thus, issues of race, class, and gender emerge from what was supposed to be a neutral process; ... demonstrates that capital punishment cannot be administered in an untainted fashion, but its finality demands that it must be--From Athenaeum@UGA website.

The Corpsewood Manor Murders in North Georgia Amy Petulla,2016-08-08 The notorious true crime story of a sex party that ended in double murder in the woods of Chattanooga County, Georgia. On December 12th, 1982, Tony West and Avery Brock made a visit to Corpsewood Manor under the pretense of a celebration. Then they brutally murdered their hosts. Dr. Charles Scudder had been a professor of pharmacology at Chicago's Loyola University before he and his boyfriend Joey Odom moved to Georgia and built their own home in the Chattahoochee National Forest. Scudder had absconded with twelve thousand doses of LSD and had a very particular vision for their "castle in the woods." It included a "pleasure chamber," and rumors of Satanism swirled around the two men. Scudder even claimed to have summoned a demon to protect the estate. But when Scudder and Odom welcomed West and Brock into their strange abode, they had no idea the men were armed and dangerous. When the evening of kinky fun turned to a scene of gruesome slaughter, the murders set the stage for a sensational trial that engulfed the sleepy Southern town of Trion in shocking revelations and lurid speculations.
