The Pursuit of Art: Travels, Encounters and Revelations Martin Gayford,2019-10-29 One of our leading art critics and writers, Martin Gayford, recounts his travels and meetings with the world's greatest artists. In the course of a career thinking and writing about art, critic Martin Gayford has traveled all over the world both to see works of art and to meet artists. Gayford's journeys, often to fairly inaccessible places, involve frustrations and complications, but also serendipitous encounters and outcomes, which he makes as much a part of the story as the final destination. In chapters that are by turns humorous, intriguing, and stimulating, Gayford takes us to places as varied as Brancusi's Endless Column in Romania; prehistoric caves in France; the museum island of Naoshima in Japan; the Judd Foundation in Marfa, Texas; and an exhibition of Roni Horn's work in Iceland. Interwoven with these tales are journeys to meet artists—Henri Cartier-Bresson in Paris, Marina Abramovic´ in Venice, Robert Rauschenberg in New York—and travels with artists, such as a trip to Beijing with Gilbert & George. These encounters not only provide fascinating insights into the way artists approach and think about their art, but reveal the importance of their personal environments. A perceptive, amusing, and knowledgeable companion, in The Pursuit of Art Gayford takes readers on a tour of art that is immensely entertaining, informative, and eminently readable.

A Doll's House Henrik Ibsen,2023-08-31 A Doll's House by Henrik Ibsen is a three-act play written by Norwegian playwright Henrik Ibsen. It premiered at the Royal Theatre in Copenhagen, Denmark, on 21 December 1879, having been published earlier that month. The play is set in a Norwegian town circa 1879. The play concerns the fate of a married woman, who at the time in Norway lacked reasonable opportunities for self-fulfillment in a male-dominated world, despite the fact that Ibsen denied it was his intent to write a feminist play. It was a great sensation at the time, and caused a storm of outraged controversy that went beyond the theatre to the world of newspapers and society. Synopsis: The play opens at Christmas time as Nora Helmer enters her home carrying many packages. Nora's husband Torvald is working in his study when she arrives. He playfully rebukes her for spending so much money on Christmas gifts, calling her his little squirrel. He teases her about how the previous year she had spent weeks making gifts and ornaments by hand because money was scarce. This year Torvald is due a promotion at the bank where he works, so Nora feels that they can let themselves go a little. The maid announces two visitors: Mrs. Kristine Linde, an old friend of Nora's, who has come seeking employment; and Dr. Rank, a close friend of the family, who is let into the study. Kristine has had a difficult few years, ever since her husband died leaving her with no money or children. Nora says that things have not been easy for them either: Torvald became sick, and they had to travel to Italy so he could recover. Kristine explains that when her mother was ill she had to take care of her brothers, but now that they are grown she feels her life is unspeakably empty. Nora promises to talk to Torvald about finding her a job. Kristine gently tells Nora that she is like a child. Nora is offended, so she tells her that she got money from some admirer so they could travel to Italy to improve Torvald's health. She told Torvald that her father gave her the money, but in fact she illegally borrowed it without his knowledge (women were forbidden from conducting financial activities such as signing checks without a man's endorsement). Since then, she has been secretly working and saving up to pay off the loan. Krogstad, a lower-level employee at Torvald's bank, arrives and goes into the study. Nora is clearly uneasy when she sees him. Dr. Rank leaves the study and mentions that he feels wretched, though like everyone he wants to go on living. In contrast to his physical illness, he says that the man in the study, Krogstad, is morally diseased.

La Seduction Elaine Sciolino,2011-06-07 The hidden truth about the French way of life: it's all about seduction—its rules, its pleasures, its secrets France is a seductive country, seductive in its elegance, its beauty, its sensual pleasures, and its joie de vivre. But Elaine Sciolino, the longtime Paris bureau chief of The New York Times, has discovered that seduction is much more than a game to the French: it is the key to understanding France. Seduction plays a crucial role in how the French relate to one another—not just in romantic relationships but also in how they conduct business, enjoy food and drink, define style, engage in intellectual debate, elect politicians, and project power around the world. While sexual repartee and conquest remain at the heart of seduction, for the French seduction has become a philosophy of life, even an ideology, that can confuse outsiders. In *La Seduction*, Sciolino gives us an inside view of how seduction works in all areas, analyzing its limits as well as its power. She demystifies the French way of life in an entertaining and personal narrative that carries us from the neighborhood shops of Paris to the halls of government, from the gardens of Versailles to the agricultural heartland. *La Seduction* will charm you and encourage you to lower your defenses about the French. Pull up a chair and let Elaine Sciolino seduce you.

The Girls of Slender Means (New Directions Classic) Muriel Spark,1998-04-17 Long ago in 1945 all the nice people in England were poor, allowing for exceptions, begins *The Girls of Slender Means*, Dame Muriel Spark's tragic and rapier-witted portrait of a London ladies' hostel just emerging from the shadow of World War II. Like the May of Teck Club itself—three times window shattered since 1940 but never directly hit—its lady inhabitants do their best to act as if the world were back to normal: practicing elocution, and jostling over suitors and a single Schiaparelli gown. The novel's harrowing ending reveals that the girls' giddy literary and amorous peregrinations are hiding some tragically painful war wounds. Chosen by Anthony Burgess as one of the Best Modern Novels in the Sunday Times of London, *The Girls of Slender Means* is a taut and eerily perfect novel by an author The New York Times has called one of this century's finest creators of comic-metaphysical entertainment.

Imperial Leather Anne McClintock,2013-10-01 Imperial Leather chronicles the dangerous liaisons between gender, race and class that shaped British imperialism and its bloody dismantling. Spanning the century between Victorian Britain and the current struggle for power in South Africa, the book takes up the complex relationships between race and sexuality, fetishism and money, gender and violence, domesticity and the imperial market, and the gendering of nationalism within the zones of imperial and anti-imperial power.
